FIGHT FANS ARE PROMISED FINE CARD ON FRIDAY

Harry Plant, matchmaker, has arranged a big double main event to be presented for the fight fans on the card to be given on January 9. The card promises to be the best yet presented by Plant and all of the fighters are working hard for their coming battle. Plant spent some time in Portland last week in arranging the principals for the two ten round bouts and he has some of the best fighters available.

The card as arranged by Plant will include Sewell Deane of Oregon City and Phil Bayes of Salem. This will be Bayes' first appearance in Salem for some time. He is working hard for his coming fight and he is going to give Warren a tough battle. Warren is willing to mix and bring a good record with him. He fought in one of the four round preliminaries at the fight in Portland on New Year's day and handed Joe Marcus a good licking. Deane lost the decision to Dawson of Eugene in his last fight here but was in no condition to fight as he had just undergone an operation for a gathering in his ear three days before he fought Dawson. He issued a challenge for a return match with Dawson and will get it if he wins over Doyle. Plant will match the winner of the Deane-Doyle fight with Dawson and the winner of the Bayes-Warren mix with Harry Harris of Portland. Plant has arranged two snappy preliminaries for the coming fight and he thinks that the double main event will go over big with the good drawing cards. All of the fighters are in the best of condition, and they are promising a good fight as they want to get another chance to perform before the Salem fans. Deane has taken Salem as his residence and will give a good battle up that he can remain in Salem for the rest of the fighting season here at least.

The no smoking law will be in effect as usual, says Plant, and there will be two offices for tickets.

\$556,632 SPENT FIGHTING FIRES

For the first time expenditures during the fire season of 1924, for patrol and fire suppression on lands outside the national forests passed the half million dollar mark, the total for the year being \$556,632.77, says a report of the state forestry department.

The patrol cost was in excess of last year, but fire fighting expenditures were the big item, jumping to \$275,214.85, or nearly half the total expenditures. Sixty per cent of this was spent by operators and 40 per cent by associations.

All former records were broken in the duration and continued dryness of the fire season.

Fires fought numbered 1888. Causes are listed as follows: incendiary, 371; lightning, 311; smokers, 290; campers, 193; slashings, 121; land clearing, 106; hunters, 94; logging, 53. The remainder were attributed to miscellaneous causes.

Fires burned over 252,251 acres, of which 26,894 was merchantable timber, the remaining 195,999 acres being second growth and burned, cut-over, brush and grass land.

Timber damaged and destroyed is placed at 194,019,000 board feet of which 122,499,000 is salvageable, leaving a loss of only 72,421,000, valued at \$182,405.59. Monetary loss in the destruction of logs, equipment and improvements is placed at \$791,735.52, making the total loss \$970,201.92.

NATIONAL GUARD DRILLS SLATED

Competitive drills of various kinds have been scheduled for the national guard units meeting at the Salem armory tonight. A feature will be a blindfold race in assembling the parts of a Browning automatic rifle, the contestants being required to put the rifle together without the use of their sight.

Competitive drill in the manual of arms will be open to all comers. An equipment race, familiar to all soldiers, will be staged. The non-commissioned officers and privates will compete in a squad drill. Two platoons will be matched against each other in platoon drill.

Preceding the military contests will be a basketball game between the first and second teams of company F. At the conclusion of the program a feed will be served up.

Past Year Good One For Local Teams In Athletic Competition

(By Eldon Brickell.)

The year 1924 was one of the most successful in the sporting circles that Salem has ever enjoyed. Both professional and amateur sports have had a big year and the prospects for another good year are promising.

The Salem Senators, a professional baseball club, had one of the best seasons in years, due to the business-like handling of "Biddie" Bishop, who acted as manager and player. Bishop made several improvements in the club house and gave the locals a fast, scrappy nine. This was the first time for several years that the Senators have ended on the right side of the ledger. As for the games won, they were more than successful. They played in some of the fastest company in the state and lost only six home games.

Four of these were to the high-salaried Ketch and Longview clubs. High school baseball was also good and the locals are expected to have a better lineup than last year, as most of the veterans will be back in the harness with one more year of experience. Caught, scrappy receiver for the high school, will be absent from the lineup when the call comes to play ball, but Huntington will have plenty of good material.

Williamette had a fairly good team and, although they failed to shine they gave a good account of themselves.

High school football was good for Salem as far as the games went, the only thing marring the season for the red and black was the lack of games. Efforts were unavailing to extend the high school football season ten days. The present season is declared to be too short as the Williamette valley schools do not open until October, which makes them hustle to get into shape and close the season by Thanksgiving.

Williamette failed to do anything brilliant on the gridiron. They had wonderful hopes of a winning team when they held the University of Oregon eleven to a tie in the first game of the season, but did not improve as the season drew along and consequently finished toward the bottom of the ladder. Williamette is completely out of its class with the big college teams and would do better in a league of the smaller schools, which is being agitated.

The basketball season is just starting and any efforts to predict the possible results of the season would be futile. Both the Salem high school and Williamette university have brighter prospects than they have had for years. Williamette has one of the best schedules that they have had for several seasons. They are to meet the University of Washington and University of Southern California and many of the other stronger teams on the local floor. They should at least get an even break during the season.

The high school has been going good in the few games they have had this far and they will more than likely be championship contenders. The ruling that all high school coaches must be faculty members will cause several of the Portland schools to lose their present coaches, but will give the locals a chance to meet them.

Salem is given a big boost in the sporting circles as the state basketball championship is decided here under the auspices of the Williamette university. Salem high was forced out of the tournament last year due to the protest of Independence, who protested the playing of Grant Pullin speedily forward, who had played his full time, independent of the right to represent the district with Salem out, but were eliminated in the semi-finals.

Smokers have claimed their share of interest and all of the cards put on by Harry Plant, matchmaker, have been well received. Salem has acquired a boxer or no man ability in Sewell Deane, who cannot hold with an available record. In the two fights he has fought he has shown that he is no amateur at all.

SILVERTON NEWS

Silverton, Or., Jan. 5.—(Special.)—Coming as a complete surprise to his many friends was the wedding of Melvin Rivness to Miss Alice Rierson. The wedding took place at Vancouver, Wash., during the holidays and the young people returned to Silverton, Friday. Mr. Rivness is the owner of the Rivness grocery on Water street. Mrs. Rivness spent some time at Silverton a few years ago.

Mr. and Mrs. P. Jacobsen were hosts to a group of friends Thursday at dinner at their home on Hill street. Covers were laid for Mrs. Hans Jensen, Mrs. Anna H. Jensen, Miss Alice Jensen, Alfred Jensen, Rauben Jensen, Mrs. Marie Bunesen, Mrs. J. P. Isaacson and Miss Thea Jensen.

That Oregon news travel far was recently proved when F. Brazier, owner of "Bobbie," the wonder dog, received a frame of wild flowers from G. F. Herthold of Hamlet, West Australia. Mr. Herthold said that he had read of "Bobbie."

A number of silvertonians motored to Portland New Year's day to attend the concert given by the St. Olaf choir of Northfield, Minn. Among those going were Mr. and Mrs. Amos Corbouse, Miss Marie Corbouse, Tom Kaarbus, Miss Esther Towe, Arthur Towe, Rev. and Mrs. George Henriksen, Miss Dora Henriksen, Miss Louise Henriksen, Mr. and Mrs. Jasper Dullum, Mr. and Mrs. Neil Henjum, Rev. S. J. Lindseth, Anton Lindseth, Clara Mucke and Clarence Schob.

W. H. Gatech, who for the past few years has been one of Silverton's "loganberry growers, reports that the recent cold weather killed most of his vines. Owing to the fact that a year would necessarily elapse before the vines would again become productive and to the uncertainty of the loganberry market, Mr. Gatech says he will probably take out the vines and put in some other crops. According to current reports a number of Silverton loganberry growers are taking out their vines this winter.

The Silverton Blow Pipe company has moved from its old quarters on West Main street to the new building on North Water street.

George Jacobson, who has been spending the holidays with his family at Silverton has returned to Cottage Grove where he holds a position with a lumber company. Mr. and Mrs. Jacobson formerly lived at Cottage Grove and plan to return there at the close of the Silverton school term.

Mr. and Mrs. Joram Huso and two children, Elaine and Everett, are visiting with Mrs. Huso's sister, Mrs. I. J. Doerr. The Husos are from Crosby, North Dakota, and report that they were six days en route. A little west of Cutbank, Montana, they were held up for over 48 hours on account of snow. At Libby, Montana, they were again delayed by a collision between two mail trains.

Another holiday wedding in which a Silvertonian participated was that of Emil L. Grant to Bernice Cleland, the latter of Everett, Wash. The wedding occurred December 27 at Nooksack, Wash., and the young people have returned to Silverton to make this their home.

L. G. McDonald has sold his business, known as Star's Place, to David Brown and L. G. Verdon, both of Spokane, Wash. It is understood that the present force will be retained by the new management. Mr. McDonald will go on the road as a traveling salesman for a candy company.

Lyons, Or., Jan. 5.—A water party was held in the L. O. O. F. hall Wednesday evening by the Rebekahs and Odd Fellows. A pleasant time was reported by a large attendance.

Mr. and Mrs. Roy Huber are the proud parents of a baby boy, born January 2.

Ray J. Fox recently sold their store. They are moving into the George Holziger's house. Mrs. Fox will have charge of the postoffice for some time.

Mr. and Mrs. Titus Bierly of Oregon City spent a few days at the H. F. Bodeker home.

Mr. and Mrs. Fred Ellsworth spent Christmas with Mrs. Ellsworth's parents, Mr. and Mrs. Anderson of Lyons.

The Peek family is visiting relatives in Corvallis this week.

Happiness belongs only to those who are contented.

George Jacobson, who has been spending the holidays with his family at Silverton has returned to Cottage Grove where he holds a position with a lumber company. Mr. and Mrs. Jacobson formerly lived at Cottage Grove and plan to return there at the close of the Silverton school term.

Mr. and Mrs. Joram Huso and two children, Elaine and Everett, are visiting with Mrs. Huso's sister, Mrs. I. J. Doerr. Mr. and Mrs. Titus Bierly of Oregon City spent a few days at the H. F. Bodeker home.

Mr. and Mrs. Fred Ellsworth spent Christmas with Mrs. Ellsworth's parents, Mr. and Mrs. Anderson of Lyons.

The Peek family is visiting relatives in Corvallis this week.

Happiness belongs only to those who are contented.

SMITH OPPOSES PRIVATE MOTOR CAMP PARK HERE

Opposition to any plan which would take the Salem public auto park out of the jurisdiction of the city has been expressed by Homer H. Smith, member of the present parks board.

"An auto park should never be allowed to fall into the hands of private interests," says Smith.

According to announcement the park will be opened for the use of the public on March 1, 1925.

Agitation has been started to erect a large community hall on the camp grounds. The building as planned would probably be a large one room structure where public entertainments could be held. Secretary Wilson of the Salem chamber of commerce has stated that he can supply speakers for programs at frequent intervals.

In 1924 \$500 was spent in building 15 new tent houses to offset this expenditure a charge of 50 cents was levied for each auto using the park. Money for this source paid for the new houses and left a comfortable surplus for the coming season. The board will authorize a continuation of the admission charge, it is said, and will put all money that is taken in into improvements on the grounds.

Automatic Transmission company, Portland; incorporators, R.

More than flavor - health from New Style H-O

THE only oats that cook into granular oatmeal. Nothing else like it. Meaty granules stimulate digestion. Never cook sticky or pasty. Wonderful flavor. More than a new oatmeal—a new cereal.

Energy-building carbohydrates, tissue-building proteins, a wealth of vital minerals. And New Style H-O takes only 2 to 3 short minutes to cook—the quickest cooking cereal—quick as a flash!

Now two kinds: Regular H-O Oats, New Style H-O Oats (Quick). Standard full size and weight pkg.—weight, 1 lb. 4 oz.

We Told You So

About eleven months ago we published an advertisement in this paper headed "A Prediction" and stated in that advertisement that when our prediction came true, we would run another headed "We Told You So" and we are today making good that promise.

Our prediction stated, that "Cars selling around the price of the STAR would, within a few months, be compelled to change their designs to conform to the STAR principles of construction, or their sales would materially drop off," and we explained that what we meant was, that they would have to use a DISC CLUTCH, SEMI-ELLIPTIC SPRING, and many other needed improvements, such as the STAR then contained.

And Our Prediction Has Come True

But with all of the improvements made by the manufacturers of low priced cars, to this date STAR stands out pre-eminently the peer of them all, and is truly "Tomorrows Car Today" and will continue to be ahead of all competitors, in its class, for performance, economy, beauty, ease of handling, and durability, and here are only a few of the reasons:

- Star has a genuine Continental RED SEAL motor that is free from vibration. NO OTHER LOW PRICED CAR HAS SUCH A UNIT.
- Star has perfected SHOE FOUR WHEEL BRAKES as regular equipment. NO OTHER LOW PRICED CAR HAS THIS FEATURE.
- Star has force feed lubrication thru drilled crank shaft and cam shaft to every bearing in the motor which positively eliminates the burning out of bearings. NO OTHER LOW PRICED CAR HAS THIS.
- STAR has a Hot Spot on the intake manifold insuring quick starting and eliminates spluttering and jerking. NO OTHER LOW PRICED CAR HAS THIS.
- Star has a TUBULAR BACK BONE that prevents all strains and twists on the body. NO OTHER LOW PRICED CAR HAS THIS FEATURE.
- STAR is so constructed that one unit does not have to be disturbed to get at another unit, thus saving at least 50 per cent on labor bills as compared with other low priced cars. NO OTHER LOW PRICED CAR HAS THIS FEATURE.
- Star has passed thru the experimental stage, and is a tried and proven product, and any manufacturer bringing out a new line MUST GO THRU THIS EXPERIMENTAL STAGE.

We have a surprise in stock for the prospective purchaser of an automobile. It will pay you to call at our store and get this information.
