

JAPAN SIGNS TREATY WITH RUSSIAN REDS

Peking, Jan. 21.—(By Associated Press.)—The treaty between Japan and Russia providing for resumption of diplomatic relations which was signed here at midnight, consists of seven articles. Among them is a provision for recognition of the validity of the Portsmouth treaty but it is understood that Russia does not assume responsibility for the completion of the provisions of that treaty.

All other treaties concluded prior to 1921 will be revised or abolished at a conference to be held shortly.

Both Russia and Japan promise to restrain their nationals from acts likely to endanger the order and security of the other country. It also promises to restrain persons in governmental service or receiving governmental financial assistance from such acts.

The soviet agrees to give coal and oil concessions to approved Japanese on advantageous terms for a period of 40 or 45 years; also the right to exploit oil fields.

The soviet representative expresses sincere regret for the massacre of Japanese at Nikolaievsk in 1924.

The agreement provides for the evacuation of Sakhalin by the Japanese by May, 1925, but grants fishery, coal and oil concessions there and permits prosecuting from five to ten year periods.

Loans negotiated by the former Russian government and private claims will be adjusted at later conferences.

\$236,000 FOR TILLAMOOK BAR

Washington, Jan. 21.—The expenditure of \$236,000 for the further improvement of Tillamook Bay and bar, Oregon, has been recommended to congress by the army engineers. Local interests should be required, the report said, to contribute 50 per cent of the first cost estimated at \$180,000 and the federal government should set aside \$25,000 annually for the maintenance of the channels.

A channel over the bar 13 feet deep at mean low or low water, 200 feet wide and 13 feet deep from deep water in the bay to and including turning basin 500 feet wide in Miami cove and 200 feet wide by 16 feet deep from Miami cove channel to Hotsanville with turning basin 300 feet wide at that point was recommended. Work on Hotsanville part of the channel, however, it was declared should be delayed until a lumber mill of substantial capacity is erected there.

BEWARE THE COUGH OR COLD THAT HANGS ON

Chronic coughs and persistent cold lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist, Creomulsion Co., St. Louis, Mo.

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substance so called; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 45c and 30c.

JIGGS AND MAGGIE REPRODUCED IN PRICELESS PERSIAN RUG

A magnificent gift from the Orient in the form of a silk Persian rug reproducing one of his most famous cartoons has just been received by George McManus, creator of "Bringing Up Father" as a Christmas present from Adil Ahmad Khan, a Persian noble and art connoisseur.

The rug is a reproduction of a cover drawn by Mr. McManus for Circulation, the magazine for newspapermen, in 1922, and is one of the most unusual specimens of rug weaving ever made in the Orient. It is of silk, about six feet long by five feet wide, and was woven at the order of Ahmad Khan by the celebrated Abdul Hammad Keshany whose looms in Keshan have for thirty years produced the famous Kazanah silk rugs which are the envy of collectors of modern Persian rugs everywhere.

EFFORT TO BE MADE TO CLOSE COAST RIVERS

Legislation seeking the prohibition of seining on the smaller coast rivers south of the Columbia on the Oregon coast is expected to come up at the present session, according to gossip about the state house.

Many business men in various coast communities feel that greater effort should be made to keep certain streams highly attractive to sportsmen who bring money into the communities. Some of the gill netters and trawlers are also said to be interested in obtaining

abolishment of seines on these smaller rivers. If such measures bob up during the next few days, they will have the certain effect of bringing seining interests flying to Salem to fight them.

Longing may be a strength or a weakness, it depends on what you long for.
