D. B. JARMAN TO ATTEND ATLANTIC CITY CONVENTION

Noted for its many great inspirational conventions, Atlantic City—the Queen of seaside resorts on the Atlantic coast—will be the scene, January 20th to 23rd, of one that will be of a most unusual character. It will have a Nation-wide significance.

For possibly the first time in history, the administrative personnel of a great mercantile organization has set aside its every-day activities to bring its executives, co-partners and managers together for four days of inspirational enlightenment.

Business matters will be entirely eliminated and the several sessions will be devoted exclusively to the desirability of creating a higher plane of efficiency for the man in business pursuits.

The convention will be held by the J. C. Penney Company at the Ambassador, one of the palatial hotels of Atlantic City. Managers and their wives to the number of nearly one thousand will be present.

Many notable men will speak, among them Hon. William Jennings Bryan, Senator Frank B. Willis of Ohio, Dr. Russell H. Conwell, Judge Harold Wells, Dr. James E. Lough, Mr. Fred B. Smith, secretary of the International Y. M. C. A.; Rabbi Stephen S. Wise of the Jewish Free Synagogue, New York, and Arthur Nash, the man who insisted upon putting his garment manufacturing business on the Golden Rule basis.

The speakers from the J. C. Penney Company will be Mr. J. C. Penney, Mr. E. C. Sams, Mr. George H. Bushnell, Dr. Thomas Tapper, Dr. Francis Burgette Short, all of New York, and Mr. F. R. Payne of Salt Lake City.

Six special Pullman trains will be required to carry the associates of the company to the convention. Train No. 1 will be made up at Ogden, Utah, on January 17th, by two special sleepers from Los Angeles and one from each, Oakland, Calif., Sacramento, Calif., Salt Lake City; and at Green River, Wyo., will take on special Pullman sleepers from Pendleton, Ore., and Pocatello, Idaho. This train will be routed over the Union Pacific, Chicago & Northwestern to Chicago and thence to Atlantic City, over the Pennsylvania railroad.

Train No. 2 will make its journey over the Great Northern, Burlington and the Pennsylvania railroad, starting at Spokane, Wash., on January 16th, there picking up two sleepers from Portland, Ore., and one from Seattle, Wash. It will take on another sleeper at St. Paul, Minn., and then run direct through to Atlantic City. This train will consist of the regular equipment of the "Oriental Limited" of the Great Northern.

Train No. 3 will start from Chicago, picking up a Pullman sleeper from Detroit, at Pittsburgh, Pa., and continuing to Atlantic City over the Pennsylvania railroad.

Train No. 4 will begin its run from Kansas City, where it will take on a sleeper from each, Denver, Col.; Albuquerque, N. M., and El Paso, Texas. At St. Louis this train will pick up a sleeper which will start from Parsons, Kan., and then will proceed over the Pennsylvania railroad to Atlantic City.

Train No. 5 will be made up at St. Louis, where it will take on special sleepers from Fort Worth and Longview, Texas. It also will run through to Atlantic City over the Pennsylvania road, at Columbus, Ohio, picking up a sleeper from Cincinnati.

Train No. 6 will carry the executives and departmental staffs from the New York office to Atlantic City, arriving on Tuesday, January 20th, in time to welcome the other incoming special trains from the West.

In addition to the special Pullman sleeping cars, each train will carry one or more dining cars, club and observation cars and baggage cars. Every comfort will be provided to the travelers.

Three special Pullman trains will take the entire party from Atlantic City to New York on Saturday, January 24th, where the company's offices and warehouse will be inspected. The managers will board several special trains the following week for the return home.

The convention will conclude on Friday evening, January 23rd, with a banquet, for which nearly one thousand covers will be laid.

Manager D. B. Jarman of the local J. C. Penney Company Store, will attend the convention and is scheduled to leave Salem at 9:30 a. m. January 16th. He will be away about 15 days.

MOVIE PICTURE OUTPUT $86,418,170 IN 1923

Washington, Jan. 14.—The nation's motion picture output in 1923 based generally on the cost of production, was valued at $86,418,179, an increase of 11.7 per cent over 1921, according to figures made public today by the census bureau.

The bureau's figures cover all processes and activities connected with "movie" production, including stage settings, "shooting" of the pictures and development of the films.

The bureau's figures, it was explained, do not cover cost of distribution and projection of the films in theatres.

New Year Promises Radio Fans Higher Program Standard With Noted Operatic Stars Broadcasting

Alda, Bori, de Gogorza, Jeritza, Martinelli, Matzenauer, McCormack, Ponselle, Schumann-Heink and Scotti—all these have become strong concert probabilities for the radio fans of the country.

John McCormack and Lucrezia Bori inaugurated on New Year's night a series of radio recitals by the world famous artists of the Victor Talking Machine Company. The experiment in offering over the wireless the efforts of the top-notch artists in the musical world was made possible by a co-operative arrangement between that company and the American Telephone and Telegraph Company. The first of the radio recitals emanated from the studio of WEAF, New York, and was broadcast simultaneously from eight other studios.

"The most remarkable educational development of our time," Mr. E. R. Johnson, president of the Victor Talking Machine Company, said in discussing the innovation, "is the progress of the rural American toward equality of cultural opportunity with his city brother. I feel that our company played a major part in that progress through the development of the phonograph and the enlistment of the real musical stars of the world for Victor recording. Now we are making another contribution, the value of which no one is likely to question."

Among other Victor artists from whom selections will be made for future concerts are: Bauer, de Luca, Fleta, Gordon, and the Flonzaley Quartet.

DEANE ON BOXING BLACKLIST HERE PLANT ASSERTS

Sewell Deane, who has fought the main event in the last three fights at the armory, will not be matched for any more fights in Salem, acoording to Harry Plant, matchmaker. Deane made a miserable showing on the last card and although he received the decision he showed that he lacked enough punch to crack an egg. Plant is through with Deane and will not even match him for a preliminary.

Deane has figured in police circles a time or two lately for drunkeness and "we don't want that kind of fighters here," says Plant. "We are trying to give the people their money's worth and good fights, but we also want clean fighters and will not tolerate them unless they are. Deane has refused to keep in shape and on that account we are cutting him off."

The next card will be the best and the fastest yet put on by Plant and the fans who were disappointed at the last night will have enough action to more than make up for it. The card will be staged on Friday, January 23. Plant is trying to satisfy the public and with better houses he will be able to give better fights. "At first we were forced to start out easy but the fans have shown their support for the fights and we will give them the best possible," says Plant. He promised to match the winner of the Deane-Doyle fight with Dawson of Eugene, but owing to the poor fight put up by Deane he has substituted Billy Gardeau of Portland. Gardeau fought "Dubs" Mulkey here at one time and showed that he had the ability and Dawson has made a good showing in Salem, so the fight ought to be a winner. Both of these fighters are well known in Salem and well liked for their clean, sportsmanlike fighting. Spike Crossan will be matched for six rounds on the semi-windup. Bill Byers of Independence will be with O'Leary of Portland on one of the four-round preliminaries. O'Leary lost on a foul on the last card but he can hit so Plant wants to give him another chance. Byers is in Portland training with Sunny Jim, negro fighter, who has been going good there and Byers ought to be able to make him work hard for a win.

CARTER TO RESUME WORK ON TUT'S TOMB

London, Jan. 14.—Howard Carter, the Egyptologist, has reached an agreement with the Egyptian government under which work will be resumed on the tomb of Tut-Ankh-Amen, the exploration of which Mr. Carter took over upon the death of Lord Carnacon, says an agency dispatch from Cairo this afternoon.

To the Editor: The undersigned has been considerably surprised, as have been others in the city, to note the employment of a Portland architect on the new Y. M. C. A. building.

While it is true that a local man has been also retained, it would seem that he is in a minor capacity, and not in charge of the work.

When making his subscription, the heavy sum of ten dollars, the undersigned was given to understand that the work was all to be done by local men; look, stock and barrel. While its true the Y. M. C. A. have a traveling architect who supervises the building in general, it seems that he merely selects the local men to supervise the work of building.

Why is it necessary to secure Portland talent for Salem enterprises, it occurs to many of us.

How much money did Portland people contribute to the new building, may we ask? Such things certainly tend to encourage (?) Salem people to support local institutions, me thinks.

Very truly yours,
DONEYAN WIGGINS

PROPOSES CURB UPON PORTLAND'S COUNCIL

Abuse of the Portland city council's authority to revoke licenses would be curbed by a bill that Senator Banks proposes to introduce, which will provide for an appeal to the circuit court from the council's revoking orders.

The bill as about the same as one introduced by Banks in 1921, which passed the senate but was defeated in the house.

It is said that the council sometimes revokes licenses held by operators of soft drink establishments, hotels or similar places for breaches of law when the proprietor of the place himself has nothing to do with the offense. At present there is no redress, with the result that the operator's investment is completely lost. Sometimes even a further license for any business in the building involved is withheld for a year, causing the building to remain empty for that period.

The bill Banks will introduce will not attempt to stay proceedings, but will provide for a fair hearing in the circuit court.

Wooly-West Knitting Mills, Portland; incorporators, C. A. Dailey, John Wisner, C. R. Zehntbauer; capital, $20,000.

Anything You Can't Eat?

If it's good to eat, of course. If your stomach burns, sours, or gets gassy after eating corned beef and cabbage, bacon and eggs, mince pie and cheese, or doughnuts and coffee, or lobster salad keeps you awake all night, ask the man or woman who banks on

STUART'S Dyspepsia Tablets

A host of men, who face a square meal on the same terms they shake hands with their best friend, owe their boldness to these tablets. One or two after eating give the stomach the alkaline effect, the stomach soreness, digestion is aided, they rest the stomach and prevent distress due to dyspepsia. Get a box of these tablets today and join the throng of safe, hearty eaters.

AT ALL DRUGGISTS

MEXICANS AT PROGRESO JAIL AMERICAN CREW

Washington, Jan. 14.—The captain, members of the crew of the American sailing vessel Ruth of Pensacola, Fla., and a man "claiming to be Dr. W. F. Lorenz, chairman of the Wisconsin state board of control," have been placed in jail at Progreso, Mexico, by order of the captain of the port of that place.

The state department announced the arrests today after receipt of a report from the consul at Progeso. Representations were made at once to the Mexican government through the American embassy in Mexico City and the consul was instructed to make a thorough investigation and report.

Aside from the report that the Ruth had been shipwrecked, details were lacking. No mention was contained in the consul's report that the ship might have been charged with filibustering.

The consul's dispatch was interpreted by officials here as indicating that some doubt existed as to the identity of "Lorenz."

A "well bred man claiming to be Dr. Lorenz" was the wording of the dispatch.

NEW INCORPORATIONS

The following articles of incorporation were filed yesterday with the state corporation department:

Proctor-Martin company, Rainier; incorporators, W. E. Proctor, W. B. Martin, Elsie M. Proctor; capital, $5000; contracting and building.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.—Adv.

SALEM HIGH DEFEATS LINCOLN SCORE 23 TO 22

In a nip and tuck basketball game the Salem high school defeated the fast Lincoln high school of Portland on the local's floor, by a score of 23 to 22. The game was the fastest seen on the high school floor this year with first one side in the lead and then the other. Salem played better than they have played at any time this year. Salem had a five point lead at the end of the first half but in the second half Lincoln came back and with a burst of speed scored three baskets giving them a one point lead. Heenan starred for the locals with 12 points.

Several times Salem was behind and in the last quarter it looked as though the locals were going to lose the game but they would speed up and take the lead by a point. With only one minute to go Salem scored giving them a two point lead. Cherry for the visitors threw a foul but the gun went off before they could get the ball again.

Cherry for the Lincoln school played stellar ball as did Price, they had a fast five and were able to work the ball down to the basket nicely. Scallan who is a star on the Franklin team does not show up as good as Cherry did as Cherry had some of the classiest floor work seen here for some time Price starred with the points for the visitors with 11.

Salem will meet the fast Corvallis five on the local floor Friday evening. This ought to be a good game as the Corvallis team has one of the best teams in years according to reports leaking out from there. Saturday night Salem will go to Silverton to play there.

The Indispensable Annual

The World Almanac for 1925, Now Forty Years Old, is Out, Better Than Ever.

America's standard annual is now in its fortieth year. The World Almanac and Book of Facts for 1925, just published, has promptly fallen into its accustomed place as the one indispensable book of reference ready at your hand. Ask the question, here's the answer.

Compressed into its 900 pages is the history of the United States and of the whole world, in fact, for 1924. The index points the way to a million facts. The multitude of carefully revised tabulated statistics are up to date, as are all its well-tested familiar features.

Essential facts that every one must have before him whereby he may form his judgment on the big problems of 1924-1925, are here—from reparations and the Dawes plan to the balance-sheet of the American farmer; from the air fleets of the great powers to the enforcement of the Prohibition Law, from the Immigration Law to the income tax. The aim of the editor is accuracy in collection of these facts; terseness in handling them, and accessibility in presenting them.

As a hand-book of politics and public affairs it is unequaled. The record of the Presidential year is given for all time in the forty-eight pages of election returns by States, the popular and the electoral votes in the last nine campaigns, and, further, in the reports of the National Conventions, with the three party platforms in full. As many pages are needed also for the records of the great sporting events of the year.

It is a mine of information for the busy man.

The World Almanac is published by The New York World. Price, 50 cents postpaid. Readers who appreciate the advantage of keeping the series on their bookshelves will welcome the cloth-bound copies published at 90 cents.

A man's nature runs either to herbs or weeds; therefore let him seasonably water the one and destroy the other.

SERIOUS LUNG TROUBLE STARTS WITH COUGHING

Physicians warn against neglecting coughs and colds and tell of the serious lung complications that may result. Leading physicians now prescribe BALSAMEA for all bronchial affections. Well known Dr. Benj. F. Crabtree, Anderson, Mo., writes: "I use it exclusively for my practice and my family. It is quick, sure and safe in its action like nothing else."

Toward the end of the influenza epidemic a government physician noticed that a tribe of Indians in Nevada, by the use of oils from a native plant were immune from the ravages of Influenza. He used these oils among his white patients and then in a hospital overflowing with "death" cases. News of the results swept the world and for some time it was not possible to supply the demand.

BALSAMEA combines these pure vegetable oils in a pleasant syrup. It gives miraculous results in four ways: 1. It soothes the inflamed membranes and relieves irritation, 2. It increases secretion of mucous and permits easy expectoration, 3. It stimulates pores of the skin in throwing off body poisons and 4. It strikes at the cause, quickly checking germ action.

Do not confuse it with ordinary balsam cough syrups that are only soothing syrups and do not go to the base of the trouble. Unlike other cough remedies BALSAMEA is free from coal tar and other harmful narcotics. Pleasant to take and absolutely safe to give to children.

Be sure you get BAL-SA-ME-A with the picture of the Indian on the package. Guaranteed to relieve any cough, no matter from what cause, or your money back. All druggists sell BALSAMEA. In Salem buy it from J. C. Perry drug store.—Adv.
