FARMER LIVING NEAR AMITY ENDS LIFE BY POISON

McMinnville, Or., Feb. 21.—Samuel Boyer, 50, warehouseman for several years at Bridwell station, west of Amity, committed suicide at noon Wednesday placing strychnine in his coffee while eating his lunch. John Heiberg, his helper, had gone to lunch nearby and when he returned to the warehouse Boyer was almost asleep and remarked, "I took it. I took it." He left a note addressed to his brother, Lee Boyer, of the Northern Grain & Trust company of Portland, stating that he had been a failure and hoped he would forgive him. He did not want to ask help, for he knew his brother would grant it.

Samuel Boyer was a member of Webfoot camp, W. O. W., of Portland, and well known in the community. He attended the McMinnville camp Tuesday evening and addressed the lodge, stating it was the first time he had visited the lodge in 18 years and thought he would renew acquaintance. His home was in McMinnville and he left Wednesday morning for Bridwell in a cheerful mood.

Mrs. Boyer was entertaining a party of women friends when the news reached her. The body was taken in charge by Coroner Macy and Sheriff Ferguson.

CHEMAWA FIVE TO PLAY STANDARD OIL QUINTET

Chemawa, Feb. 21.—The Chemawa Indians met the Standard Oil five of Salem tomorrow evening on the local floor. Not much hope is available as to the comparative strength of the teams as they have not played the same teams, but a good fast game is promised the basketball fans.

As a preliminary to the main game a return game will be played by the local girls' team and the Mill City high school girls' team. The locals took the long end of the former game on the Mill City floor by a score of 19-13. The locals have a fast team meeting only two defeats this season, both at the hands of the Silverton high school team.

Union School District to Reorganize As Result of Attack Made on Validity

Woodburn, Or., Feb. 21.—Reorganization of the Woodburn high school district under the provisions of the 1923 union high school law will be started at once, according to a decision reached at the meeting of the Woodburn Community club last evening when the club decided to back the proposition. Representatives from Aurora, Needy, Butteville and Monitor were present and the consensus of opinion seemed to be that a new organization could be perfected including 19 districts the same as before incorporated with the exception of Harney.

Committee Named.

A committee of three, headed by A. E. Austin, was appointed to start work on organization. Blaine McCord and Virgil Massey, two other two members attorneys, will handle the legal part of the work. Men favorable to the union high school in each district will push the project and eliminate the necessity of solicitation by Woodburn business men. District board No. 103 now responsible for the high school could not have pushed the organization without the backing of the club.

COUNCIL ORDERS SIDEWALKS LAID

Woodburn, Or., Feb. 21.—The order for construction of cement sidewalks on Third street from Harcourt to Cleveland on both sides of the street preparatory to paving work that is expected to start this spring was perhaps the most important business transaction at the meeting of the city council Tuesday evening.

Very few cement walks have been built along this street and it will entail quite an expenditure by the property owners. A deficit of \$153 for the city library for the year was voted at the request of the board which was represented at the meeting by Mrs. H. H. Overton, Mrs. H. L. Gill, Mary Scollard and Mrs. R. W. Achor. Since the tax of one mill does not reach the \$1000 guaranteed to the Carnegie people an additional sum is usually necessary.

The city engineer was instructed to plan repairs to the sewer system which seems to be somewhat faulty. The city attorney was ordered to prepare transcript for sale of bonds for the paving of Harrison and Cleveland streets and for the sewer in district No. 2. The bonds which will amount to about \$20,000 will be offered for sale March 18.

SALEM DEFEATS WEST LINN FIVE

The West Linn high school tossers sprung a surprise last evening at Salem when they held the locals even until the last few minutes of the game when the Salem high quintet forged ahead and won by a score of 19-11. The West Linn team were bented here last Saturday night by a score of 21-5.

Some idea of the pitch of excitement which prevailed can be imagined from the fact that the score at the end of the first half was 5-4 in the Salem team's favor. The locals took the lead at the beginning of the second half only to be tied twice before the game safely away.

Tomorrow evening the Salem team meets the Independence five in a return game. The first meeting was held at Independence, Tuesday night, and resulted in a 12-11 victory for the locals.

HOLLYWOOD ATTORNEY CONVICTED BY JURY

Los Angeles, Cal., Feb. 21.—Herman L. Roth, Hollywood attorney, was in the county jail today awaiting sentence for attempted extortion of hush money from Barbara LaMarr, motion picture actress. A jury in the superior court late yesterday convicted him after a scant eight minutes deliberation. He will appear next Monday for sentence, at which time, he announced last night, an appeal will be filed.

Roth, the evidence showed, threatened to file an amended divorce complaint against Miss LaMarr naming several prominent motion picture actors as co-respondents, unless Sawyer paid him hush money. He also threatened, it was testified, to file with the complaint, an affidavit charging Sawyer and Miss LaMarr with intimacy.

Kidney Troubles Responsible

Never mind how much you pay for a kidney medicine, if it puts your kidneys in good shape, banishes that backache and drives puffiness from under the eyes.

To these people we say, "Go to your drugist and get an original box of Moava Suppositories." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing, healing, antiseptic action first allay the pain and soreness and then by direct contact with the ulcers and drives cause them to heal up and disappear forever.

It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have steadily resisted all known treatments, marvelous results have been obtained.

All drugists dispense Moava Suppositories in the original box or can get it for you on short notice. Daniel J. Fry Drug company can supply you. Mail orders accepted.—Adv.

Students Visit Salem.

It has become an established custom at the normal for the various students to make a visit to the state capital each term. Through the courtesy of those in charge in the different offices, much first hand information is gained. The state hospital, penitentiary, supreme court and state house are each visited in turn, under the direction of an able guide. In order to get a general idea of the city, the afternoon is spent in visiting the various schools, including Willamette university. The women mills and paper mills are also opened to the visitors. Students are expecting to make the excursion soon.

The Vesperine Literary society gave a most enjoyable Valentine program last Friday evening.

The junior play "The Gypsy Trail," is to be given March 8.

Basketball Team Wins.

The normal boys were victorious in the basketball game last week with the Willamette freshmen on the Salem floor. The game was a closely contested one, but ended with a final score of 23 to 18 in favor of the O. N. S. boys. Jim Stapleton was again high point man, making 15 of the 23 points.

On the afternoon of Friday, February 16, the Independence and Monmouth training school boys played in the normal gym. The game ended in a tie, 13 to 13. This was played off and the Independence boys won, the final score being 18 to 13 in their favor.

MEMBERSHIP OF LEGION BOOSTED

Silverton, Or., Feb. 21.—(Special.)—The Delbert Reeves post enjoyed one of its enthusiastic meetings Monday night at the Knights of Pythias hall. Seventy-five members were out.

The meeting marked the close of the membership drive which has been carried on during the past few weeks. The post now has a total membership of 208 members. Those winning prizes in the recent membership drive were: Harvey Wells, first; Wilford Loomis, second; Clarence Rosheim, third; Claire Jarvis, fourth; James Solberg, fifth, and Clifford Rue, sixth.

A telegram was read from Senator Robert N. Stanfield. Senator Stanfield's telegram was in response to one sent to him from the Delbert Reeves Post thanking him for past help he has given the post and asking his opinion and what his stand would be if the bill received the president's veto.

Senator Stanfield's answer was that he was in favor of a fairly adjusted compensation bill but that he was not in position to say how he would vote if the bill received the veto because the bill as drafted might be amended in a great many ways so that by the time it reached the president he might be justified in vetoing it.

Hidden Money Found BY FARMERS IN STUMP

Aurora, Or., Feb. 21.—While engaged in blasting stumps on their land between Aurora and Wilsonville, Tuesday, Naef and Wilson, framers, found in wreckage of one big stump a \$10 gold piece and two silver dollars. A careful search failed to reveal any more money, but it is believed some at least was destroyed in the blast.

There is a general impression that the money was a part of the loot stolen from the Aurora bank. As a result of the find and acting on the theory that the money was not all put in one place, stump blowing will be a favorite pastime here for a while.

Bronchitis Best Treated With Vapors

Direct Treatment with Vaporizing Salve Immediately Reaches Congested Air Passages.

If a cold has been neglected and has gone down into the chest, producing acute bronchitis, thoroughly redden the skin over throat and chest with hot, wet towels to open the pores. Then massage briskly with Vicks for five minutes, spread on thickly and cover with two thicknesses of hot flannel cloths.

For hours after Vicks is applied the vapors of Camphor, Menthol, Eucalyptus, Juniper Tar, etc., are inhaled directly into the infected air passages. At the same time Vicks is absorbed thru and stimulates the skin like a poultice or plaster.

Being externally applied, Vicks is especially good for children and is used by millions of mothers to prevent or relieve cold troubles.

Stump Acres Earn No Money

UNCLEARED land will "eat its head off" in taxes and in the loss of crops you could produce on it. Stumps don't earn anything—they're "squatters" and should be replaced with crops.

The lower cost of clearing land with Pacific Stumping is shown by the increase in the number of ranchers in this neighborhood who are using it today. It shoots, sticks for stick, with any standard stumping powder, but you get one-half more sticks for your dollar. Pacific Stumping does the job right—more land cleared at less expense. And Pacific Stumping does not freeze or give a headache from handling.

We can give you complete explosives service. Our stocks include Pacific Stumping and other du Pont dynamites for use on the farm. Let us figure on your requirements.
