A tiny tropical island, far south in the Pacific, is to be the temporary home of Dorn Ellis Arnold formerly of Salem, who is with a group of United States Marines who left here recently for Guam. He will probably remain at this military outpost for a year or longer, visiting the Philippines, Japan and the Hawaiian Islands, before he returns to America. Arnold, who is a son of Mrs. Barbara Arnold, 1205 Highland avenue, Salem, joined the Marine Corps at Portland last October, and was assigned to duty on the west coast. The voyage to Guam takes about three weeks.

Dr. Walter H. Brown will reside on North Summer street in the home formerly occupied by Dr. E. E. Gilbert. Dr. Brown is to have charge of the five year health demonstration here.

Dance, Schindler hall Sat. nite 21

Directors of the Oregon Hospitality club in session here discussed plans for a big caravan from Salem to the Portland Rose Festival this year, the sending of a ship along the coast to Los Angeles to advertise Oregon through booster clubs, and also decided that Salem will have the annual convention following the next convention at Medford. The Oregon Hospitality club is made up of booster clubs throughout the state and the idea originated with Al N. Pierce, its president, and past king of the Cherrians. R. O. Snelling of Salem is secretary of the club.

HOSPITALITY CLUB TO VISIT SALEM IN JUNE

Members of the Oregon Hospitality club to the number of 300 or more will travel in a caravan to Salem some time in June to attend the first annual meeting of the club to be held in Salem.

At a meeting of representatives of the club, held yesterday at the Marion hotel, it was voted that the first annual session should be held at Salem on the day before the big parade in Portland of the Rose Festival. The session will be held in the house of representatives.

After the day's session in Salem, the caravan, accompanied by the Cherrians, will leave in a body for Portland on the following day.

Representatives of the boosting organizations of the state, in voting to hold the first annual session at Salem were of the opinion that it would be convenient to hold the business session in Salem and then attend the Rose Festival in Portland, where every one of the marching organizations could take part in the parade.

The Oregon Hospitality club is composed of representatives from the following booster clubs: Salem Cherrians, Newberg Berrians, Roseburg Umpqua Chiefs, Grants Pass Cave Men, Coos Bay Pirates, Medford Craters, Ashland Lithians, Klamath Falls Pelicans, Vancouver Prunarians, Bend Lava Bears, Ashland Gobblers and the Bandon Beachmen.

At the first session of representatives held at Roseburg, Al Pierce was named as president and R. O. Snelling as secretary. No other state in the union has a central organization similar to the Oregon Hospitality club.

With a caravan of 12 marching clubs to meet in Salem and then travel in a body to Portland to the Rose Festival, officers of the Oregon Hospitality club foresee that this state will receive national publicity.

DIVORCE CASE PACKS COURT ROOM

The old Roman arena in its palmiest days had nothing on Judge McMahan's court room for popular favor when yesterday the divorce case of Ovid against Pearl Kumler was up for trial. So insistent was the crowd to get into the place, a crowd which packed the room and filled a part of the hall, that Deputy Sheriff Bremmer was requisitioned to bring about order.

Judge McMahan himself ordered everyone out of the court room but witnesses and friends of the parties because the humming and buzzing of the crowd interfered with the power of the court to hear the testimony.

There also was some interesting testimony. Jack Easter, named as co-respondent, made incriminating admissions on the stand.

But Mrs. Jack Easter, a witness for the prosecution, had the misfortune to become so excited she forgot just when her own children were born, her mind became a blank under the torrent of questions pouring over her from the defendant's attorney and she retired in confusion.

The case has gone over to await decision on whether an amended answer can be filed, and then further testimony will be taken.

The husband charged his wife with infidelity which she denied.

76-Pound Salmon Trapped

A giant salmon found its way into Puget Sound near Anacortes, Wash., not long ago and was caught in a salmon trap operated by the San Juan Co. It measured four feet long. Trollers in the Seattle harbor reported catching many salmon that weighed 50 to 60 pounds each.

Mr. and Mrs. O. J. Moe of Silverton are in Salem today.

P. H. Loveland has received a permit to erect a one story dwelling at 925 North Church street. He will have the work done by day labor, and expend $1600 in the building. Mrs. M. N. Ballard will erect a 1½ story dwelling at 1697 Center street costing $2000, according to a permit filed this morning. She will have the building done by day laborers.

Alvin Madsen, O. A. C. graduate of 1921, who formerly lived in Silverton, has purchased a run down farm in Polk county near Lincoln, and is building up the place. He was graduated in a farm management course from the school of agriculture, and has been manager of a reclaimed farm near Clatskanie, on the Columbia river for several years, belonging to Professor Scudder, farm management department head at the college. Mr. Madsen was in Salem this morning with Horace Addis, associate editor of the Oregon Farmer, an agricultural publication with an office in Portland. Mr. Addis is attending the 1925 session of the state legislature, and stayed over night with Mr. Madsen on his Polk county farm.

Troop 2 of the Salem Boy Scouts staged a moving picture show at the First Congregational church last night. The film, entitled "To Have and to Hold," netted $20 and will be applied on the $50 which the boys have pledged to the new Y. M. C. A. building.

Mathew Dorks, 1240 S. 15th street, was held up and robbed of a driver's license and a key to his auto last night at 12th and Wallace streets. His watch was not taken, nor was some loose change he had in his pockets.

BE CAREFUL

Chester C. Stan, 343 Ferry street, had a slight auto accident with another car, which did not stop, last night.

CORONA OF SUN PERFECT; BAILEY BEADS SPARKLE

(Continued from Page One)

splashed, the horizon, adding to the grand spectacle.

The corona of the sun was perfect.

The shadow of the total eclipse stole across the snow covered landscape, visible about two minutes before and after the totality.

Last 30 Seconds.

The total eclipse lasted for about 30 seconds, as scientists had forecast.

A purple light gradually descended over the earth, forerunning the total darkness. There was a period of darker purple and black grey light, during which dancing waves of crescented lights wove a fantastic pattern on snow fields, roadways and the sides of buildings.

Bailey beads, dancing like drops of liquid to topaz strung on a sparkling thread, hung in the sky for just a moment before the eclipse became total. As they flickered out the shadow bands flared forth weirdly, heralding the appearance of awe inspiring corona.

It seemed like many minutes rather than a few seconds that darkness saturated earth and sky, except for that small portion where hung the dazzling circle of colorful fire.

Then slowly the shadow bands appeared on the opposite side of the solar lunar conjunction. Bailey beads spread their ochre crescent again—a feature of the spectacular eclipse about which the forecasts of astronomers had said little.

By this time the corona had subsided, chased into invisibility by the regathering splendor of the sun. A few minutes more and the spectacle turned into the final stages, looking much as it did in the initial phase on the reverse—like a quarter moon of supernatural brilliance gradually evolving to full moon proportions. Twilight slowly came, day again.

ELK INSPECTION NEXT THURSDAY

Percy A. Young of Albany, district deputy grand exalted ruler of the Elks lodge, will make his annual inspection visit of the local chapter next Thursday night. He will be accompanied on the visit by Ben S. Fisher of Marshfield, president of the state Elks association, and while they are here a class of 30 candidates will be initiated into the order. Mr. Young is a banker of Albany and past exalted ruler of the Albany lodge.

This will be the last inspection in the old Elks building, for it is expected by H. J. Wiedmer that the new Elks temple will be ready for occupancy next May. Contractors will have completed their work by April 15, he believes, and little more than a month will be needed in which to furnish the building. Ceremonies of laying the corner stone will be observed as soon as the weather becomes settled, he promises.

One feature of the new building will be a women's parlor, with a special outside entrance, equipped with a special reading table and library.

ERIC POWER PASSES AWAY

Eric Power, aged 61 years, died early this morning at his home in Lebanon, according to to word received by relatives. He was a brother-in-law of Mrs. Frank Power and an uncle of Kenneth and Florence Power of Salem.

Surviving are his wife, Mrs. Mary Power, and one brother, Leon Power of Portland. His brother, Frank Power, died in Salem eight years ago. No arrangements have been made for the funeral.

Eric Power was born in Keson, Minnesota, and lived in Salem a number of years ago. He was connected with the bank in Lebanon.

Time and industry produce every day a new knowledge.

CARD OF THANKS

We wish to thank our friends and neighbors for their sympathy and kindness to us during the illness and death of our husband and father, Gust Eld; also for the floral offerings.—Mrs. M. G. Eld and family. 21

Died

LYNCH—In this city, January 22, Joseph J. Lynch, age 49, a resident of Portland. He was the brother of J. T. Lynch of Portland and Mrs. J. R. Chapman of Salem. Funeral services will be held Monday, January 26, at 10:30 a. m. from St. Joseph's church. Interment will be at St. Barbara's cemetery under the auspices of the Moose lodge of Portland. Rosary will be held Sunday evening at 7 o'clock at the Rigdon mortuary. •

CITY ZONING PLAN ENDORSED BY CITY FEDERATION

The zoning plan and passage of an ordinance to that effect, met with the approval of the Salem Federation of Clubs last night at the first meeting it has held for nearly a year. Frame shacks and frame buildings, constructed in districts where they are a nightmare to residents of that district were cited as ample necessity for a zoning plan which will effectively assist in the beautifying of the city.

The Y. W. C. A. drive was endorsed by the federation and speakers who talked on the value of that institution to the city. Centralized management of organized charity also met with favor. Condemnation of auto parking at points where street cars take on and discharge passengers was condemned.

A plan was adopted to assist the war mothers in completing their drive for the necessary funds for the monument on the court house square. Mrs. John A. Carson stating $1320 in still needed, of which Salem is $800 behind in her quota. Uniform tree planting and renumbering of houses were other mores discussed.

OREGON PLAYS BEARCATS TONIGHT

The University of Oregon basketball squad arrived in Salem last night, preparatory to the Oregon-Willamette tilt which is to usher in northwest conference basketball at Salem tonight. This morning both coaches were feeling pessimistic concerning the chances of their teams.

"My men are pretty well rubbed out," said Billy Reinhart, Oregon mentor. "We've had two hard games in the last two nights." Oregon defeated Pacific university 65 to 21 last night, and Multnomah 32 to 21 Thursday night.

"They've improved wonderfully since we played them last," was the statement made by Rathbun, who saw the Oregon-Multnomah game. Rathbun further stated that his team had been able to have only light workouts during the week on account of the poor condition of the Willamette players. Robertson, who has been showing up well at forward, was not in a suit until yesterday, the condition of his foot keeping him off the floor.

Critics have predicted, however, that the game will be closer than the Willamette-Oregon tilt at Eugene two weeks ago. At that time Oregon defeated the Bearcats by a wide margin.

SCIENTISTS SECURE FINE PHOTOGRAPHS FROM ZEPPELIN

(Continued from Page One)

onds later than astronomers had calculated. It was five seconds behind schedule at Cornell, three seconds at Vassar, and five seconds at Yale.

Scientific observations were characterized as the most successful ever made by Dr. E. E. Free, who headed a party at East Hampton, Long Island.

The weather bureau at Cornell noted a drop of 1.3 degrees in the temperature. A drop of two degrees was reported at Yonkers.

Shadow bands were noted at Yale one minute before and one minute after totality. Jupiter, Mercury and Venus were clear at Yale, but no comet was seen.

Nearly three miles up in the air an army plane from Mitchell field Long Island, took 12 pictures of the racing shadow.

LIVELY FIGHTS IN PROSPECT NEXT WEEK

(Continued from Page One)

strongest strategical position, not because of its avowed friends, but by reason of its lack of organized opposition. Proponents of the Mills plan have two distinct forces to combat, the group that is fighting their suggestion and the friends that are rallying to the Jackson county proposal.

Prospects are good for a deadlock that will prevent either plan being submitted to the people.

Monday or Tuesday should also see three more measures of highly explosive controversial content tossed into the legislative arena—the bills taking from the governor the power of naming the fish, game and Port of Portland commissions, and placing it with the legislature. Difficulties in lining up sufficient strength behind all three proposals to carry them over the executive veto has just about eliminated the plan of combining them into a single bill, and the program now calls for separate bills and separate battles.

The bill shifting control of the game commission will likely be the first sumbitted and will carry the controversy which has featured the workings of the commission for the past several months directly to the legislators by asking them to rename all of the present commissioners with the exception of Richard W. Price, who has been active in his efforts to oust A. E. Burghduff as secretary of the commission. To succeed Price the framers of the bill are said to be undecided whether to name Bert Anderson, of Medford, or Mike Lynch, of Redmond. I. N. Fleischner, James W. Maloney, Harold Clifford and Ben Dorris are said to be assured of retaining their places.

Few changes, if any, are contemplated in the personnel of the Portland port board it is said, and while it is rumored that E. P. Kendall is the only member of the fish commission slated for retention those behind this measure assert that they have not yet decided on the entire personnel to be recommended.

Ratification of the federal child labor amendment, which early in the session appeared certain of decisive defeat, is taking on a new aspect and those favorable to its ratification are taking heart in a decided change of sentiment among the legislators. Assured that there is no possibility of securing ratification in the legislature the pro-amendment forces are effectively arguing for submission of the question to the people at the next general election, and many of the solons are inclined to accept the suggestion as an easy manner of getting themselves out of a politically embarassing hole, especially some of those who have ambitions to hold higher offices.

The joint public hearing on the ratification question, slated for next Wednesday evening, is expected to bring the whole question to a head.

Opposition to the 5 cent gasoline tax proposal introduced by Senator Hall for the Oregon State Motor association is rapidly crystalizing around one feature of the bill, and unless that feature is eliminated, or modified, defeat of the bill is practically certain.

The bill provides for the removal of tractors, motor boats and other motor driven contrivances from the tax rolls, and eliminates the rebate they have heretofore enjoyed in regard to the tax on the gasoline they consumed. No provision is made to reimburse the counties and cities for the tax losses thus suffered and that, alone, is sufficient to line up a strong majority against the bill.

The loudest voice of protest, however, comes from representatives of the farming interests, who point out that under such a system the tax on farm tractors, for instance, would be trebled. They have figured out that the big eastern Oregon wheat farmer would be paying a tax of from $175 to $225 a year on his large tractors, and that the smaller machines in more general use on western Oregon farms would be taxed from $100 to $175, depending upon the extent of their use.

Under the present system of assessing these machines as property the tax averages from $15 to $80, depending upon the size, when the tractor is new, and this amount is gradually reduced as depreciation upon the machine sets in.
