The circumstances surrounding the accident last Sunday night in the Young street crossing in Woodburn when a freight train struck an automobile in which Jess Fikau and Miss Margaret Miller were riding, instantly killing Miss Miller, are such that a coroner's inquest will be unnecessary, was the decision reached by Coroner Rigdon yesterday upon his investigation of the case. Funeral services for Miss Miller were held this morning.

With a large number of advance tickets already sold, there is every indication that the big baseball benefit dance to be held this evening at the Dreamland rink will be a huge success, according to Riddy Blahop, Senators' manager. Several special features are to be offered for the entertainment of the dancers which are expected to make a decided hit. The orchestra is reported to be the best in the city and no effort has been spared to make the event worthy of attendance. Otto Klett, owner of the dance hall, has donated its use for this evening, which will make a considerable difference in the net proceeds.

Through the courtesy of Arthur Hille, manager of the Oregon Theater, the super grand of Sacred Heart Academy witnessed the splendid production of "The White Sister." Rev. Fathers Beck and Keenan as well as members of the faculty were present and without exception all voted it a picture where the Catholic atmosphere was genuine. Mr. Hille deserves great credit for bringing such a picture to Salem, they say.

Requiem mass will be celebrated on Memorial day at the Catholic cemetery at ten o'clock in the morning to which the public is cordially invited. Rev. Father Keenan will celebrate the mass and Rev. Father Beck will preach the sermon.

On Thursday and Friday, May 22nd and 23rd, "The Secret of the Oak," a very entertaining drama will be given by the Chateaux of Mary, of the Catholic church, at Sacred Heart Academy. The curtain will rise at 8:00 o'clock.

At least \$100,000,000 has been lost to the California business by the hoof and mouth disease, according to Dr. W. H. Lytle, state veterinarian, in an address this noon before the members of the Salem Rotary club. He estimated that the expected return from the summer season had been reduced all of 25 per cent.

To date a total of \$2,600,000 has been spent by the government and state in an effort to wipe out the disease, he said, \$2,000,000 being spent directly in fighting the disease and the remainder in administrative expenses.

With the present precautions which are being taken, it is not likely that the disease will spread to Oregon, Dr. Lytle declared. Water blisters on the mouth and feet in the manner in which the hogs and cattle are affected, he said.

More than 50,000 head of hogs and cattle have been condemned during the time that the epidemic has been raging.

OUTLOOK FOR BUILDING HELD MOST REASSURING
Washington, May 21.—The outlook for building operations was described as reassuring by William B. Paville of San Francisco, president of the American Institute of Architects in his optimistic report at the opening session today of its 57th annual convention.

Mr. Paville criticized the Brown plan for reorganization of the executive branch of the government in its relation to architecture and told the delegates who were here from all parts of the country that the problem of city planning presented a challenge to their art.

WATSON PLEDGES SUPPORT FOR KLAN NOMINEE

Indianapolis, Ind., May 21.—United States Senator James E. Watson was widely acclaimed today when in addressing the state convention, he declared he would support Ed Jackson, the party's gubernatorial nominee, who was given strong Ku Klux Klan aid in the May primary.

Harry S. New, postmaster general, said he was proud to be the bearer of greetings from the president of the United States to the republicans of Indiana, in his speech at the republican state convention today. He said party sentiment was almost unanimous in favor of President Coolidge for nomination at Cleveland.

"The confidence of the people in the soundness of his judgment has grown with every day that has passed since Mr. Coolidge assumed the presidency," said Mr. New. "We now know that he is the courageous competent and steadfast man we thought him."

Mr. New reviewed the national administration, declared relations with other nations were better than for many years and that the country is experiencing a degree of "prosperity greater than any that has been enjoyed in any land at any time since the sun first rose on Eden."

We know that Calvin Coolidge is to be our nominee at Cleveland," said Mr. New. "He is his own platform. His course to date is its own guaranty of the future. The country feels that it is safe with Coolidge. The party feels that he is wholly worthy of its confidence. The people believe in him. They are with him and for him."

EFFORTS TO UNITE BOTH BRANCHES OF METHODISTS

Atlanta, Ga., May 21.—The inheritance by a Georgia bishop's wife of several slaves was the rock upon which the northern branches of the Methodist Episcopal church split 80 years ago, churchmen said here today, when it became known that the college of bishops of the southern body had called a meeting of the general conference to consider the joint communion's plan for unification.

The break occurred in 1844 when the wife of Bishop James O. Andrew of Oxford, Ga., inherited an estate which included slaves, thus making the bishop a slave owner.

The northern branch asked that they give up the slaves and upon refusal to do so, asked the county body that he be forced to withdraw from the bishopric.

The southern branch declined and the breach was opened.

Many efforts since have been made to effect a reunion, the last having been refused by the northern wing in May, 1920, at a meeting in Des Moines, Iowa. The present plan is said to be the best ever submitted to re-establish unity.

The meeting July will be the first special session of the southern general conference ever called. It was said here. The plan first must pass the general conference by a two-thirds vote and then must be accepted by a majority of three-fourths of the total votes cast at all of the annual conventions of member states of the southern branch.

DISEASE COST \$100,000,000

Washington, May 21.—Awards covering the sale of approximately 210,000,000 feet of riparian timber in the Klamath Indian reservation in Oregon were made today at the interior department, involving approximately \$1,500,000, which will go to the Klamath tribe.

The bidder receiving the award on the Squaw Flat unit was the Shaw-Barrow Lumber company of Klamath Falls, which offered \$5.72 per thousand feet, board measure, for yellow and sugar pine; \$2.50 for Douglas fir and incense cedar, \$2 for other species of timber cut and sealed prior to April 1, 1923.

The bidder awarded the contract on the Trout creek unit was Klemm & Kennedy of Fortuna, Wash., with a bid of \$4.75 for yellow and sugar pine; \$2.95 for Douglas fir and incense cedar, \$1.95 per thousand for other species of timber cut and sealed prior to April 1, 1923.

PARKER'S HOMER ROBS SPAULDINGS OF GAME

True to all predictions, the game last evening between the Spaulding company and American Legion sides in the Twilight League series, was very close, so close in fact that it will be necessary for another game to decide the winner. After apparently having won the game by a 2-1 score, the Spaulding side were robbed when Parker, of the Legion, hoisted the pill for a ride over the fence. This makes the second time the game played this season.

The Bankers and Y. M. C. A. are to play this evening with the Guardians and Timmers meeting on Friday night. The latter game concludes the regular schedule. Dates for the playing of postponed and tied games will be announced before the end of this week.

FIRE WARDENS CLOSE SESSION

A two-day convention of forest fire wardens of Oregon closed here yesterday with a demonstration of fire fighting apparatus on the premises of the Thomas Kay woolen mills. The use of portable fire-fighting pumps and the Hanck torch, used in starting back fires, was demonstrated.

Shirley Buck, of the district forest office in Portland, gave a lecture on the pump; Lynn F. Cronmiller, deputy state treasurer, spoke on field forms, and T. T. Munger, of the United States forest service, Portland, talked on "Reforestation"; Clay M. Allen, of the forest service, spoke on the use of telephones in the timber areas, and E. T. Allen, economist of the Western Forestry & Conservation association, spoke on spring and fall fires.

MILES UNCERTAIN ABOUT CANDIDACY

Admitting that he had been approached several times regarding the matter, B. C. Miles, well known Salem resident, this noon stated that he did not care to be a candidate for the Salem school board at the election on June 15. He would not definitely state, however, that he would not consider the proposition should it be made certain that it was the desire of a number of the voters that he run.

The names of Mr. Miles is one of those which has been rumored about as a possible candidate by the Christian Federation.

Walter Winslow, former member of the board, whose name has also been heard from several sources, declared this morning.

DEMAND CLOSED SHOP

Adoption of the closed shop principle, it is pointed out by the proprietors, would also operate to prevent them from employing high school and university students as they have done in the past. In former years dozens of students have been given employment that enabled them to continue their school work, and in their cases hours conforming with their school schedules had to be arranged.

Tuberculosis

Miraculous Results Are Testified to By Tubercular Sufferers Who Have Used the "Haelan" Treatment at Home

Dr. E. M. Davis, a prominent Denver physician, says: "I have personally treated a large number of pulmonary tubercular cases with 'Haelan.' Cases of the chronic type where a continual loss of weight had been recorded responded by a gradual gain in weight, a cessation of coughing, elimination of the blood streaked sputum, renewed vigor and stamina, restored appetite, a ruddy complexion, warm hands and feet, clear eyes and a general robustness of constitution which surprised most of all the patients themselves."

Similar reports from tubercular patients throughout America have convinced us that pulmonary tuberculosis can be overcome with

"HEALAN" without leaving the home and without the inconvenience and enormous expense of traveling to distant climates.

Therefore, we offer "Haelan" to the public anywhere at very nominal cost on a rigid GUARANTEE TO PRODUCE SATISFACTORY RESULTS, or its full purchase price will be refunded. This guarantee is backed by a deposit of \$1000.00 in a large Denver bank.

Full particulars, testimonials, prices and a book on "The Modern Treatment for Tuberculosis" will be mailed free on request. Write today. The General Remedies Co., Dept. B3, Loop Building, Denver, Colorado—Ady.
