WAR-TIME FRAUDS CHARGED TO HONOR MEN

ATHLETES OF WEST FINISH YEAR VICTORS

Review of Sports Shows
Pacific Coast Men Are
Superior To Easterners
In Most Departments.

San Francisco, Cal., Dec. 30.—Western athletes were supreme in various branches of sports during the year just closing. In football, boxing, track and field, wrestling, tennis, automobile racing and baseball the men from the far west continued high up among the leaders, several of them holding championships.

Probably the west's best known athlete is Jack Dempsey, heavyweight boxing champion. Colorado-born and Utah-bred Dempsey now resides in Los Angeles. Although he did little this year in the ring, it was only because a capable opponent could not be found.

World honors also came to the west in wrestling when Ed ("Strangler") Lewis of San Jose, Cal., won the heavyweight title from Stanislaus Zbysko to whom he had lost it earlier. Lewis formerly was a resident of Kentucky.

FRENCH ASSERT GERMANY SEEKS TO AVOID PAYING

Paris, Dec. 30.—France has made an intensive study of the reparations question for the last four years and is convinced that Germany does not want to restore financial stability if such a step means payment in full of a reasonable war indemnity. Such is the authoritative though unofficial comment on the speech of the American secretary of state at New Haven last night.

Washington, Dec. 30.—Disclosure by Secretary Hughes in his New Haven speech last night of the belief of the Washington government that an international commission of financiers, including Americans might well be called in to recommend a method of settlement for the reparations crisis, apparently leaves the next move in the hands of the allied premiers.

The American suggestion, Mr. Hughes asserted, was offered as an alternative in the event that the premiers at their Paris meeting next Tuesday fail to find a basis for adjustment of their views "among themselves."

LOCAL GARDSMEN TO GET GARRISON CAPS

Members of Salem company F, Oregon national guard, will soon be wearing the new garrison caps, which are to be issued by the war department.

Another step towards unifying the uniforms of national guards is indicated in the order recently issued by George A. White, adjutant general, calling upon all unit commanders to send in requisitions for the new garrison caps, authorized to be distributed free to national guard troops. The order was just recently received from the war department by General White.

It is thought that the supply for the 90 members of Salem company F will arrive within ten days or two weeks. The cap is made of olive drab cloth, with a brown leather visor, with the United States coat of arms on a round place, placed in the front center of the cap.

CHAMBER LUNCHEON IS OFF

There will be no luncheon Monday noon at the Chamber of Commerce. The next luncheon will be Monday noon, January 8. Robert Duncan, secretary, says that for the January 8 luncheon, the speakers will be F. N. Clarke and E. A. Clarke, Josephine Shepard of Waconda.

Mellon Urges Passage of Capper Rural Credit Legislation by Senate

Washington, Dec. 30.—(By Associated Press)—Enactment of the Capper rural credits bill together with legislation extending the powers of the war finance corporation for nine months, rather than the Lenroot bill which heretofore has borne the administration stamp was urged by Secretary Mellon today before the senate banking commission.

SAYS SHERIFF STOLE BOOZE

Iowa Officer And
Accused of Purloin
Confiscated Liquor
Worth \$30,000.

Des Moines, Iowa, Dec. 30.—Warrants were issued today for the arrest of Winfred E. F. Polk county sheriff until January 1, and his brother, Deputy Sheriff George Robb, in connection with the theft of \$30,000 worth of liquor from the Polk county jail liquor room last Wednesday night. Both are in custody.

The charges against Sheriff Robb were filed by William McMurray, Polk county jailer, according to C. A. Kells, secretary. Throughout the entire afternoon and evening a program of interest will be in progress. The attendance of the total day last year, estimated at 2000, is expected to be broken.

McMurray charged that on August 5 Sheriff Robb sold more than 7 quarts of whiskey to L. S. Hill, proprietor of the American Printing and Lithographing company and prominent democrat politician.

"It's an atrocious lie," said Hill. He admitted, however, that he had tried to obtain liquor from the sheriff's office, but he declared he had been unsuccessful.

Mr. Hill declared he knew no reason why Jailer McMurray should name him in connection with such a liquor transaction.

TOOZE MAY GET LAND OFFICE JOB

Walter L. Tooze, Sr., after reading the morning dispatches from Washington, D. C., in which it is stated that he is slated for the job of register of the land office at Portland, says that it is evident the two United States senators are about to recognize his nine years of service to the Republican party.

While Mr. Tooze knew nothing of his proposed appointment as register of the land office, he says he has had the assurance of both senators that his party services for the past 35 years would be recognized.

Alex Sweek, whose term of register of the land office will expire next August, is an old time friend of Mr. Tooze. In fact, it was 40 years ago when Mr. Tooze was teaching school at Tualatin that he boarded with the parents of Mr. Sweek.

One of the very special attractions of the program for those that enjoy watching an athlete perform will be the tumbling and high bar exhibition given by "Duggie" Douglas Burroughs, former Salem high school student and now champion all-around O. A. C. athlete.

At 10:30 the doors will be thrown open and the overture will be held a few minutes later. Following the 11 o'clock ceremonial eight acts of Vaudeville will be shown.

Art Wallace, Paul Stege and L. R. Smith comprise the Elks' committee in charge of the show.

Nation's Finances In Good Shape at Close Of Year, Bankers Say

New York, Dec. 30.—(Yearly Financial Review by the Associated Press)—Stock and bond prices generally close the year at materially higher levels, which is not only a reflection of the marked improvement that has taken place in business and industry during the last 12 months but is also construed by conservative New York banking interests as an indication of still further progress in the coming year.

The year closes with conditions favorable for a further increase of commodity and security prices, in the opinion of the financial community. Unfavorable and unsupervised developments in the political and economic situation abroad are generally considered as the only probable obstacles to arrest the improvement in the business and financial world, which began in the summer of 1921 and has continued, with few temporary interruptions, until the present time.

Improvement Foreseen.

The prediction of further business prosperity is based on several well known facts. Foremost among these is the easiness of the money market and the huge sum available for commercial credit. In addition, most stocks of merchandise are low, railroad traffic is close to record levels, exports are increasing, the principal exchanges are heading back to par and the European economic situation shows signs of improvement.

Exports are increasing and unfilled orders for railroad equipment are the largest in years. Other favorable signs are seen in the American delegation.

POLICEMAN AND THUG KILLED IN RUNNING BATTLE

Chicago, Dec. 30.—A policeman was killed and one of three men who accosted and fired upon a party of high school students, slightly wounding a girl, was fatally shot here early today in the ensuing pistol fight with police.

The high school students were returning home from a dance. One of the trio was said to have accosted Minnie Finkelstein, 17, the wounded girl, who resented his remarks. The man's two companions joined him and he then was reported to have begun firing.

William J. O'Malley, probationary policeman, was shot as he gave chase to the men. A companion shot one of the running men. At the hospital the man said he was John Reeves of Harvey, Ill. He died in the hospital.

Recently, he said yesterday, he has found it necessary to devote a large part of his time to verse writing.

Mr. Pressey is about 35 years of age. After spending a short time visiting newspapermen in Salem, Mr. Pressey left for Corvallis where he will spend a short time.

For years Mr. Pressey has been a correspondent for Western World and other journals and has always been drawn by newspaper offices.

Slow Progress Made

Lausanne, Dec. 30.—(By Associated Press)—The Lausanne conference completes its sixth week today with a solution of the Near Eastern question still in the making and with the allied and Turkish delegations still at odds over the important issues.

As Ismet Pasha and his associates awaited further instructions from the conference, it seemed certain that a settlement of even one of the troublesome problems on the agenda could not take place this year.

Action by the allies on the Armenian plan for a national home in Turkey was expected today.

DEATH SUMMONS
SALEM PIONEER

Mrs. Lily L. Folkes, a pioneer of Salem, born here 67 years and 11 months ago and residing here continuously, died yesterday evening at the home of her daughter, Mrs. S. Lindsay, who lives on the Fairgrounds road. Mrs. Folkes was apparently in good health in the afternoon as she came down town to attend the funeral of a friend. There survive besides the daughter, Mrs. Folkes of Salem and two sisters, both residents of Red Bluff, California.

Funeral services will be held Monday morning, January 1, at 10 o'clock from the Webb & Clough chapel. Concluding services will be held at the City View cemetery.

TURKS SEND TROOPS INTO OIL DISTRICT

Force of 6000 Dispatched

Toward Rich Mosul
Area, Over Which Envoys Wrangle.

Athens, Dec. 30.—The Turks are sending reinforcements in the direction of Mosul, the rich oil district, the ownership of which is in dispute at the Lausanne conference, according to advice to the Central News from a reliable source.

A division of 6000 Turkish troops, it is stated, has already left Van for Mosul.

The restaurant which was first operated during the session of 1921 was authorized by a senate concurrent resolution passed by the session of 1919 partly as a protest against prices charged by downtown eating houses and particularly as a convenience to the legislators who object to trudging through the rain for the six or eight blocks necessary to reach the business section in order to get a bite to eat for lunch. It is handled the same as other concessions permitted in the capital building for the convenience of the legislators and their small army of assistants and involves no expense to the state.

The restaurant will occupy space in the basement of the state house and the concession has already been granted to Levy Balmer and Johnny Jones, both Salem men.

Armenian Home Planned

Lausanne, Dec. 30.—(By Associated Press)—Plans for an Armenian national home, financed by a possible \$20,000,000 appropriation by the United States congress or a popular loan in America in addition to funds from other countries were presented to the Near East conference today by the American delegation.
