SILVERTON WINS FROM DALLAS LOSES TO HEALS

Silverton, Or., May 13.—(Special.)—Due to a mix-up in the baseball schedule the Silverton tossers were forced to meet two outside teams at Silverton Sunday afternoon. The first game was with Dallas whom Silverton defeated with a score of 15 to 1. In a masterful game, allowing only one hit, a home run in the ninth inning. Besides holding Dallas to only one hit, Lane also hit a home run himself. The Lane brothers formed the batteries for Silverton.

The Heals club players of East Portland came down with the understanding that they were scheduled to play Silverton. Rather than disappoint the visiting team Silverton took them on, although some of the Silverton men were tired from the Dallas conflict. In this game Silverton was defeated 7 to 6. Until the seventh inning Silverton held Portland to the first base. In the seventh inning Portland ran seven scores on Silverton. In the eighth inning Silverton again closed in on the victors and no further scores were made. Silverton's five points were won in the first three innings.

John Elder, manager, took the opportunity to try out new men in the second game and played with a patched line-up throughout. At least, also new men came on the field. Straughan and Weston were the batteries for Silverton.

It is understood that next Sunday the Silverton team will meet the Salem Hamblers.

BREITENBUSH TO BE IMPROVED AS FINE RESORT

Mill City, Or., May 13.—R. W. Ellithorpe of Portland was in the city Saturday on business. Mr. Ellithorpe is acting as manager of the newly organized Breitenbush Hot Springs company and reports that improvements are going along at a rapid rate, and that it is planned to make three separate one of the most popular summer resorts in the Cascades.

Work has been started on an automobile road to be built from Detroit to the springs which should be finished by the first of August, after which time auto will be used to carry passengers instead of pack horses, as at the present time. The pack trains will be moved to the spring and used to take out parties to the nearby lakes and to Jefferson park. Twenty private baths for women and a like number for men are being built, and approximately 50 new cabins will be built this summer.

Work will be started this summer on a 75-room hotel which will be strictly modern in every respect, and which they hope to have ready to take care of next summer's business. A first class chef is now employed at the resort. Inasmuch as some of the best trout fishing in the state is obtainable in the nearby lakes, a large patronage is a certainty. The water of the springs has been analyzed and found to contain every mineral necessary for curing purposes and compares very favorably to the best of the hot springs at Arkansas. A number of fishermen and campers are at the springs at the present time.

POOR LUCK FOR FISHERMEN ALONG SANTIAM RIVER

Mill City, Or., May 13.—Fishermen going out Sunday had very poor success in the Santiam river, but those who tackled the smaller streams had slightly better luck. The Santiam river is fished out, not having been stocked for a long time. The river is a wonderful trout stream, and strong agitation should be started towards having the game department see to it that at least a portion of the trout turned loose each year are planted in the Santiam. The only fishing here now is for steel heads and if a fisherman gets close enough to the dam to get them, he is promptly arrested, even though the steel head is not considered a commercial fish. With the building of the new automobile road into Detroit and the large number of fishermen this is bound to attract, fish will soon be a curiosity in this section unless the stream is stocked.
