PARDONE DBY PIERCE ONLY TO BE REARRESTED

H. M. Hoyt, former convict at the state penitentiary pardoned by Governor Pierce on November 16, was arrested yesterday afternoon by Deputy Sheriffs Burkhart and Smith at the Salem rooming house at request of department of justice officials in Portland. Local officials have not been advised as to what Hoyt is wanted for by federal authorities, but it is understood a recent federal grand jury returned an indictment against him.

Hoyt was sent to the penitentiary February 7, 1923, from Umatilla county on a charge of obtaining money by false pretense. His sentence was three years.

After his release from the prison he left Salem, returning here last Monday. His reason for returning here, he stated, was to close a real estate deal for some property in Salem. He told a man named McKinley, laborer here, that he had traded a home he owned in Portland for a house in Salem. He attempted to sell the house to McKinley, saying he would sell it to him for $50 down and the balance anyaway that McKinley wanted to pay it. Hoyt took McKinley to the house to see it, but when he reached there Hoyt told McKinley it was too dark to go inside and get an idea how the house looked, but urged McKinley to make the $50 payment anyway. McKinley refused. Whether or not Hoyt actually owned the house he was trying to sell to McKinley is not known.

POPULATION OF 250 MILLION PREDICTED

Chicago—Persons living will see a population of 250,000,000 in the United States if the present rate of increase keeps up, according to Professor A. P. Wolfe of Ohio State University speaking here today before the American Statistical association. But it will not keep up, in the professor's opinion. He is fairly certain the women themselves, the potential mothers of the future, will take measures to prevent it.

"Unless increase is quickly and greatly retarded, reaching the sensational point is a matter of only a few generations at most, not thousands of years as popularly supposed," Professor Wolfe said. "In the absence of an improbable revolutionary improvement in agriculture, we shall be pointedly confronted with the choice of reducing either our birth rate or our standard of living. A very essential part of the population problem is to get the people to see that they are confronted with a condition, not a theory."

EXPEDITION TO SAVE WHALES ENGLISH PLAN

Liverpool—Four members of a government expedition to the South Pacific, to study the breeding of whales and to prevent the extermination of the species which is now threatened owing to their indiscriminate slaughter, are now on their way to the whaling fields of South Georgia and South Shetland, and will form a scientific staff at the marine station. Other members will follow them next year.

Besides conducting whaling research the expedition will undertake scientific investigations affecting oceanography, meteorology and magnetism.

Do This After Severe Illness

How to Speedily Gain Strength and Put on Needed Weight.

Nothing like the wonderful vitalizing vitamines in Cod Liver Oil to help convalescing people to quickly get strong and well—everybody knows that.

But no body wants to take the ill smelling, horrible tasting, stomach upsetting oil itself, so nowadays, up to date medical men are ordering a tablet of Cod Liver Oil and it surely has proved a blessing to thousands if people who have been sapped of their natural strength after a severe illness and especially after the Grippe or a stubborn cough or cold.

Ask J. C. Perry, Central Pharmacy, D. J. Fry or any regular druggist for a box of McCoy's Cod Liver Oil Compound Tablets. They cost but little, are sugar coated and as pleasant to take as candy.

Skinny men and women take them to speedily put on plenty of good healthy solid flesh and for this purpose they are so extremely good that thin men and women often take on 5 pounds or more in 10 days. As a matter of fact, your druggist will return your money if you don't take on 5 pounds in 10 days.

Great for weak, skinny, backward run down children, too, and gives them a hearty appetite.

Be sure and ask for McCoy's, the original and genuine Cod Liver Oil Compound Tablets—60 Tablets—60 cents.—Adv.

San Francisco, Cal., Jan. 16.—Officers of ships arriving here during the last few days report the presence of a motor ship accompanied by a dozen small craft, all presumed to be rum runners, in the vicinity of the Farallone islands, about 26 miles due west of San Francisco.

Latest information regarding the flotilla was brought in by Captain W. Z. Haskins, master of the tanker F. H. Buck, who reported yesterday seeing it. He said that the craft ranged in size from fishing launches to large trawlers besides the motorship.

That mistake which is the consequence of invincible error scarce deserves the name of wrong judgment.

GRAND FEATURES FAMILY NIGHT

Bring on your prize families the whole gang gets in to the Grand theater to see Dore Davidson, Florence Vidor and a host of other stars in "Welcome Stranger" at the Grand theater tonight for 50 cents.

Tonight will be family night at the Grand, according to the announcement of John C. Stille, manager, and any family no matter how many it includes will be admitted to the theater on a single ticket costing only half a dollar, the price of a single admission to most picture shows of this class.

The picture feature is the film version of the famous stage production in which George Sidney rode to fame and is said to be one of the comedy hits of the year, presenting a new type of Jew who furnishes more than amusing entertainment. He is a Hebrew brought to the screen with all of his good humor, kindliness and common sense, business accumen and philosophy and there was no reason to exaggerate. There is just as human an appeal about the man as he has in real life.

The story relates how Isidore Solomon locates in a small New England town, overcomes the prejudice of the intolerant populace, puts the little village on the map and makes an enduring place for himself in the hearts of its people.

Davidson carries the role made famous by Sidney in a manner that marks him as one of the greatest character actors appearing in motion pictures today, and the work of the supporting cast is on a par with his display of talent.

HUNT DEER ON STREET IN VANCOUVER, WASH.

Vancouver, Wash.—A two-point buck deer was captured alive on Main street here recently.

The deer was ambling up the street from the banks of the Columbia river when several persons gave chase. He dashed down an alley, entered an abandoned building and leaped through a window, then jumped a high fence and started back toward the river. The pavement was wet, and the buck slipped and fell several times, finally crashing into a fence
