

EMBARGO ON ALL FOOD SHIPMENTS IS DECIDED UPON

Portland, Apr. 21.—An absolute embargo on food products of all description from California and stricter regulations for control of entry of tourists from California into Oregon as the means of preventing the entrance of foot and mouth disease into the northwest was agreed upon Saturday by representatives of Oregon, Washington and Idaho, who met in joint conference at the Multnomah hotel.

In addition to agreement upon the embargo, members of the conference decided that should the foot and mouth disease travel north by one county, or become prevalent within 200 miles of the Oregon-California border, a complete embargo would be placed upon the entry of tourists and automobiles from California.

So long as the disease remains in the present infected area, it was concluded that the operation of disinfection and fumigation stations at the various entry points on the border would be sufficient.

The conference resulted in the unification of protective measures, some of which already are in effect in one or more of the northwestern states. The action will tend to simplify enforcement of the regulations.

Statements made at an open meeting held in advance of the conference developed that the foot and mouth epidemic in California is much worse than has been reported, and it was freely predicted that should the disease be transmitted into Oregon, Washington or Idaho, it would bankrupt these states.

SALEM HI TAKES EUGENE TO CAMP

A home run on a walk, made possible by a succession of errors, featured the Salem high-Eugene high baseball game played on Oxford park grounds Saturday afternoon in which the locals won by the one-sided score of 17-4.

L. Girod, Salem short and lead-off man, drew a walk. Towne, Eugene pitcher, in trying to catch him off first, overthrew, allowing Girod to race to second. In the meantime Eberhart had recovered the ball and on his peg to second overthrew, allowing Girod to round third to home. The shortstop, who recovered the ball threw it wide to the plate.

The locals garnered a total of ten hits off the two Eugene hurlers. Eight were secured by the visitors off Fabry, six of them in the first two innings. It was in these two frames that the visitors made their four scores.

The Salem team following their first score in the initial inning, tallied twice in the second, four in the fourth, six in the seventh, and three in the eighth.

Wednesday the locals will meet the Albany high school nine at Albany.

STAR DEALERS BANQUET HERE

A banquet meeting of Star automobile agents, associate dealers and employes in this vicinity, was held at the Marion hotel Saturday evening, with P. G. Delano and A. I. Koff of the Salem Automobile company, acting as hosts. Nearly thirty men were present.

The banquet was a truly boisterous meeting which was given additional enthusiasm by the announcement Saturday of the adoption by the Star of four wheel brakes, giving the Star the distinction of being the lowest priced car in the world to have four wheel brakes.

That the Star automobile is the best little machine in the world for the money was the central thought of the toasts which were made by those present. No excuses or apologies must ever be offered for a Star, Mr. Delano said.

A demonstration of the workings of the new four wheel brakes was given by Homer Shade, shop foreman for the Salem Automobile company.

The associate dealers and employes present were C. H. Ernst of St. Paul, C. T. Talbot of Monthmouth, W. R. Graham of Monthmouth, J. W. Berkley of Woodburn, M. J. O'Donnell of Independence, J. L. Niel of Independence, M. J. Kreutz of Silverton, J. E. Goyette of Silverton, Wall Brothers of Turner, August Hanch of Grand Ronde, J. P. Jensen of Monitor, L. E. LeDoux of Mt. Angel, Peter Dietrich of Stayton. Salem employes and guests were E. W. Headrick, Dave Reese, John Wallace, Louis Mehler, C. J. Taylor, E. A. McElvain, Horrace Woolley, Ernest Bowen, Homer D. Shade, W. H. Porter, W. H. Linn, E. A. Brown and Ralph H. Kletzing.

A fly before his own eye is bigger than an elephant in the next field.

Wednesday the locals will meet the Albany high school nine at Albany.

SENATORS SHUT OUT FULTON IN FAST GAME 6 TO 0

The Salem Senators performed in great style yesterday afternoon on the Oxford park grounds and shut out the fast Fulton club team of Portland and at the same time tallied a total of six runs. The day was ideal for baseball and the bleachers, and grandstand were filled, indicating the interest being taken in the games here this year.

Although the locals won by a fair margin, the interest in the game never let up as the locals played the whole game like the result of one inning would decide the victory, while the visitors were endeavoring to find Barham for something which resembled a hit and a chance to score. But four hits were allowed by this star Senator twirler and too much cannot be said about the favor with which the fans have taken him. Nine batters were retired yesterday by Barham via the strikeout route.

The locals poked out 16 hits in eight times at bat, one of these being a homer over the left field fence by Blair in the fifth inning with none on base. The Senators made two runs in the second inning, one each in the fourth and fifth, and two in the sixth.

The visitors had two opportunities to score but were prevented by the excellent playing of the locals. In the first inning Jones, first man up, secured a hit. On the next play, R. Simon hit to Miller, Salem short, who turned the play into a neat double. The next man went out, pitcher to first. In the third inning Elfers, visiting centerfielder, was caught at the plate in an effort to score on Watson's hit to short.

Schackmann, Senator leftfielder, was the hitting star of the day, driving out two doubles and a single in four times at bat.

Bishop looked great at third base, scooping everything that came his way without making a single error. He handled six chances.

In the absence of Kenne, Baird played the initial sack and held it with credit to himself.

Next Friday afternoon at 4 o'clock the Senators will play the Meiji university nine of Japan. Due to the notoriety of the visiting team, champions of Japan last year, a large crowd is expected.

Yesterday's lineup follows:
Salem—Miller, ss; Gill, rf; Bishop, 3b; Baird, 1b; Wilkerson, cf; Schackmann, lf; Proctor, 2b; Edwards, c; Barham, p.
Fulton—Jones, 3b; R. Simon, 1b; Poltratz, rf; L. Simon, ss; Roberts, 2b; E. Simon, lf; Kifers, cf; Lackney c; Watson and Norton, p.

Myers Inclined to Frown Upon Expense Of New Boys' School

Whether the taxpayers of Oregon are in a mood to spend approximately \$300,000 in the construction of a new state training school for boys, or would be better satisfied with a plan to remodel the present institution at a cost not to exceed \$50,000, is the question that is receiving the consideration of Jefferson Myers, state treasurer, and member of the state board of control.

While not ready to divulge his stand on the proposal to build a new home for the state's boy wards, Mr. Myers said he had received protests from a number of taxpayers who are opposed to the large expenditure of money at present and have urged that construction operations be delayed until material and labor costs have returned to normal. In case the present institution is remodeled, Mr. Myers intimated that he would not favor the erection of a new plant for several years.

Farmers Offer Land
As a result of the deadlock that has existed between Governor Pierce and Secretary of State Kozier, with relation to the purchase of a site for the proposed new school, Mr. Myers said he has been besieged with offers from farmers, who have land to sell to the state. In some instances, Mr. Myers said, the prices asked for the lands are excessive, while in other cases the sellers admitted that they had been offered a liberal fee for handling the negotiations.

Before arriving at any definite decision Mr. Myers said he intended to inspect the present boys' school to determine its actual condition. He also will confer with a number of the larger taxpayers of the state in an effort to determine their views with regard to the proposed expenditure. Mr. Myers said he had been told that the boys' school now has plenty of land, and that the plant could be remodeled and placed in fair condition for an expenditure of not more than \$50,000. Whether it would be profitable to remodel the plant is a question that has not yet been determined, Mr. Myers said.

Kozier Favors New Quarters
Secretary of State Kozier has indicated that under the legislative action the members of the board of control are bound morally to provide the new quarters for the boy wards, Governor Pierce, third member of the board of control, has not announced definitely what attitude he will assume with relation to delaying or abandoning the proposal to build the new

institution.
Records show that Governor Ocott, at a session of the legislature held three years ago, went before the body and urged the diversion of the so-called quarter mill road tax to a fund for the new boys' school. There is now available under the legislative action approximately \$280,000, of which \$55,000 has been set aside for a site.

As a result of the illness of O. P. Hoff, late state treasurer, and the inability of members of the board of control to agree on a site, actual construction work has been delayed. These delays resulted, it was said, in the face of urgent appeals from social workers and other persons interested in the boy wards, that the new plant be established as quickly as possible.

Prompt Action Probable
In case Mr. Myers determines that the state will be better served through the erection of the proposed new plant, it is likely that a site will be selected within

the next ten days or two weeks. It would then be necessary to obtain plans, which probably would delay construction work until some time in June.

The new plant, if established according to the original proposal, will be constructed on the cottage system, and will be so arranged as to allow segregation of the inmates. This is impossible at present, according to the state officials. Should the members of the board eventually decide to remodel the present institution rather than establish the new plant, most of the money now available for the improvement would be allowed to revert to another fund.

State Treasurer Myers said today that while he was not opposed to any legitimate improvements, he was of the opinion that there can be no reduction in taxes until such time as there is a curtailment of expenditures.

"The people of Oregon have demanded a reduction in taxes,"

said the state treasurer, "but I do not feel that this can be brought about unless there is a corresponding reduction in expenses. To that end I am willing to go the limit in cutting expenditures as long as the state functions are not crippled."

COOLIDGE CANNOT BE TRAIL INCORPORATOR

Washington, Apr. 21.—President Coolidge, while cordially sympathetic with the movement for marking and preserving the Old Oregon Trail, will not agree to act as an incorporator of the old trail association, he writes in a letter to Senator McNary.

"I feel I cannot consent to act as one of the incorporators," says the president, "when I cannot have any active part in its affairs."

Invitation to Mr. Coolidge to

become an incorporator was extended by Senator McNary in behalf of the Old Oregon Trail association at request of Walter E. Meacham of Baker, Or.

RICKEY WILDCATS WIN

Fruitland, Apr. 21.—The Rickcy Wildcats as a result of their 13-5 victory over the Fruitland nine here yesterday afternoon won the three game series two out of three. The feature of the game here yesterday was the heavy slugging of the Wildcats.

Much Driving Hurts Eyes

After a long drive always wash your eyes with simple camphor, witchhazel, hydrastis, etc., as mixed in Lavoptik eye wash. This removes dust and germs and counteracts effects of wind and sun. Stops dryness and burning. J. C. Perry, druggist, 115 S. Commercial St.—Adv.
