SUES WERLINE SEEKING \$20,000 AS HEART BALM

Dallas, Or., Jan. 29.—A \$20,000 damage suit charging alienation of affections has been filed in circuit court here by Frank White of Portland against George M. Werline, prominent hop man of Independence. The suit, brought by Attorney J. F. Alexander of Portland and J. N. Holger of Dallas, asks \$10,000 as damages for being deprived of his wife's affections and \$10,000 exemplary damages "because of said malicious acts" recited in the complaint.

The time charged in the complaint runs from February, 1924, to September 29, 1924, and is understood to have begun at a time when White and his wife were employed on the Werline ranch early in 1924.

The complaint charges Werline with alienating the affections of Mrs. White with promises of money and of buying her an auto and an apartment house. He is alleged to have permitted her to drive his car and to have taken her on numerous trips.

"Defendant often told plaintiff's wife that she was too good to waste her life with him," the complaint recites. It also charges that the couple registered at a Portland hotel on September 29, 1924, as George Martin and wife of Independence and again at the same hotel and under the same name on September 26, 1924.

SUITOR SHOTS WIDOW AND SELF

Clarksburg, W. Va., Jan. 29.—Nelson Woods, 22, a freshman in the law school of Yale university, shot and killed himself today after he fired two shots into the body of Mrs. Georgia Warden, 23 years old, widow of Bridgeport, W. Va. The shooting was believed by police to have been caused by Mrs. Warden's refusal to marry the young student.

A taxicab driver, who had driven Woods and Mrs. Warden from Clarksburg to the home of W. Sandridge, her brother, in Bridgeport, where she lived heard Woods say as he stood upon the steps of the home:

"Well, if you don't marry me nobody else can have you." The couple went into the house and soon the driver heard the shot. She was taken to a hospital, where it was said she probably would not live.

VINEYARDS OF CAUCASUS DESTROYED BY THE COLD

Batum, Georgia, Jan. 29.—Vineyards and orchards valued at millions of dollars have been destroyed by the cold which prevails throughout the Caucasus. The famous Abrauduro vineyards in the northern Caucasus which have supplied Russia with its finest champagne, are ruined and many vineyards noted for white and red wines have suffered a similar fate. Great areas of lemon and tangerine trees in the Batum district have succumbed.

There is three feet of snow in the Tiflis and Baku districts and all the oil wells are idle. Anxiety is felt for the effect of the continued freezing upon next year's wheat crop.

Mill City, Or., Jan. 29.—The operetta "The Windmills of Holland," in which Mrs. Nina Wadsworth Kahler and cast have been working for the past month, will be presented to the public in the Hammond hall on February 3. The basketball teams of the Mill City high school again emerged victorious Tuesday night when they met the Gates high school on the local floor, the boys winning 27 to 14 and the girls 26 to 11. This is the second time this season the boys have triumphed over Gates, the girls, however, having been defeated before. LIGHT SCARES BURGLAR OFF

The nerves of T. A. Park and his family were set on edge last night when a burglar tried to break through one of the doors of their residence at 1145 Grand street. Mr. and Mrs. Park had retired about 9:30, and about an hour later they heard someone working on the screen door to their porch.

"I was pretty badly scared," confessed Mr. Park this morning. "I don't know the exact wording of the law that permits a man to shoot a burglar."

By turning on the porch light Mr. Park frightened away the house breaker, but not before he had obtained a good look at the man. The burglar was tall and slender, of middle age, with gray clothes and no overcoat.

Stop Night Coughing This Simple Way

People who have persistent, annoying coughing spells at night, and who through loss of valuable sleep are weakening their systems and laying themselves open to dangerous infections, can stop their distressing trouble promptly by a very simple treatment. Hundreds who have hardly been able to rest at all for coughing, have gotten their full night's sleep the very first time they tried it.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and mucus which are the direct cause of the coughing. The result is that you usually sleep soundly at all the very first night, and the entire cough condition goes in a very short time.

The prescription is highly recommended for coughs, heat, colds, hoarseness and bronchitis, and is wonderful for children's coughs and spasmodic croup. No harmful drugs, no opium, and no other harmful ingredients. It is on sale at all good druggists. Ask for

WARMER WEATHER CHECKS COLD WAVE

New York, Jan. 29.—Warmer weather was predicted today for the metropolitan district which, with the Atlantic coast, from Maine almost to Florida, was in the grip of a cold wave of unusual intensity last night.

Along the Atlantic coast, from Washington to Atlanta, snow interpreted with cold rains was reported yesterday. Milder temperatures, with a smouldering of storm conditions, were evident, however, over this area last night.

KANSAS WHEAT GIRL PRESENTS SACK TO CALVIN

Washington, Jan. 29.—A blue eyed miss from Kansas, who raises chickens and cooks for harvest hands, claimed a part of the Washington stage for herself today, while congressmen cabinet officers and the president paused to do her honor.

She was Vida Watson, 19, daughter of a farmer living near Tabor, but her arrival and round up of activities during the day attracted as much attention as many a foreign envoy. She was envoy herself for that matter, because, as the "Kansas wheat girl," she carried to President Coolidge a bag of wheat and the message that "Kansas grows the best wheat in the world."

Miss Watson had her visit to Washington timed to coincide with celebration of "Kansas day," the anniversary of the admission of Kansas to the union. Incidentally, her visit coincided with the mounding of wheat to a new high price record for the period since the war.

Miss Watson's first engagement was her reception at the White House by President Coolidge to deliver to the president the bag of wheat—some of the wheat harvested by the late President Harding near Hutchinson, Kansas, on his final western trip. Then she was received by Mrs. Coolidge.

The president in accepting the wheat observed that "Kansas not only grows the best wheat in the world, but apparently the best looking girls."

SUSPECT ARRESTED AS SUPPOSED THIEF

Responding instantly to a hurray call from owners of the Dams grocery store at 1003 South Commercial street, police officers last night caught a man they are holding pending investigation. This man was behind the store, exactly as the telephone call had informed police and a search of his person brought forth a 22-caliber pistol, a bunch of brass huy and three valuable rings and a gold watch.

Officers James and Smart made the arrest. The prisoner is a tall, slender man, with a striped suit and is wearing a pin of a well known fraternal order. He gives his name as John Stanford of Spokane, Wash.

POPCORN P. T. PRESENT PLAY ABOUT SALEM

Several invitations for the presentation of "Always in Trouble," the annual play sponsored by the Popcorn Parent-Teacher association, have been received by the association, and it is probable that the play will be seen in four or five towns about Salem. The Popcorn school district is on the crest of the hills in Polk county and each year a dramatic production is given. Last season a romantic comedy "A Poor Married Man" was successfully staged.

The cast rehearsed three times each week under the direction of Perry Prescott Reigelman, of this city. Mr. Reigelman has had considerable experience in amateur dramatic work, and while in the Williamette university was the "stunt" man on the glide club.

A portable stage has been erected in the school house. Footlights and a drop curtain turn the "theatrical school" into a modern playhouse, small but comfortable. "Always in Trouble" promises to be rich in fun and laugh-producing situations. It is a farce-comedy and goes with a snap and bang. Several popular songs have been added to the play in the way of specialties. It is probable that the production will be announced for the second week in February.

The Best Cough Syrup is Home-made.

Here's an easy way to cure it, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. DR. SUN YAT SEN'S CONDITION SATISFACTORY

Peking, Jan. 29.—(By Associated Press.)—Dr. Sun Yat-sen, leader of the government of southern China, who underwent an operation for cancer recently, spent a comfortable night and was not in pain this morning. His temperature was normal and his pulse registered 105 and physicians pronounced his condition satisfactory.

(Dr. Sun Yat-sen was reported dead Tuesday in dispatches received at Tokio by a Japanese news agency. The foregoing dispatch from Peking tends to indicate that surgeons attending Dr. Sun are more hopeful about his condition. After Dr. Sun was operated upon it was expected that his illness would prove fatal within 14 days.)
