

TOWN BULLIED INTO SILENCE BY KLANSMEN

New York, Nov. 28.—The activity of the Ku Klux Klan in Louisiana apparently has come to a head in that state through the murder of Watt Daniel, world war veteran and university graduate, and T. F. Richards, a mechanic, of Mer Rouge, Moorehouse parish.

The men have been missing since August 29 last, when they were kidnaped along with three others who were released. The kidnaping was done by about 35 armed and masked men who suspected Daniel and Richards of having fired upon an official of the Klan. They promised them that they "would never see their friends or relatives again," and so far this has been true.

In Hands of Burns.
Investigations were started and a reward offered. A grand jury considered the case without result and the governor used every power in his disposal to apprehend the kidnapers.

Friends of Daniel wrote to Washington and William J. Burns, director of the bureau of investigation of the department of justice, promised to give it "immediate and thorough attention." So far the entire investigation has, in the words of Sheriff Carpenter of Bastrop, ended "against a stone wall."

Town Fears Klan.
The reasons, according to friends of the kidnaped and probably murdered men is that Mer Rouge, a little town of 800 inhabitants, fears the power of the Klan. Those who know anything prefer to remain silent and investigation of either local or outside officials meets with no cooperation.

It is true the Klan members in Mer Rouge resigned after the outrage, but if they have any knowledge of the affair they keep it to themselves although it is virtually certain the kidnapers were Klansmen from another town and probably another state.

ROBERTSON ALLOWED TO WITHDRAW MOTION

Ada, Okla., Nov. 28.—(By Associated Press.)—Special District Judge Thomas Edwards, Monday, allowed the defense in the case against Governor J. B. A. Robertson to withdraw without prejudice a motion to quash the indictment against him, thus leaving the way open for future similar action should it be found necessary. The defense then offered a general demurrer to the indictment which set forth five grounds, numerous substitute grounds on which they claimed the case should be dismissed.

Roger Conté of France led Edouard Horemans of Belgium by a score of 600 to 495 in the first blocks of an 18.2 balkline billiard match which is virtually for the championship of Europe.

Only Gas!

Pain Around Heart and Palpitation Often Due to Gas Pressure

Heart trouble is seldom accompanied by pain. Those sharp, knife-like pains felt in the region of the heart, after eating, usually result from gas in the stomach pressing against the heart and interfering with its action. Neglect of this condition may lead to more serious trouble, hence you should lose no time in getting rid of the cause of gas.

Baalmann's Gas Tablets are wonderful for the relief and prevention of gas. They act upon the stomach nerves and glands, promoting digestion and helping to correct the weakness responsible for the trouble.

You can obtain the genuine Baalmann's Gas Tablets, in the yellow package, from Dan'l J. Fry and other leading druggists. Price, one dollar. J. Baalmann, Chemist, San Francisco. (adv)

SEAT SALE FOR KOLB, DILL BIG

Seats are selling rapidly for the engagement of Kolb and Dill, who come to the Grand theater tonight. This year these popular comedians are presenting the latest comedy of Aaron Hoffman entitled "Now and Then," being the story of rapid-fire events which happen immediately following the date the Volstead law became operative.

As a pair of saloon keepers one of whom the 18th amendment forces into lawless though prosperous bootlegging, while the other goes bankrupt under the banner of prohibition, Kolb and Dill have found two most congenial roles.

Hoffman has liberally sprinkled "Now and Then" with brilliant lines and ludicrous situations. In the opinion of several dramatic reviewers, "Now and Then" is
