## FRENCH DRESSING FOR FRUIT SALADS

FRENCH DRESSING for fruit salads is more delicate if made with lemon juice instead of vinegar, and paprika instead of black pepper. It may be made up in quantity for two or three occasions, as follows: Two-thirds cupful Wesson Oil, one-third cupful lemon juice, one-half teaspoonful salt, one-quarter teaspoonful paprika.

Place in a jar. Shake until emulsified, or until the oil is broken up.

The only limit to the kind of fruit salads you can make is the number of fruit combinations you can think of. A fruit salad must be put together with a dressing—otherwise it is only a fruit cup.

The Wesson Oil salad and salad dressing recipe booklet contains many delightful suggestions. Drop a postal to Wesson Oil, 112 Market Street, San Francisco, and ask for it.
