

KENYON TELLS REASON OF DEFEAT AT CLEVELAND

Mason City, Iowa, June 21.—Expressing a hope that "the time has not come when denunciation of the buying of seats in the senate will keep any one from being elected to office," Federal Judge William H. Kenyon told a group of farmers at a farm bureau picnic here yesterday that he was glad he had not been called upon to lay down the judicial robes to enter the arena of politics again.

"After I resigned from the senate in order to accept this position," he said, "I spoke to an audience in Missouri, and there I said something about Nebraska. I denounced the buying of public office."

"The very next day before I had been sworn into the office of judge there were men who got up in the senate and demanded my immediate impeachment."

"And that, according to what I read and hear, was the reason for my defeat at Cleveland as a vice-presidential possibility. For I am truly thankful, but I hope that the time has not come when denunciation of the buying of seats will keep anyone from being elected to office."

SMUGGLED DOG FROM CALIFORNIA

Acting upon instructions from the state veterinarian an officer of the traffic department Friday afternoon picked up R. N. Hyder a tourist from Hollywood, Cal., about 10 miles south of Salem and charged him with violation of the proclamation of Governor Pierce closing the state of Oregon to animals from California during the present epidemic of the hoof and mouth disease in that state.

Hyder, according to the officers smuggled a bull dog into the state past the quarantine station on the Pacific highway.

ELKS TO BUILD BETTER BUILDING

A report which has been rapidly gaining ground to the effect that Salem lodge of Elks had abandoned ideas of going ahead with construction of their new temple at State and Cottage streets this year, was set at rest by statements from members of the building committee that no such thought is in mind.

As a matter of fact it is expected that excavation work will start in the very near future and a meeting is expected to be held within the next few days to make further plans for getting the work under way.

The fact is that not only will work go ahead this summer, but it is highly probable that a better building than was first figured on will be erected because of reworking construction costs.

Bonds covering the bond issue of \$100,000 floated by the lodge have been printed and issued to the holders and the whole stage is set to go ahead with the work as rapidly as deemed feasible.

HAUGEN BLAMES GRAIN GAMBLERS

Des Moines, Iowa, June 21.—Opposition of grain speculators and the packing interests was largely responsible for defeat of the McNary-Haugen farm relief measure, Congressman Gilbert N. Haugen told Polk county farmers in an address here. Mr. Haugen was co-author of the bill.

Congressman Haugen said he held little hope for passage of the measure by the next congress.

Discussing the condition of agriculture, Mr. Haugen said 45% percent of the farmers of the north are bankrupt. Thousands of farmers, he said, are abandoning their lands and going to cities to seek more remunerative employment.

The only cure for present conditions, he said, is enactment of laws creating a marketing corporation which will adjust prices on a more favorable basis to agriculture.

SEVEN HEADS WOMENS CLUBS SPEAK MONDAY

Presidents of the seven women's clubs of Salem will be speakers at the chamber of commerce luncheon next Monday noon.

It will be the job of Ora F. McIntyre, former president of the Salem Business and Professional Women's club to keep the talks down to four minutes each.

The women who will speak are as follows:

Mrs. William Everett Anderson, president of the Salem Floral Society.

Dr. Mary Purvine, president of the Business and Professional Woman's club.

Mrs. George J. Wenderoth, president of the Highland Parent Teachers' association.

Mrs. Chas. K. Spaulding, president of the Salem Woman's club.

Mrs. Richard Cartwright, president of the Woman's Civic League club of Salem.

Mrs. Paul H. Hauser, president Lincoln-McKinley Parent Teachers' association.

Mrs. John H. Carson, president Salem Chapter of American War Mothers.

Harley O. White, president of the chamber of commerce, will be the presiding officer.

The women will talk on what the men can do to make Salem a bigger and better city.

GRAIN GROWERS OFFERED PLANTS OF BIG CONCERNS

Chicago, June 21.—Grain growers would own, finance and control five large Chicago grain elevators and 5,000 cooperative farmers under a plan submitted to the executive committee of the American Farm Bureau, which will shortly name a committee, headed by President O. W. Bradtke for its study.

The plan includes the Armour Grain company, Rosenbaum Grain corporation, Bartlett, Frazier and company, Rosenbaum Brothers, and J. C. Schaffer and company, handling more than a billion dollars worth of cash grain transactions annually, according to estimates of the aggregate business of the last few years.

The proposal contemplates turning over to the farmers, the firm's forty country elevators, terminal elevators, offices and fixtures and all other mechanical equipment, along with managerial facilities.

The five firms involved control virtually the entire elevator capacity at the Chicago terminal and their elevators alone are valued at \$15,000,000 with other property at about \$3,000,000.

Cooperative grain marketing organizations eventually would be accorded trading privileges of the Chicago board of trade, under the proposal.

Details of financing to hundreds of millions of dollars, are to be cared for with funds which ordinarily make the "rebate" to the producer under cooperative marketing systems.

To the Editor:—I see an editorial in a certain paper under the heading of "Drum Tacks," and commenting on a paragraph of the republican platform that was adopted at Cleveland. Well, it seems to me that the farmer and laboring man have already been on brass tacks or some other kind of tacks for almost four years.

Nevertheless, it is, as a whole, a wonderful platform, as it stands for the farmer and laboring man from start to finish and Wall Street has not got a single plank in the platform, and there is just enough tariff in it to protect the farmer and the laboring man. I sincerely believe it will remain the farmer's and laboring man's platform until after the election, then I cannot tell whose platform it will be. Probably Wall Street's or the Dohenys' or the Dohenys' or Dohenys' but I can tell you whose platform it is not. What a pity the G. O. P. is not in power today. Well, I overheard two men talking in Stanton just after the election in 1920 and one said to the other: "We just got our man in time to save our country." "Yes," said the other, "just in time." I wondered what great calamity the G. O. P. was to save our country from. I did not see any storm clouds in sight, but I will have to admit they have been since. President Harding has crossed the last river and is resting from his labors. Many of our national representatives have stepped down and out and did not serve their time out, and I cannot see anything they have saved us from, unless it was from the great prosperity we were enjoying when the G. O. P. was swept into power and won the greatest political victory ever won in America. It was President Cleveland in 1892. "As a doc returneth to his youth, so a fool returneth to his folly."—Proverbs 26-11, so the G. O. P. returneth to the high protective tariff to catch the voters.

EMERGENCY BOARD TO MEET JUNE 30

A deficiency in funds appropriated for administration of the state income tax has necessitated a special meeting of the state emergency board which will convene here Monday, June 30, at the call issued today by Secretary of State Kozler.

Of the appropriation of \$25,000 for the administration of the tax, only \$375.29 remains on hand, and it was estimated that an additional \$21,000 will be required to complete the remaining seven months of the year, according to a report of Earl L. Fisher, tax commissioner.

"The expenses of the department during the first few months," the report declares, "do not reflect ordinary administrative costs. Drafting and printing the regulations, remodeling and equipping the offices and litigation costs are largely primary necessities, the useful life of which extends over a period of years.

"On this date (June 10)," the report continues, "we have filed 66,921 individual returns; 4779 corporation returns, 3391 partnership returns, 163 fiduciary returns and 457 amended and supplementary returns, making a total of 75,492 returns, of which 44,225 are taxable and 31,177 are non-taxable. It is estimated that the total yield for the year will reach \$2,250,000. If this estimate is correct, the total administrative costs will be about 2 per cent."

PARKING SPACES BEING MARKED

Carrying out the provisions of the ordinance enacted several months ago relative of one-hour parking in the business district of the city the street department is today busy marking off parking spaces along the north side of State street between High and Liberty.

The lines dividing the parking spaces are being painted in white on the pavement at a 45-degree angle with the curbs, and are 9 feet apart, allowing ample space for a parked car to open the door on both sides.

The parking stalls are to be marked off on all of the downtown streets where the one-hour parking rule applies, and automobile drivers are to be required to park between the painted lines.

REVOLVER ONLY GLEW TO DOUBLE MURDER

San Pedro, Cal., June 21.—A .38 calibre revolver discovered among the weeds and castus under a cliff near which two Japanese were yesterday found slain, their bodies riddled with bullets, was the principal clew in the hand of detectives investigating the case.

One of the men was identified as O. Igarashi, said to have been well known as a gambler in the Japanese quarter of Los Angeles; the identity of the second victim remained a mystery. Investigation of Igarashi's activities during the past several weeks inclined police to the belief that the Japanese met death in a gambling feud, their slayers then making an unsuccessful attempt to hurl the bodies and other evidence of the murder off the cliff into the sea.

MRS. YOUNG ENTHUSIASTIC

Cannot Praise Lydia E. Pinkham's Vegetable Compound Enough. Sick Women Read This Letter

Charleston, S. C.—"I was completely run-down and not able to do my household work. I just dragged myself around and did not have energy enough to get up when I sat down. I read advertisements of Lydia E. Pinkham's Vegetable Compound in your books and learned about it. I got benefit from the very first bottle. I continued to take it for some time, and now I am doing all my own work, even washing and ironing, and never felt better in my life. I tell all my friends that the change in my health is due to but one thing and that is Lydia E. Pinkham's Vegetable Compound. I cannot praise it enough."—Mrs. ANNIE YOUNG, 16 Amherst St., Charleston, S. C.

The reason for such a letter from Mrs. Young is apparent. She got well and is grateful. Recently a nationwide canvass of women purchasers of Lydia E. Pinkham's Vegetable Compound was made, and 98 out of 100 reported that they received benefit from taking it.

Because the Vegetable Compound has been helping other women, it should help you.
