

COMPROMISE ON IRRIGATION IS SEEN IN 2 BILLS

Senator Davis has introduced two bills in the interests of reclamation, agreed upon by the Anglo bank people, the district and the federal reclamation service.

The first bill provides for the sale by irrigation districts of irrigation works and other property not needed by the district, including lands, excess capacity of storage reservoirs and distributing systems and surplus water and water rights. It provides for the right to develop and utilize or to dispose of by contract, lease or sale of hydro-electric power that may be developed at the outlet of the storage reservoir during the irrigation season, and provides also the manner in which the lien on outstanding bonds, if any, may be released from property to be sold, and the effect of such releases as evidence. It provides a special capital asset fund, and the manner of its use. Confirmation of all proceedings by the courts is provided. The bill carries the emergency clause.

The second measure provides that the district board shall have authority to enter into any obligation or contract with the United States for the construction, operation and maintenance of the necessary works for the delivery and distribution of water under the provisions of the "fact finding" act, and in this contract to provide for payment of the charges to the United States upon the basis authorized by this act, and under such rules as may be promulgated by the reclamation service. To meet the above provision as to charges the act provides for assessment on the basis of acreage production.

Active Glands Gave Napoleon Fighting Force

According to Bernann, a noted scientist, who has analyzed the action of the glands, Napoleon, one of the greatest fighters of all history, owed his courage and fighting force to large and extremely active adrenal glands. Not only have the glands an important influence on the mind and character of the individual, but they also largely control health, energy and vitality, and it is by maintaining the normal functioning of the glands that we may combat sickness and ill health, according to eminent scientists and physicians of this country and Europe.

Glandogen, the new scientific gland tonic, prepared in tablet form, provides a simple method of taking glandular treatment. Glandogen, for men and women, is obtainable at Perry drug store.—Adv.

SALEM DEBATES WITH SILVERTON

The first debate of the season will be held in the Salem high school auditorium tomorrow night at 8 o'clock. Salem high will be matched in a dual contest against Silverton high. Affirmative teams will travel. The Salem negative team, which debates at Salem, will be composed of Avery Thompson and Margaret Pro. The affirmative team making the trip to Silverton is made up of Homer Richards and Thomas Childs.

The question to be debated is: "Resolved, That a strong third political party would promote the interest of good government in the United States."

The Salem team won the state championship last year, and hopes to duplicate its record so far as possible this season, according to Orlando Horning, debate coach, but all four of last year's debaters are out of the lineup, leaving nothing but new material with which to work.

The next debate will be held a week later.

BEARCATS COME BACK IN SECOND HALF OF GAME

That the second half of the Washington-Willamette game last night saw some of the hardest fought basketball in local basketball history was the verdict of veteran fans who saw the tilt. Coming on the floor in the face of certain defeat—the count stood 31 to 3—the Bearcats outran, outjumped and generally outplayed the more experienced Husky quintet.

It was not a case of Washington not playing its best men. The Washington coach used every player he had before the game ended, there seeming to be little difference in the ability of the

I Paid \$10

For lipstick—\$5 for powder. By Edna Wallace Hopper

I am extravagant, as we all are on the stage or in the movies. Our career depends on looks. So it matters not how much we pay for real beautifiers.

I have always had everything made to my order, and by the greatest experts I could find. I paid \$10 for lipstick, \$5 for powder, to get the best they knew.

Then I began to supply my beauty helps to women. They wanted my powders, too. So I arranged with the makers to supply them in enormous lots at very modest prices.

Now all druggists and toilet counters supply the very powders that I use. They are matchless creations as fine as vapor, as harmless as dew. The richest women can find nothing better, what ever price she pays.

I have these powders made in two types. One is a heavy, cold cream powder, in square box—the type I prefer. It clings and stays. That costs \$1 per box. It is called my Youth Cream Powder.

But I have the same powder made light and fluffy, in round box, for those who prefer that type. That sells for 50c per box.

Let me send you samples of both. Compare them with other powders. Decide which you prefer.

I promise you a new conception of face powder. Clip coupon now.

FROM GIRLHOOD TO MOTHERHOOD

Through all these periods of their existence thousands of women toil on, often suffering with headache, pains in side, headache and nervousness, all telltale symptoms of some local derangement. Lydia E. Pinkham's Vegetable Compound is the one great remedy that will overcome such ailments. All over America women are telling other women how this wonderful medicine has restored them to health and the joy of living. This accounts for the tremendous demand for this popular medicine for women.—Adv.

Paid Fancy Prices

"I paid an international authority on diseases of the stomach \$1500 and he didn't do me five cents worth of good. I have been to various Spas in Europe, as well as this country and have spent fully \$30,000 fruitlessly in search of a cure for my stomach trouble. Naturally I lost faith in any remedy for my case. My wife's brother has taken Mayr's Wonderful Remedy and praised it so highly that I tried it and am now entirely rid of that trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry, D. J. Fry and druggists everywhere.—Adv.
