JOSEPH'S STATE POWER PROJECT BILL APPEARS

Senator Joseph's proposal to allow the state to engage in water power development projects made its long-heralded appearance in the senate this morning when he introduced a joint resolution proposing to submit the scheme to the people in the form of a constitutional amendment.

The measure is patterned closely after a similar measure introduced by Joseph in the 1921 session, and is so drawn as to allow the state to engage in power development independently, or in cooperation with any state or states, with the federal government or with all of them.

The resolution points out that such development would effect an immense saving of coal, oil and fuel, and that over half a million acres of land in the northeastern part of the state could be irrigated by electrical energy so developed.

The measure provides that notwithstanding the state's constitutional limitations, the credit of the state may be loaned and indebtedness incurred for the purpose of providing the necessary funds to acquire and develop hydro electric power and to sell it throughout the state. It would give the state the right to contract with political or municipal subdivisions of the state, with other states concerning the development, construction and use of interstate and other waters for the generation of power.

CHI DEFEATED NEAR SHANGHAI

Shanghai, China, Jan. 25.—Troops of Chi Hsieh-quan at Wush, 80 miles west of here, have suffered a decisive defeat, according to reports received here tonight.

The reports asserted that General Chi's troops were retreating along the line of the Shanghai-Nanking railway toward Shanghai, leaving Wush in the possession of the central government's Manchurian troops under Lu Yung-shian.

Authorities governing the foreign settlement, on receipt of the reports, prepared at once to deal with another vanquished army, giving the losing soldiers the same treatment accorded the troops of Chang Yung-min earlier this month.

(General Chang's men were first disarmed and interned, then sent by water to Tientsin, where they were set free.)

BOYER FOR CHANGE IN MARRIAGE LAWS

County Clerk Boyer declared today that under present conditions there is no medical examination as a condition precedent to issuance of a marriage license is required in adjoining states he would favor repeal of the present law requiring such examination here, and also believes if it is applicable to one sex it should be to both. He believes if the matter was taken to the supreme court it would be declared unconstitutional as class legislation.

The county clerk states, after further examination, he also is inclined now to favor the measure permitting marriage licenses to be issued even when the bride is not a resident of the county where the license is taken out. He believes that this change would operate to do away with so many rushing outside of the state to secure marriage licenses and cause licensees of Oregon people to virtually all be issued in Oregon.

SMITH BREAKS AWAY FROM QUARANTINE

Lilo F. Smith, detained in the isolation department of the Salem hospital, following a severe case of smallpox, broke quarantine Sunday morning quite early, and was in his rooms at the Oregon building until nearly noon, when the superintendent of the hospital notified W. B. Mott, city health officer, and with a police officer, Mott went after the missing man.

Mr. Smith was immediately taken back to the hospital, and a young woman with whom he had been talking was obliged to go too. The rooms at the Oregon building have been fumigated and Dr. Mott believes that no harm will come of the premature escape of the hospital.

"We're making every effort to keep strict quarantine rules observed on any contagious disease cases," asserts Dr. Mott.

REYNOLDS WOULD STOP SLASHINGS ON STREAMS

Persons who have made it a practice to slash along streams of the state and let the light water dispose of their trees and brush would be punished by a fine of from \$50 to \$500 or by jail imprisonment from one to six months under house bill 113, introduced by Reynolds, Marion county, burning or removing of timber and brush would be necessary before high water seasons.

tion of removing Chief L. V. Jenkins.

Frank L. Shull, chairman of a citizens' committee of law enforcement said today that he had talked with Captain C. G. Bannick while in Seattle, Saturday, and had asked him if he would consider appointment as chief of police of Portland if there should be a vacancy. The committee of which Shull is chairman was formed recently and given assurance by Mayor Baker that it would receive his co-operation.

Mayor Baker said that the committee had discussed with him the matter of law enforcement, but had not mentioned the question of obtaining a new chief of police.

MARY M'SWINEY TO CRUSADE FOR REPUBLIC

New York, Jan. 25.—Miss Mary McSwiney, Irish republican leader and sister of Terence McSwiney, lord mayor of Cork who died after his hunger strike against the British, and herself a veteran of a twenty three day hunger strike against the Free State, is in this country to champion the cause of an Irish republic, it was learned today.

Miss McSwiney arrived Friday. She refused to say how she came here except to admit that she came in cogito.

After addressing a meeting here February 28, she will go on a six month tour of the country. Her last visit here was in August, 1921, shortly after her brother's death.

COOLIDGE TO MAKE TRIP TO NEW ENGLAND

Washington, Jan. 25.—President Coolidge plans to make a trip to New England either in April or in June.

He may attend the battle anniversary celebration at Lexington April 19, but should be unable to do so, probably will go to Boston in June for the anniversary of the battle of Bunker Hill.

BELOW ZERO WEATHER PREVAILS IN MID-WEST

Chicago, Jan. 25.—The latest cold wave from Alaska had pushed zero temperatures as far southward today as southern Nebraska and northern Iowa with an expected drop to near zero in Chicago tonight. Sub-zero temperatures ranging from 20 to 40 degrees were reported from North Dakota, northern Minnesota and Manitoba.

MOSER PLEDGES SUPPORT FOR CONVENTION BILL

Support of the principles embodied in the Mills bill, now up for consideration before the Oregon state senate, was pledged by Gus Moser, president of the senate, in a speech before the senate chamber of commerce this noon.

"I am not committed to the Mills bill any more than to any other bill that will accomplish the desired result," said Mr. Moser, "but I do believe that there is a general feeling throughout the state that we need some safeguarding for the present primary system."

The idea introduced in the legislature by the Jackson county delegation would be a better plan if it did not involve too much expense, Mr. Moser stated.

One remark that the speaker made with regard to his home state, Wisconsin, aroused the ire of Senator La Follett, who was a guest at the luncheon.

"I want to ask Senator Moser a question," said Mr. LaFollett. "Did you say that Wisconsin has made some mistake lately because my cousin carried the state by two hundred thousand?"

"I didn't mention any names," said Moser, Moser smiled, the crowd laughed, and excitement soon subsided.

Senator Toome of the ways and means committee, called on to say a few words, spoke on the subject of state taxation and expenditures.

"We should discontinue this common talk," he said, "that our taxes can be materially lowered. I want to inform you that for whatever is necessary in our state departments, I am willing to appropriate the necessary money. We must meet our needs fairly and squarely. However, I do believe that we can reduce taxes by requiring every man, woman and child who is incarcerated for crime to earn his or her own living."

Senator Johnson from Corvallis, and Representative Sam Brown each spoke briefly.

POSTAL PAY BILL BEING DEBATED

Washington, Jan. 25.—The postal pay and rate increase bill continued to have right of way in the senate today with its rate provisions still the object of attack by the opposition forces.

Senator Swanson, democrat, of Virginia, had asked notice that before final action on the bill he would again attempt by motion to have all of the rate increase provisions stricken out, which would leave the measure in the same form as when vetoed by President Coolidge.

If the bill passes the senate, Representative Garrett of Tennessee, the democratic leader in the house, has declared he would move to send the measure back to the senate on the ground that that body had exceeded its constitutional authority by originating revenue-raising legislation. The senate, by a vote of 50 to 29, last week refused to sustain a point of order moved against the rate provisions on this ground.

PECTIN PATENTS ARE SUSTAINED BY COURT

At a stated term of the United States district court, sitting at Portland, Oregon, a decree was entered in favor of Douglas-Pectin Corporation of Rochester, New York, and a perpetual injunction issued restraining the Hood River Apple Vinegar company of Hood River, Oregon, from making, selling or using, or causing to be made, sold or used certain food products and from manufacturing, using, selling or distributing certain food products intended for use in practicing the method or the process covered by certain patents owned and operated by the said Douglas-Pectin corporation, unless with the expressed written license and consent of the owners of the above mentioned patents and copy-rights. This decree is the result of a suit entered on April 29th, 1924 by Douglas-Pectin corporation, manufacturers of "Certo" brand vinegar, against the Hood River Apple Vinegar company in making and selling their Pectin infringed patents known as "Douglas Patents" and in advertisements used by Hood River Apple Vinegar company had violated Douglas-Pectin corporation's copy-rights.

SCHOONER CREW ESCAPE WRECK IN LIFE BOATS

Seattle, Wash., Jan. 25.—Fourteen men making up the crew of the British schooner Speedway which sank in the Pacific ocean 15 miles west of Cape Flattery, Saturday afternoon, after a fire and explosion, will reach Esquimaut, B. C., today aboard the Canadian patrol boat Armentiero, it is expected.

The crew left the sinking ship in two lifeboats, one of which was sighted yesterday noon by the steamer Maulant, Honolulu-bound from Seattle, which rescued Captain Robert Sinclair and six members of the Speedway's crew who had drifted 22 hours on the rough sea.

After sending out wireless messages to other craft and shore stations the Maulant landed Captain Sinclair and his men at Swiftnore light ship and then proceeded on its way. The revenue cutter Albatross hurried to the scene from Neah Bay, Wash., and joined with several other vessels in a search for the other lifeboat.

Late last night radio messages from Pachena Point states that the second lifeboat had landed at Pachena bay and that the seven occupants had made their way to Bamfield, on the west coast of Vancouver island.

BROOKS REPORTS MANY ROBBERIES

An epidemic of small robberies hit Brooks Saturday and Sunday nights according to reports coming in to the sheriff's office. Deputy Sheriff Sam Barkhart being detailed today to investigate last night's robberies and Deputy Sheriff Bremer going down yesterday to investigate a robbery reported Saturday night.

The Saturday night robbery was in the Brooks freight depot, a number of sacks of onions being taken, according to report made by Japanese onion shippers.

Last night the general store of Howard Ramp was entered, cigarettes, tobacco and \$5 in cash being taken. Also the Southern Pacific depot was broken into and a handbag and suitcase were taken.

No clew was reported as being found in any of the robberies, nor have the officers determined whether the robberies were local jobs or pulled off by transients.

PURDY CIRCULATING LORDS PRAYER LAW

Will E. Purdy is once more circulating petitions calling for enactment of legislation which would require that copies of the Lord's prayer be printed and conspicuously posted in certain public places. This morning he had secured 75 signatures on his petitions, including those of leading county and state officials, as well as pastors and business men.

"The legislature will pass the bill this time," stated Purdy. "There is too much demand for it to permit the legislature to do otherwise. Last year they were all afraid to vote against it so they let it go to sleep in committee. But they dare not do that this time."

CROSS WORD PUZZLES FORGES BOY TO LEAVE

Fairview, Okla., Jan. 25.—Cross word puzzles caused Otto Fuller, 15, to leave his home, he told authorities on his return here after running away.

"When you have to do all the chores, do your own cooking and fall over someone sprawled out on the floor working cross word puzzles, home isn't so much fun," Otto said.

Otto said he was the only member of a family of seven who was not addicted to cross word puzzles.

CROSS WORDS PUZZLE WORKED OUT IN PULPIT

Cross word puzzles were introduced into church services in Salem yesterday when Rev. Ernest Shank, pastor of the First Baptist church used one of the puzzles to illustrate his text, "He knew not that the Lord had left him." The various words of the text were worked out on the platform by the pastor, and much enthusiasm and interest was manifested by the audience, which filled every seat in the building.

The Baptist services yesterday were the conclusion of the revival campaign carried on at that church. Reports indicate that the campaign was a success.

FAVOR INCREASE IN ANNUITIES

Washington, Jan. 25.—Increased annuities for the 19,548 retired government employees are favored by the president's cabinet. Secretary Wood said today in a letter to the senate committee on civil service urging legislation at the present session of congress to relieve what the secretary described as "actual distress existing in many cases" of under-paid federal annuitants.

"It is to be hoped members of congress at the present session will come to the assistance of the thousands of retired federal workers by increasing their annuities under the retirement law," said the secretary.

"The average annual rate paid annuitants under the present law is \$546.20. About one-third the total of 10,548 annuitants receive a maximum of \$720; almost another third receive less than \$432; while the lowest annuity now being paid is \$30.60 per annum.
