

DIPHTHERIA CASES IN CITY, CASHATT SAYS

MARTIAL LAW RULES POLAND

Warsaw, Dec. 18.—(By Associated Press)—Martial law became effective in Warsaw today by proclamation of the cabinet.

Captain Niewadomski, the crazed artist who assassinated President Narutowicz Saturday has been held for trial by court martial.

At his preliminary examination he declared he had acted on his own initiative in shooting the president and that he had no accomplices.

The declaration of martial law has added to the sense of security felt by the people who, with General Joseph Pilsudski established as chief of staff of the army and General Sikorski as premier, await the convening of parliament on Wednesday for the election of a new premier. One of the first acts of Sikorski in taking over the premiership, was to order the arrest of several of the former soldiers of General Haller, whose influence in the army has been capitalized by the nationalists in their opposition to General Pilsudski. Many other persons also are in custody. Among those detained is Colonel Modelski, once adjutant to General Haller.

GRANGE FAVORS TAX LEGISLATION

The Salem grange at a meeting here Saturday went on record favoring the enactment of a graduated income tax law and indorsement of the so called property tax.

The grange also favored amending the constitution of the state so as to permit initiative measures to be referred to the voters upon obtaining the signatures of 8 per cent of the registered electors and referendum measures carrying signatures of 10 per cent.

A legislative committee to look after the interests of the grange was appointed, composed of S. H. Van Trump, A. Slaughter, L. M. Gilbert, D. W. Fisher and W. D. Mahoney.

C. H. Taylor was elected president of the grange and Ethel Fletcher secretary. D. W. Fisher was chosen as lecturer.

GRAND JURY ACTION IN BONUS CASE DUE SOON

Portland, Or., Dec. 18.—Action on the Bend bonus scandal investigation by the federal grand jury is expected some day this week.

The grand jury adjourned Thursday night after excusing all the witnesses from Bend, some of whom were in Portland for about 10 days. The body will reconvene Monday.

It is quite likely that any report which the grand jury may make in the bonus matter will be secret, especially if indictments are returned, as the investigation is an original one, and no person is at present under bond. This would mean that news of the arrest of any defendants to indictments would not be released until the United States marshal had made arrests.

FIRST PHOTOGRAPHS OF FASCISTI REVOLT IN ROME

These exclusive photographs have arrived in America by special messenger. They show the arrival of armed Fascisti bands—male and female—in the peaceful revolution that overthrew the Italian cabinet and Benito Mussolini, leader of the Fascist, Italian Premier.

STATUS OF PRUNE MARKET SHAKY

The prune market may be said to be on an uneasy street, as authorities in the east differ as to whether it will weaken after the holiday trade, or whether the trade will consume stocks in the east which are rather light, resulting in a firm market early in January.

The New York Journal of Commerce, under recent date, in discussing prune conditions and prospects for the coming year, has the following:

"The dried fruit market is a rather one sided affair, due to erratic delivery of stocks all season. This has resulted finally in sufficient stocks for immediate consumption, and with the future outlook uncertain, there has been a pronounced lull in buying.

"Jobbers who cater to the retail trade for Christmas, are disappointed at the volume of business now being done so far this season. The demand is just for actual needs and there is little desire to buy ahead to create a surplus to carry over into 1923.

MATHEWS' ELEVEN TO HAVE NO TEAM CAPTAIN

Moscow, Idaho, Dec. 18.—University of Idaho football players have voted against electing a captain for next season. At a meeting of the players held to decide what action would be taken on the matter, they decided it would be best to do without a team captain for the season.

ELECTION FRAUD CASE GOES OVER TO JANUARY

Portland, Or., Dec. 18.—Trial of W. H. Emrick, chairman of the election board in precinct No. 201 in the primary election of this year, will not be held this month.

Originally set for December 20, the date was moved ahead to January 15 yesterday by Presiding Judge Stapleton in district court. This was in response to a showing made by Chester A. Sheppard, attorney for Emrick, with the consent of the district attorney's office.

PACIFIC ELECTS CAPTAIN

Pacific University, Forest Grove, Dec. 18.—Albert Schneider, two years tackle on the Pacific university football team, was elected captain for the 1923 squad at the football lettermen's dance and dinner. Schneider will play his last year of football for Pacific next year. He is one of the best tackles.

NINE GRAIN STEAMERS ENTER LAKE HURON

Bay City, Mich., Dec. 18.—The fleet of nine steamships loaded with grain and bound for Lake Erie ports which left Fort William Friday night, passed through St. Mary's river yesterday and early today entered Lake Huron on the way down. The ships and their cargoes are worth \$28,000,000.

During the past week there were reported to Dr. C. E. Cashatt, health officer for the Salem district, seven cases of diphtheria in town, making a total of 11 cases in the city, three cases of the disease from Silverton and six cases of chickenpox in Salem.

The diphtheria cases are nearly all in the Englewood district. The chickenpox is scattered over the city. In order that the former may be checked before it becomes necessary to close the schools, J. O. Matthis, school physician, requiring that all children who are subject to exposure have cultures taken to see if they are carrying the germs even though they themselves do not show signs of being the disease. He has taken approximately 50 cultures. Other doctors have also taken a number that there have probably been nearly a hundred taken all together.

The Schick test, used to determine if a person is immune from the disease, has also been given to some. Dr. Matthis also estimates that there have been as many as fifty antitoxins given during the past week. He alone has given about 10 while many parents are having the family physician do the work.

ALUMNI GAME FIRST ON MT. ANGEL SCHEDULE

Mount Angel College, St. Benedict, Dec. 18.—With but three letter men in school and the remaining 12 candidates who have answered Coach Kasberger's call possessing very little experience, the outlook for a championship basketball team for Mount Angel college is not so good.

Walter Cranston, all star guard Henry Kropp, captain of last year's team and all star center, and Charles Spear, another fast guard, are the only letter men back. However, there is plenty of new material available, and from this Coach Kasberger will have to pick his team.

This year the team will miss the services of such guards as Terheyden and Hudson and the forwards, Stupfel and Schmidt.

Mount Angel college will open its basketball season here on December 17, when the varsity quint meets the fast alumni team, which is made up of last year's star hoopers, such as Emanuel Stupfel, the Rasser brothers and Lucas Terheyden.
