 work, reasonable charges. A. L. Godfrey, shop foot of Union St. Phone 170.

NATION'S FINANCES

(Continued from Page One.)
 fact that no big strikes threaten or pending. A great amount of construction work is still in arrears despite a record heaving year of activity in the building industry, automobile production reached a new peak, which probably will be exceeded next year, while probably gasoline consumption has been the highest in history and electric companies are doing a record business.

Stock Sales Big.
 Sales of stocks during the year totalled approximately 260,000,000 shares, as compared with 171,000,000 last year, 223,000,000 in 1920 and 207,500,000 in the record breaking year of 1913, when post war inflation was at its height. Bond sales this year reached the unprecedented total of approximately \$4,155,000,000 as against \$3,565,000,000 in 1921, \$3,045,000,000 in 1920 and \$3,755,000,000 in 1919.

While most industries showed substantial recovery from post war inflation, the number of failures during the year was the largest on record and the volumes of liabilities next to the largest ever recorded.

Several labor troubles, particularly the miners' and shipmen's strikes, also had disastrous effects, costing each of the principal railroad systems millions of dollars and even more to business generally. For the first time on record there was a marked shortage of manual labor, due in part to the restriction of immigration where employed was estimated as high as 4,000,000 or 5,000,000.

Crops, with a few exceptions, were of record size and the higher prices brought vastly greater purchasing power to the agricultural section particularly the south. The foreign demand for foodstuffs was not very heavy until near the close of the year. Exports as a whole were the smallest since 1915, although in November they were \$85,000,000 over those of November, 1921, and the highest since March, 1921.

Probably the most picturesque figure in the western golf world this year was John Black, the grandfathers golfer of Oakland, who was defeated in the national open tourney only by Gene Sarazen present champion.

In tennis four of the ten ranking players of the country hailed from San Francisco and one of them, William M. Johnson, defeated the champion, William T. Tilden, at Berkeley early in the year. Helen Wills, a Berkeley girl, retained the national girl's title and was defeated in the national women's tournament only by the champion, Mrs. Mollie Malory.

If aeroplaning be ranked as a sport, it will be recalled that Lieutenant L. R. Maughan of Mills, Cal., at Mt. Clemens, Mich., traveled at a speed of 243 miles an hour, and that Lieutenants Oakley Kelly and John MacReady, San Diego, Cal., together established a record by remaining in the air continuously for 29 hours and shortly afterward broke the world's non-stop flight record with a "hop" of 2060 miles.

In swimming this year, however, the west had to submit almost meekly to the invasion of the phenomenal Johnnie Weismuller of the Illinois Athletic club.

More than 500 people were present at the demonstration given yesterday by the Willametta Valley Oil & Gas company at their well located near St. Paul. During the afternoon there were between three and four gallons of crude oil pumped from the well and when the flow ceased many of those present who were inclined to be pessimistic concerning the possibility of the finding of oil were free to express their opinion that the oil had been "planted." Others were just as confident that there was oil to be found and all that would be needed to reach oil in paying quantities would be to drill deeper. Oil yesterday was pumped from a depth of 1007 feet.

Among those who was present yesterday was F. L. Evans, representative for the Puna-Pacific Oil company, which has started operations in eastern Oregon. Mr. Evans states that he has found gas in eight Oregon wells in the eastern part of the state and expects that in a short time there will be at least 50 derricks in the state. Mr. Evans lives in Portland and is a prominent geologist.

ATHLETES OF WEST

(Continued from Page One.)
 California Racer Wins.
 On the automobile speedways of the nation, a native Californian, Jimmy Murphy, whose residence is claimed by both Los Angeles and San Francisco, forged to the championship ring, taking the title from another Californian, Tommy Milton.

In college athletics the University of California retained its title of national intercollegiate track and field champion at Harvard last spring. Jack Merchant, California, was the individual star, his work in the hammer, discus, jumps and sprints causing easterners to call him the greatest all-round athlete of the year. Stanford university finished third in the Harvard meet, Glenn Hartranft, weight man and sprinter, making many of the Cardinal points. In track also, Bud Hauser, Osnard, Cal., high school boy, won the national interscholastic shotput championship. Sprinters are still trying to break the world's cinder track records made in 1921 by Charles Paddock, Los Angeles, the "world's fastest human being." Paddock established more records this year and in 1922 will return to the University of Southern California for active competition.

Baseball Men Good.
 California this year produced another great football team, said by many to be even greater than the "wonder team" of 1921 which blanked Ohio State, Big Ten champions. "Brick" Muller, California's All-American end, and "Duke" Morrison, an All-American possibility, were stars on the team.

Western baseball players this year brought prices higher than ever before paid to minor league owners, Jimmy O'Connor and Willie Kamm of the San Francisco Seals and Sammy Hale of the Portland Beavers were sold for \$75,000, \$100,000 and \$75,000 respectively. The Golden state was represented on the world champion New York Giants by George Kelly and Bill Cunningham.

Probably the most picturesque figure in the western golf world this year was John Black, the grandfathers golfer of Oakland, who was defeated in the national open tourney only by Gene Sarazen present champion.

In tennis four of the ten ranking players of the country hailed from San Francisco and one of them, William M. Johnson, defeated the champion, William T. Tilden, at Berkeley early in the year. Helen Wills, a Berkeley girl, retained the national girl's title and was defeated in the national women's tournament only by the champion, Mrs. Mollie Malory.

If aeroplaning be ranked as a sport, it will be recalled that Lieutenant L. R. Maughan of Mills, Cal., at Mt. Clemens, Mich., traveled at a speed of 243 miles an hour, and that Lieutenants Oakley Kelly and John MacReady, San Diego, Cal., together established a record by remaining in the air continuously for 29 hours and shortly afterward broke the world's non-stop flight record with a "hop" of 2060 miles.
