

SENATE VOTES FOR LEGAL LAW ENFORCEMENT

BANKS BILL IS PASSED BY VOTE OF 21 SENATORS

(By Harry N. Crain.)
At the close of a flow of oratory that lasted throughout most of the day and brought practically all of the senators to their feet, the first real burst of argument during the session, the senate yesterday afternoon passed by a vote of 21 to 9 the Banks bill to allow proprietors of rooming houses and hotels, resorting houses and the like to appeal from orders of city councils revoking their licenses.

The vote on the measure was: For—Banks, Butler, Carner, Clark, Corbett, Davis, Dennis, Dunn, Fisk, Hall, Hare, Johnson, Klepper, LaFollett, McGladry, Miller, Rittner, Strayer, Taylor, Upton, Moser.

Against—Beals, Brown, Eddy, Garland, Joseph, Ginney, Staples, Tozoe, Zimmerman.

Inasmuch as the entire fight revolved around the aspect of the bill as a law enforcement measure, its opponents branding it as an effort to handicap law enforcement, the vote is considered as somewhat indicative of stand to be taken by the senate on other pending bills that bear upon law enforcement. Particularly is it considered an indication of where the majority in the upper house may be expected to stand on questions involving the personal and constitutional rights of citizens in legislation dealing with law enforcement.

Following the noon recess Senator Garland took up the fight on the measure, shouting: "I know what is back of this bill. You men do not or you would not introduce it. It is an attack upon law enforcement in this state by those willful hotel proprietors who wish to cheat themselves by the sale of moonshine."

Summing up before the hallooing Senator Banks took occasion to roundly score Senator Joseph, declaring his opposition to the bill to be founded on reasons of political expediency.

"You would think from Joseph's remarks," said Banks, "that the only property owners in Portland are the bootleggers, the rambos, the prostitutes and Miller & Frank. Joseph has nothing to fear from this bill. As long as he sits with Julius Meier at his right hand, all he has to do is call up the city hall and get what he wants."

Staples assailed the measure. "I believe," he said, "that this bill acts in the interest of the bootleggers, the gamblers and the prostitutes. I prefer to have this authority vested in six men who come into contact with these problems every day, than to delegate it to one man, be he judge or what not."

"I am against this bill because it encourages those barnacles we have in Portland who make their living by their wit."

Senator Davis defended the bill, declaring it would prevent the taking away of property without due process of law.

Butler's branded assertions that Banks was standing in with bootleggers as attempts at coercion. He declared that the question at issue was whether one party to a contract should say to the other party that it has violated the contract and then constitute itself the judge and jury to determine the question.

Joseph took another rap at the bill from the angle of landlording. He said the power to revoke licenses was vested in the city commission to prevent houses of vice passing immediately into the management of another bootlegger or prostitute if a former one were arrested.

Dennis moved the previous question. The motion carried but Banks under the rules exercised the right to close the argument.

SCIENTIFIC

The scientific situation at the back of the hip joint is frequently the subject of Neuritis, giving rise to the painful disease Sciatica. The symptoms are intense pain which shoots down the thigh to the foot, often aggravated by walking, and with painful points along the course of the nerve, very tender to the touch.

The disease is a very obstinate one and does not readily respond to ordinary treatment. It takes more than the usual pain sedative to relieve the pain.

The quickest, safest and surest way to get rid of the persistent nerve racking pains of Neuritis is to get a bottle of Allenburys Special Formula No. 2, which comes in capsule form. Take them as directed and notice how! about 24 hours they have completely subsided, if not entirely banished, all pain and soreness. Continue until the Neuritis has entirely disappeared and you are able to work and rest! effort once again. J. C. Perry Drug store keeps this Special Formula No. 2 in stock all the time and sells lots of it. Mail orders received.—Adv.
