

### SCHOOLS ASKED TO HELP BOOST BIG CORN SHOW

In order that the coming Marion-Polk county corn show may receive attention through the schools, Paul Carpenter, Polk county agent, who is assisting in putting on the display, has written a letter to school teachers.

The letter in part is as follows: "The object of this event is to promote the growth of better corn in the two counties and to increase the acreage. One of the outstanding needs of our soil is the production of more crops that must be cultivated during the summer season. Corn fills this need, making profitable returns in addition.

"Will you be so kind as to call the attention of the older pupils in the school patrons to this display. A very attractive offering is made for a community display and it is probable that your people will be interested in competing.

"Your cooperation in putting forward this show will not only be met by the appreciation of the committee in charge, but you will be rendering a real service to your district."

In giving a few pointers in the selection of corn for display, Mr. Carpenter offers the following suggestions:

Corn must be ripe to be a successful crop. The ear takes on its growth during the last few days of the growing season. Williams-ette valley corn should be hard by September 15.

The shape of an ear of corn should be like a pitchfork handle.

As to size, it is not always the largest ear that is best. Ears of about eight to ten ounces are what we should aim for.

The cob should be small every time. The profitable corn is from ears that have small cobs and deep kernels.

Rows should be straight, as that means more grain to the ear. There should be no open channels between rows.

As to kernels, the deeper the better, and straight on the sides. With Dent varieties, there should be a well defined dent in every kernel.

The butt and tip should be filled, with tip rounded and covered with kernels. Grain should be crowded right to the shank of the butt.

The color should be uniform. Color is a good indication of the purity of the variety.

The Marion-Polk county corn show will be held in the Salem chamber of commerce rooms three days, beginning December 14. Cash prizes amounting to \$150 will be awarded.

### AUBURN PEOPLE ASK FOR ELECTRIC LIGHTS

A number of residents living on the Auburn hall road, have just made arrangements with the Portland Railway, Light & Power company for the extension of electric service into their homes. These include J. A. Poole, Murray J. Johnson, Homer D. Tarpole, Carl Swanson, W. H. Hayes, I. W. McElfresh and H. Wade Leonard.

To reach these homes, the electric service will be extended about three quarters of a mile east from Auburn hall, and work will begin at once.

It is understood that a number of residents living north of Auburn hall are considering the proposition of securing electric light service.

### CHURCH PLANS NEW BUILDING

Members of the Court Street Christian church are planning on the erection of a \$30,000 church within a year or so. At the last meeting of the forward movement held Sunday evening, \$8,000 was subscribed and it is the opinion of members of the church that when the proposition of building is brought before all members, sufficient funds will be subscribed to justify making plans for the new church.

At present the membership of the church is about 400. Last Sunday the attendance at Sunday school was 312. With the many additions to membership during the recent services, and the general growth of the church, it is felt that large quarters will soon be necessary. The new church will be erected on the corner lot at Court and Seventeenth street, now owned by the church.

### HARDING FAILS TO SEND MESSAGE

Washington, Dec. 6.—President Harding has broken a precedent by permitting the second day of the new session of congress to pass without delivering his annual message reporting on the "state of the Union" and outlining the administration's recommendations for legislation.

It was said at the White House that no date had been fixed for the president's appearance before the senate and house, but that he expected to complete his message in time to deliver it before the end of the week.

### ARMORY BOOZE PARTIES AT WOODBURN PROBED

Woodburn, Or., Dec. 6.—There was a little excitement in this city yesterday when it was learned that three attaches from the adjutant general's office was here and investigating the rumor that there was considerable drinking in one of the rooms at the armory Thanksgiving night. A number of parties were interviewed. It is also understood that a dry squad was here a few days ago searching places for booze in the vicinity and in the town. Considerable bootlegging has been going on here and an effort is being made to stamp it out.

**Teachers to Meet.**  
Dallas, Or., Dec. 6.—The next regular teachers' examination in Polk county will be held in the circuit court room of the Polk county court house in Dallas on December 20, 21, 22 and 23. Superintendent of Schools Josiah Willis has arranged a program and anticipates that a large number will take the examination.

### STUDEBAKER COMMON RETURNS 25 PER CENT

New York, Dec. 6.—The Studebaker corporation automobile manufacturers have declared a common stock dividend of 25 per cent on common stock.

A statement said that it was voted to capitalize \$15,000,000 of net earnings which have been permanently invested in plants, equipments, etc., to provide for future growth. The stock will be given to share holders of the present \$60,000,000 capitalization at the rate of one share for every four.

### FALLS CITY STUDENTS ORGANIZE SOCIETIES

Dallas, Or., Dec. 6.—Two new societies have been organized in the high school at Falls City and at present are carrying on activities as the "a" and "b" societies, intending to continue under these names until ones more appropriate have been thought out.

Two basketball games have already been played between the two societies. The "b's" were victorious in both the boys and girls games. There developed a great deal of friendly rivalry between the supporters of both societies in the form of serpentine and yelling.

The "b" society is making preparations for the giving of an appropriate Christmas program. Falls City has just reason to be proud of the fact that her boys have started the basketball season with winning the first game with the high school team at Airille. The girls' team lost by a score of 6 to 9 in Airille's favor.

### OFFICER HAD TO QUIT HIS FORMER JOB

"Tanlac made me feel like a new man in every way, and I am ready to tell everybody about it," declared C. L. Brain, 2901 Grace St., Spokane, Wash., well known member of the police force.  
"Stomach trouble caused me no end of suffering for five years and I fell off from a hundred and eighty to a hundred and fifty-six. I had appetite enough, but what I ate did me no good. Gas would form on my stomach and a cold sweat would come on me. I would get dizzy and my heart would flutter so I thought I had heart trouble. I lost all my strength and had to give up my work as a machinist and blacksmith and find a lighter job.  
"But three bottles of Tanlac set me on the right road and I soon got back in fine shape. My weight went up again, my stomach came back, and now I always feel fine and ready for work. Tanlac certainly pulled me out of a bad hole, and I am thankful."  
Tanlac is sold by all good druggists. (adv.)

**A Summer — Clime for your Winter Outing that's — California**

### HIGH SCHOOL TO STAGE COMEDY

"Three Live Ghosts," a three-act comedy-drama after the war story, is to be presented by the associated student body of Salem high school on Friday, December 15, in the high school auditorium at 8 o'clock.

Regular rehearsals are going on under the direction of Miss F. Bollen. The setting of the story is in England with the plot centered about an ex-soldier who was reported as killed in action but who is alive and living under an assumed name. The complications developing from this situation form the basis of the play. There is a decided comical feature in the story and at the same time a sombre note which carried throughout that is strongly portrayed. The characters are:  
Mrs. Gubbins, Lucile Pettyjohn; William Foster, Charles Anderson; Jimmy Gubbins, Burton Randall; Spooly, Lewis West; Rose, Alice Roth; Peggy Woofers, Frances Rhodes; Brigge, Harold Mero; Benson, Arley Anderson; Boulton, Clifford Goode; policeman, Charles Coffey.

### BUTLER NOMINATION RETURNED BY HARDING

Washington, Dec. 6.—The nomination of Pierce Butler of Minnesota to be an associate justice of the supreme court, which failed of confirmation at the special session of congress was returned to the senate Tuesday by President Harding.

Liverpool, Dec. 6.—(By Associated Press)—The local police today seized quantities of rifles, ammunition and explosives discovered on ships sailing for southern Ireland.

### XMAS TURKEYS MAY BE CHEAPER

Dealers in produce are of the opinion that the Christmas turkey will not cost quite so much as the one bought for the Thanksgiving celebration.

This is due to the fact that the great markets of Portland and San Francisco carried a heavy overload of turkeys which will be held in cold storage for the holiday markets.

Dealers in Salem say that locally, the market was fairly well sold, but that market conditions here are controlled entirely by the Portland market. Hence the feeling that the turkey market is in for a decline.

### Skin Ablaze with Eczema

Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digesting torture and its soul-tearing, unrelenting itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-plants of nature! S. S. S. builds them by the million! It has been doing it since 1892! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together—then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes: "My little girl had a very bad case of eczema. She began taking S. S. S. and it well now. I thank you very much. I tell my friends about a good medicine. I do. I cannot talk too much about it, for I know it is O. K."
