

CLEAVER TAKES CREDIT FOR ALL FINES COLLECTED

Portland, Ore., Jan. 16.—After examination of the report of George L. Cleaver, state prohibition officer, Multnomah county sheriff's officers said the figures do not represent activities of the state prohibition commissioner's office alone, but are totals of all fines collected through the county courts, of which at least three-fourths was the result of work done by deputy sheriffs with whom Cleaver had no connection.

As an illustration, Sheriff Hulbert pointed out that during 1924 \$1,890 was collected on liquor fines. All of this is included in Cleaver's report to the governor but only \$435 of it was the result of raids staged by Cleaver's men. The other was collected in fines from offenders arrested by sheriff's deputies.

CORVALLIS TO PLAY TONIGHT

Tonight the Salem basketball fans will have a chance to see what is expected to be the fastest and hardest fought game of the season when the Salem high school clashes with the Corvallis high school on the local floor. Corvallis is a strong rival of the local team who will have to fight with all the power they have to get a win over them.

The visitors will come here with the strongest lineup they have had in years and they are expecting to journey back home with Salem's scalp tied to their waist, but Salem also expects the same thing of the Corvallis five, so the game ought to be a hummer. It was reported that Rawlings, star forward of the Corvallis team, quit but the longing to get into the fray against Salem will probably be too strong for him and he will more than likely likely change his mind before the start of the game. If he does decide to stay out of the lineup the loss will be a big one for the visitors.

Salem has been working diligently for this game and should make a better showing than they have at any time this season. They have been having hard luck in their shots but that will disappear as the season goes on and they will probably have the strongest

FIFTH ANNIVERSARY OF DRY LAW ENFORCEMENT

Washington, Jan. 16.—Federal prohibition enforcement began five years ago today and Commissioner Hayden, in an anniversary pronouncement, said he believed accomplishments during the period "warrant a fair degree of satisfaction" when "taking all things into consideration."

The campaign against illicit liquor has been marked by many advances, but not a retreat, he said. Recounting that the principal flow of liquor after January 15, 1920, had been due to diversion from bonded warehouse withdrawals, the commissioner said, this had been reduced to a minimum by use of the permit system. The coast guard, in combating liquor smuggling, he said, is "fast getting it under control."

Less than 10 per cent of the entire production of denatured alcohol is now being used illicitly, he estimated.

FLAPPER STYLES GRO WABSOLETE

Paris, Jan. 16.—Bobbed hair and over-bright complexions, hard hats and barbaric jewelry appear to be on the decline, and cigarettes and slung among the feminine smart set are less aggressively indulged in than in past seasons. Such are the conclusions of a male observer who has reached after attending numerous Parisian social functions.

Color is playing a much greater part in Paris fashion than at any time since the armistice. Black dresses have become less popular and light colors have been steadily on the increase.

The short skirt has had a new lease of life, but is slightly fuller in the back. Sleeves for evening dress are also more popular and the bare arm is no longer considered essential for elegance in dress. The bare neck is also less common.

Wear they have had in years, although the loss of Patterson, star guard of last year, will be felt.

Tonight's game will start at 7:45.

A preliminary game between the United States bank and the high school second team will start at 7 o'clock.

THREE GENERATIONS OF WOMEN

Since the humble origin of Lydia E. Pinkham's Vegetable Compound in 1851, made on a kitchen stove, three generations of women have used this old-fashioned root and herb remedy for their ailments with wonderful success. Very often we hear of families where the grandmother, mother and daughter testify to its virtue. This accounts for the astonishing growth and demand for this dependable medicine from all over the United States and from many foreign countries as well.—Adv.

SOCIALISTS TO FIGHT LUTHER

Berlin, Jan. 16.—(By Associated Press.)—The socialist attitude toward the new cabinet formed with Dr. Hans Luther as chancellor, is summed up by a leading editorial in the newspaper Vorwaerts today, which declares the workers "regard the fact that a government has been offered them consisting of open and secret enemies of the republic as a slap in the face."

The workers, it adds, are preparing to fight, and the fight "will not be confined to the reichstag, but will be carried into every field of German life."

Berlin, Jan. 16.—(By Associated Press.)—The presentation to the reichstag of the new cabinet headed by Dr. Hans Luther as chancellor and the government's declaration of policy, set forth today has been postponed until Monday as Dr. Luther is experiencing difficulty in finding ministers to take the portfolio of finance and justice.

CASE AGAINST AGED MAN OF MONMOUTH DISMISSED

Dallas, Or., Jan. 16.—The case of the State of Oregon vs. J. McKeon was dismissed on motion of District Attorney Helgeson when court convened this morning. Mr. Helgeson informed Judge Ramsey that all efforts to locate the material witnesses needed to prosecute the case had failed. McKeon was held on a statutory charge involving a 14-year-old Monmouth girl. He is 70 years of age and had been in jail since September 1.

Old Timer is Back

"My friends had all given up and never expected to see me around again. I had given up hoping myself, as no medicine touched my case. The doctors had tried everything. My food did not digest and filled me with gas. My brother in Philadelphia wrote me to try May's Wonderful Remedy. The first dose gave me wonderful relief and I am now as well as I ever was and feel thirty years younger." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry, D. J. Fry and druggists everywhere.—Adv.
