TAX ROLLS OF COUNTY TURNED OVER TO SHERIFF

The tax rolls for Marion county have been officially turned over to Sheriff Bower by Assessor Steelhammer and taxes may be paid now or tax statements secured.

W. F. Barrett, 591 North Commercial street, has the distinction of being the first man to walk up the auditor and pay taxes from the 1924 roll.

Sheriff Bower urges taxpayers to secure their statements as soon as possible. While they have until April 5 to pay the first half of their taxes, he states it would greatly relieve the burdens in the tax office and save many taxpayers a great deal of time at the end of the tax-paying period if statements were secured at once.

It is not necessary for taxpayers to pay their taxes at this time. But it would be a great help if their statements were secured," said the sheriff. "Last year we did not get the rolls until February 29, because of litigation over a school district in the north end of the county, but between that time and April 5, over 12,000 tax receipts were written out in triplicate. That is at a rate of about 400 a day which kept the force working at top notch speed. During the last few days long lines of people stood in the halls waiting for their tax receipts, because of the last hour congestion.

By getting receipts now, that congestion would be obviated. It is not necessary for the taxpayer to go to the courthouse after his receipt. All he needs to do is to drop a postal card to the tax office of sheriff's office here, and the statement will be mailed out as soon as possible. Those taxpayers who do that now will not need to stand in line next April."

Rum Runners Captured. Plymouth, Mass., Feb. 7.—After a fight at a North Plymouth lumber pier between 30 rum runners and coast guardsmen, mixed liquor and alcohol valued at \$100,000 was seized. Six prisoners were taken.

Funerals. The remains of John Goyce were forwarded this morning to Homer, Neb., by Rigdon and Son. The funeral will take place at Homer.

BE CAREFUL ACCIDENTS IN SALEM THIS WEEK

The traffic accident barometer struck 100 today. One hundred times since January 1 that operators of motor vehicles have come to grief on the streets of Salem. Nearly every accident occurred at an intersection and the excuse invariably given was that because of side curtains or because of a fancied right of way which the other driver failed to recognize, drivers failed to look both ways.

Fifteen accidents were reported at the police station from Thursday to Saturday. The second week brought 19 reports: the third week, eight; the fourth week, 12; the fifth week, 24, and this week, 22.

J. F. Hanlon of Seattle, Wash., struck a truck in north Salem that had been parked on the highway without a tail light last night. N. L. Jennings, 1785 Court street reported this morning that his car was struck by E. A. Johnson as he was making a turn at an intersection. J. H. Letterman of Yamhill was struck by a California car last night.

Fifteen accidents on the highway in Marion county have been reported this year by the office of the justice of the peace. This is a great reduction in the highway accidents reported at this time last year at the justice court, which at that time reached 48.

Several important bills have passed one house alone. In the senate Johnson has a bill which changes the date when taxes are payable each year from April 5 to May 5 and from October 5 to November 5. This was passed by the senate Thursday.
