## OREGON HARD AT WORK PREPARING TO MEET WHITMAN

University of Oregon, Eugene, Oct. 21.—Following a wonderful showing against the Red Shirts of Stanford, the Oregon varsity is settling down to a week of hard preparatory work for the coming game with the Whitman eleven, Saturday here in Eugene.

In meeting Whitman, Oregon is going against a fast and highly little aggregation, coached by one of the finest masters in the northwest. Despite ups and downs and lots of tough luck, Nig Borkeske always manages to put a team on the field which represents Whitman in a creditable manner.

## Ends Stubborn Coughs in a Hurry

For real effectiveness, this old-fashioned remedy has no equal. Easy and cheaply prepared. You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It is very easily prepared, and there is nothing better for coughs. Into a pint bottle, put 25c ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it. You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma. Pinex is a most valuable concentrated compound of genuine pine extract, the most reliable remedy for throat and chest ailments. To avoid disappointment, ask your druggist for "25c ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## OPEN FORUM

Contributions to this column must be plainly written on one side of paper only limited to 300 words in length and signed with the name of the writer. Articles not meeting these specifications will be rejected.

To the Editor:—In one of your last editorials "The Margarine Bill," you are very much opposed to the dairymen. You are accusing them of wanting class legislation. That statement is very untrue. It looks to the writer that half the time you don't know what you are talking about the farmers. Here is a fact: About a year ago when we were getting 45 for our butterfat you were boosting the dairy industry. Now we are getting 35 cents for our butterfat and you are giving us "fits."

A few days ago you had an advertisement in The Capital Journal, signed by F. J. Blakeley, chairman of the margarine product committee. It said: "Do you want dollar butter?" That is one of the most absurd lying advertisements I ever saw. The writer has been in the dairy business for 27 years. I know exactly what it cost to produce butterfat. For the present at 38 cents a pound we are losing money. Last year our milk feed was costing us about \$27 a ton; this year from \$25 to \$40 a ton. We should, at least, average 45 cents for our butterfat for the year, which would be satisfactory to most of the dairymen.

When they are saying that we are trying to get a dollar for our butter they are simply telling lies, that's all. In a few days I suppose C. C. Chapman of Portland will put a few of those lying statements about the income tax bill advertisements in The Capital Journal. Then the farmers will get it again from you. Now, Mr. Putnam, why don't you tell us how much capital the income tax is driving away from Salem?

HENRY JAQUET, Silverton, Or., Oct. 19.

To the Editor:—Just a word to the Open Forum. May differences of opinion never affect friendship, but I think the Open Forum by Althea Pogue, in last Wednesday's paper, deserves an answer.

Of course I am so busy trying to get rich, selling high priced butter, that I haven't the time to go into the subject thoroughly, but her of years.

Mrs. Moore was a member of the Rebekahs and the Silver Bell Circle of Pythian Sisters. She is survived by her husband, Ross E. Moore, a local printer; two nephews, Loren Stinson of Marshfield and Ana Pretzman of California; and a niece, Mrs. C. F. Williams of Portland.

The funeral service will be held from the home at 10 o'clock Wednesday morning. Interment will be made in the I. O. O. F. cemetery.

## Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:  
Gentlemen:  
Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in the last twenty years for constipation. It is wonderful, and it is so simple.  
Yours truly,  
Arlington H. Carman, Patchogue, N. Y.  
Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.  
Kellogg's Bran STIMULATES the intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. That is why doctors recommend Kellogg's.  
The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoons daily—in chronic cases, with every meal. Eat it with milk or cream and in the morning on every package. Kellogg's Bran, soaked and krumbled, is made in Battle Creek. Sold by all grocers.
