The banquet, which members of the story telling section of the Salem Arts League was to give this evening has been postponed to a later date, which will be announced shortly, and in accordance only the regular session of the section will take place to-night, when members gather in the educational room of the public library. Beginning her season's activities under the most auspicious circumstances, Mrs. O. B. Gingrich, whose dramatization of Indian songs has brought her into more than local notice, plans to fill professional engagements in various valley towns in the very near future. On these occasions she will appear under the auspices of clubs and various civic organizations.

Appearing several times in Portland last week, her final numbers were given before the Shriner's of that city Saturday night. Here, as well as at additional affairs, she scored distinctly with her work.

Mrs. Gingrich, who has been featured on numerous local programs, is the only white woman to take up the work of dramatizing Indian songs, and in her repertoire are to be found nearly one hundred compositions, representing the best talent of every writer of this particular sort of music. Her work is always given in costume, and because of its excellence and unique nature is ever a distinct success on whatever program it is featured. It is of most interest to those who learn for the fact for the first time, that Mrs. Gingrich's interpretations are all original.

Members of the Salem O. A. C. club are happily anticipating the Christmas holiday season, which they have selected for the time of their annual dance, the local club and the club from the village to join in giving the affair. It is expected that the event will be one of the most largely attended of the many that will be given during the week between Christmas and New Years.

Miss Genevieve Gilbert, dramatic soprano of Portland, who frequently has been spoken of as "The Oregon Rose," and who is to appear on the program of old fashioned songs, which is to be given at the armory Thursday night, will be entertained during her stay as the guest of Mr. and Mrs. W. B. Chance.

Mrs. John H. McNary will be at home to members of the Bridge-Luncheon club when it meets in regular session Thursday afternoon.

FARMERS ARE BUYING IMPLEMENTS, REPORT

More agricultural implements are being sold this fall and winter than for many a year, according to local dealers. And farmers are receiving more this winter than last year at this time for their grain, they say.

Another instance of improved farming methods seen in the number of manure spreaders that are being sold. It is in the sale of manure spreaders that increases the fertility of the soil that leads dealers to believe that farming methods are being greatly improved in this part of the valley.

There is a much larger fall grain acreage being put in this year than a year ago.
