Reader Takes Newer Form of Iron—Feels Years Younger

'Six weeks ago I saw a special offer in the paper telling how thousands of people grow old in looks and energy long before they are really old in years, because, as examinations by physicians have shown, an enormous number of people do not have enough iron in their blood. I have been taking this newer form of iron, called Nuxated Iron for two weeks; the results are simply astounding. The roses have come back in my lips and cheeks and I can conscientiously say that I feel and look

scientiously say that I feel and look ten years younger."
The above is a typical hypothetical case showing the results that have been achieved by people all over the country since we started this great trial offer. You can now try a full-sized bottle of Nuxated Iron containing two weeks treatment at our expense. Cut out the treatment at our expense. Cut out the trial coupon and go to any druggist and get your first package of Nuxated Iron. Look in the mirror and note carefully the color of your lips and checks. See how long you can work and how far you can walk without becoming tired. Next take two five grain tablets after meals, three times daily for two weeks, then see if your-do not feel and look years younger.

Trial Coupon

Fill in this coupon with your name and address and take it to any druggist in your city. Deposit with him the price of one regular full-size bottle of Nuxated Iron. city. Deposit whit am
regular full size bottle of Nuxated Iren.
This is not a payment, but a deposit only.
If you are not more than delighted with
the results obtained by two weeks' use of
Nuxated Iron, simply return the outside
wrapper to your own draugist who will,
promptly refund your money. We will repay the drugsist the full amount he refunda
upon receipt of the cuppen and wrapper.

Universal Cast Range

All the Old Difficulty Gone-no more blacking and rubbing. Women may simply now wash their stoves just like they do their porcelain tables. Not even the top of UNIVERSAL Porcelain Ranges need blackening.

A Few Years From Now, we believe that there will be a very few ranges sold which are not porcelain. No one who uses a Porcelain Range will lever go back to the old black stove.

Are famous for their quality

"UNIVIT" Porcelain is made only in the immense Universal Stove Plant and is used exclusively in Universal stoves. Experience has so perfected UNIVIT

Porcelain that it will not chip, crack, peel or discolor from heat. It is ideal for stoves and will stand more abuse than any other stove finish knownwill last a life-time.

Universal Pipeless Furnace

The Universal Pipeless furnace is a complete heating system sold as a single unit, and at a single price—no extras. It derives its name "Pipoless" from the fact that there are no overhead pipes to convey the heat Hillerent rooms, Instead. It has a single register above the furnace which provides both the outlet for warm air and in-

take for cold air. The theory of using long pipes to convey the heat to different parts of the building has proven unnecessary. According to natural law—heat travels upward and the Universal Pipeless is built to conform with the law of

Where long pipes are used (an expensive method the law of nature has been violated and the result will be a terrific loss of heat in the basement where it is not needed. When a pipeless furnace is installed a cool base-ment is always assured, due to the fact that the entire furnace is surrounded by a cold

25% to 50% Saving on Fuel alone.

It is estimated that a saving of fuel of from 25% to 50% can be accomplished with a Universal Pipeless over other systems. This is because of the scientific construction of the furnace—built according to the law of nature. Perfect combustion and perfect circulation does the trick.

The Universal Pipeless furnace meets every requirement of Health, Comfort, and Economy, and are the fruits of over 40 years of Quality Specialization. The Universal of Quality Specialization. The Universal humidifies as well as ventilates while it heats, furnishes the air with an adequate supply of moisture. That is why this furnace promotes health as well as comfort. Study the Illustration! The sectional view shows why the Universal Pipeless is best.

Universal Pipeless Furnace Three Essentials of Supremacy

Construction includes patterns, materials used and finishing. Without either of these qualities a perfect construction would be impossible. Our pat-terns are produced by the greatest expert in this country, who has spent a life time in the study of heat circulation. Only new iron is used in the building of Universal furnaces and the finishing is accomplished by the highest grade of mechanics it is possible for us to procure. Any part of a Universay found defective will be cheerfully replaced.

Combustion is controlled by the type of heater and character of chimney to which it is connected. Without berfect combustion a loss of fuel will result. Universal furnaces are scientifically constructed and equipped with our Patented Shell Bar Grate. When the furnace is connected to a suitable chimney flue perfect combustion is guaranteed and a saving of fuel will be the vestit and a saving of fuel will be the vestit and a saving of fuel will be the vestit and a saving of fuel will be the vestit and a saving of fuel will be the vestit and a saving of fuel will be the vestit and saving of fuel will be the vestit and saving of fuel will be the vestit and saving of saving of the saving of t will be the result. Ask any Universal dealer to explain to you the merits of the Shell Bar Grate used only on the Universal.

Circulation is the chief factor with the Universal pipeless furnace and the one great item which furnishes the comfort in the home. Immediately after starting a fire in the Universal, air from all parts of the home starts in motion. It is drawn through the register past the hot cast-ings and returned tot he rooms above. The air chambers through which the air passes must be properly proportioned in order to insure perfect circulation and preserve the life of the heater. The dimensions of these chambers in a Universal pipeless are the re-sult of many years study and most careful tests.

Fits Any Basement

FREE-Set Rogers Silverware during this demonstration only. With every Universal Range we will include without charge this beautiful 36-piece set of Rogers Hampden design guaranteed silverware. This set of Silverware carries an unlimited guarantee from the maker, Wm. Rogers & Sons. Don't Miss this opportunity.
