

# VINTON CLAIMS TOOOZE CHARGES ARE FRAMED UP

McMinnville, Ore., Feb. 21.—W. T. Vinton, former president of the state senate and law partner of Walter L. Tooze Jr., has issued a statement in defense of Mr. Tooze and concerning an indictment returned against him here on a charge of having contributed to the delinquency of a minor girl by giving her liquor. It follows:

"Naturally, I have made a thorough investigation of the charge upon which my partner, Walter L. Tooze Jr., has been indicted. Nothing has been concealed from me, and the facts revealed justify my confidence in his innocence. His most bitter enemy has not dared to accuse him of the slightest attempt at undue familiarity with the girl, and his conduct in taking liquor away from her should be commended by those who now attempt to ruin his reputation.

**Attack Laid to Enemies**

"Walter Tooze is of a vigorous, forceful personality. Such a man necessarily makes enemies, and unfortunately, Tooze has made bitter enemies, both as the result of the practice of his profession and of his participation in politics. If Tooze were a man of less standing, force and ability, he would not now be called upon to face a grand jury indictment. I am not magnifying the bitterness of those who are demanding his prosecution. Yamhill county has been divided as a result of the lawsuit involving the tax conservation commission act, in which litigation Tooze took an active part. Unfortunately he incurred the hostility of the aunt of one of the young ladies who was present at the so-called party. Tooze's stand against the 'blue law' movement in McMinnville also engendered much bitterness toward him, and particularly the hostility of one of the gentlemen most ardent in his demand for prosecution and fearless in his conduct, and an intense partisan of our constitutional form of government, and an active fighter against all radical movements which seek to undermine and destroy American institutions. The radicals of our country have lined up in opposition to him and their methods of injuring him are characteristic of unrestricted radical movements.

**Grand Jury Criticized**

"About an hour before the indictment was returned, and while I was away from McMinnville, the first intimation that he was the subject of a grand jury investigation was borne to Walter by a friend. He immediately asked the privilege of appearing before that body to make a statement in his own behalf. This privilege was denied to him. And for the first time in the history of Yamhill county, so far as I have any knowledge, an American citizen was refused the opportunity to meet a grand jury face to face, and offer evidence of his innocence. This action is not only unfair, but indefensible.

"The indictment came like a clap of thunder out of a clear sky. Fair play and common decency were not manifested toward Walter, but even his most venomous traducer makes no charge against him, except that he contributed to the delinquency of a minor by giving liquor to her. It has been intimated that he participated in a 'joy party.' When Tooze, following his usual custom of storing his car, drove into the garage, he had no knowledge that any so-called party was in progress. Tempin, the owner of the garage, three young ladies, including the Mizer girl and Earl Mizer, the brother of the girl, were in the garage at the time. The doors were not locked, neither were the curtains drawn, the room in which the parties were, faced upon the public street and had a glass door and large glass windows, nor was any effort made to hold a party. As soon as Walter discovered that the Mizer girl, whom he had never met before, was drinking intoxicating liquor, he took the bottle from her.

# PIRATES ATTEMPT TO TAKE SHIP; SUBDUED

Hong Kong, Feb. 21.—(By Associated Press.)—While the Chinese steamer On Lee, carrying more than 200 passengers, was voyaging last night from Hong Kong toward Konkmoon, pirates aboard suddenly opened fire on the main deck. Chief Officer Martin immediately directed Indian guards to prepare to defend the bridge.

With all lights extinguished, Martin guided the ship back toward Hong Kong. Near Castle Peak rockets fired from the vessel attracted a police launch, which escorted the On Lee into Hong Kong harbor. A large number of suspects were taken from the ship to the police station. It is believed the pirates cast their arms overboard. There were no casualties.

# ERIXON BOOMED FOR MAYOR HERE

Friends of Fred Erixon, well known local contractor and one of the most active of local men in the advancement of civic enterprises, are quietly starting a boom for Erixon for mayor and it is understood are already taking steps to get his name placed on the ballot.

Erixon, himself, is not saying much about the situation, but when it was put up to him recently at a meeting of a local civic organization he did not deny the report, in fact maintained a discreet silence.

However, those behind the movement are prepared to wage a regular campaign, it is known, providing they can convince their candidate that he should get into the race.

**Doctor Tells How NUXATED IRON PUTS BACK INTO YOUR BLOOD VITAL ELEMENTS OF STRENGTH Which are Wasted Every Day and Without Which You Become Weak, Nervous, and Run-down.**

EVERY action of your daily life uses up a certain amount of strength, energy and nerve force, saps the iron from your blood and gradually steals away your youthful vigor and active usefulness. Unless you replace the iron which is constantly leaving the body, your blood stream loses the power to change food into living tissue, muscle and brain; it becomes thin, pale and watery and cannot provide proper resistance against disease.

If you feel weak, nervous and run-down it is simply because your food does not supply enough iron to make up for the daily waste of this vitally important, health-building element. But physicians have found a way to quickly correct such conditions by prescribing a concentrated form of organic iron—Nuxated Iron—which contains iron like the natural iron in your blood.

Iron is the master principle, one of the vital elements, of the blood and blood is life. By purchasing the blood and creating new red blood cells, Nuxated Iron strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and power into the whole system.

When you get up feeling tired in the morning; when you find yourself nervous, irritable and easily upset; when you can no longer do your day's work without being all fagged out at night; pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease. Simply try taking Nuxated Iron for two weeks and note the amazing change in your health, vigor, energy and endurance. You should be astonished at the results in even a few days time. Success guaranteed or money refunded. At all druggists.

# ALLAN BYNON AND GOLDSTEIN CLASH

Portland, Or., Feb. 21.—Interference of the court yesterday prevented a fisty clash between Allan Bynon, assistant United States attorney, and Barnett H. Goldstein, attorney for the defense, in the celebrated Bond case on trial before Federal Judge Bean.

Mr. Bynon threatened to thrash Mr. Goldstein because of what he took to be an intimation that he had falsified to the court. Mr. Bynon had told the court that no Ole Swanson could be found in Bend by the United States marshal and Mr. Goldstein, in his address to the jury, seemed to infer that Mr. Bynon had not told the truth.

Mr. Bynon jumped to his feet with the threat to thrash the attorney for K. E. Helms, who is on trial on a charge of using the mails to defraud in connection with the purchase of calves.

"I'm not afraid of you," declared Mr. Goldstein.

"You will be when I get through with you if you make any more such inferences," said Mr. Bynon. The court directed that Mr.
