These girls perform with such apparent ease, are of interest to all who are concerned in the physical development of the race. One of the most interesting dances on the Manfield program is "From an Etruscan Screen," as its steps and poses are taken from the statues and paintings of the ancient Etruscan period, and represent the dances then used in funeral ceremonials, and which were regarded as most dignified and fitting to mark the departure of the soul. The screen used is an exact reproduction of an ancient Etruscan tomb mural. It is danced to music by the French composer, Gabriel Piene. Seats for this unusual treat will be on sale at the Grand theater very soon.

Ailments of Young Girls

Relieved by Lydia E. Pinkham's Vegetable Compound School Teacher's Experience

Under the direction of the better films committee of the American Association of University Women, club women are being interested this week in the showing of "Vincennes," the third of the series of American Chronicles released by the Yale University Press at the Liberty theater on Friday and Saturday.

"Columbus" and "Jamestown," the preceding numbers of the series, were shown also at the Liberty and because of the support given them "Vincennes" has been procured. To insure the continued showing of the better class of films it will be necessary that they be supported, according to Mrs. A. M. Chapman, chairman of the better films committee of the A. A. U. W. who is directly responsible for the local showing.

"Vincennes" is a dramatic and authentic story of the expulsion of the British from the Old Northwest. "Vincennes" shows how a surprise attack by Clark and his Virginia pioneers drove the British out of a vast territory bordering on the northwest of the thirteen Colonies, then warring with Great Britain. This capture of Vincennes later resulted in the five states of Ohio, Indiana, Illinois, Wisconsin and Michigan.

In directing "Vincennes," Edwin L. Hollywood has put such life and realism into the picture that one feels the utmost sympathy for those half famished pioneers who waded, waist high, through icy swamps and made a surprise night attack. It brings home as no number of printed words could of what sturdy stuff those early American colonists were made. It thrills in the extreme—this throbbing, thrilling, stirring event in the courageous making of a great nation.

Great credit is due to Leslie Austin for the wit and spirituality of quality of his characterization.

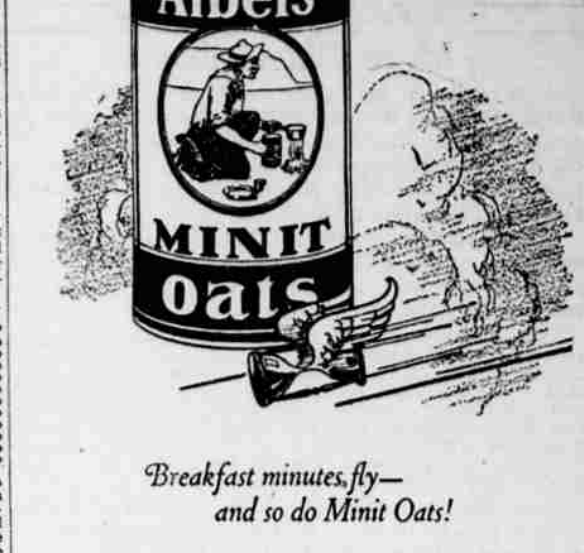

Ends Stubborn Coughs in a Hurry

Breakfast-making used to be a time-taking process; but not today! Three to five minutes—that's all Albers Minit Oats need from package to table!

And all because of a new Albers process. A process that cuts, flakes and pre-cooks the choice, plump oat-kernels. A process that keeps in every bit of oat-nutrition and adds a new oat-flavor besides.

Easy to make! Easy to eat! Easy to digest! First aid to speedy breakfasts—Albers Minit Oats! Your grocer has it in the handy round carton with the replaceable lid. "Look for the miner" when you buy.

ROUGH RED RASH ON BABY'S CHEEK

Was Scaly and Itched. Healed by Cuticura.

"When my baby was about two months old she developed a small, red spot on her cheek. This gradually spread and was in the nature of a rough, scaly, red rash. It apparently itched for the baby scratched, and I was obliged to use elbow cuffs.

"I tried other remedies with only temporary relief. I began using Cuticura Soap, Ointment and Talcum for daily toilet purposes. Soap, Ointment and Talcum were sold everywhere. Sample each free. Address: Cuticura Laboratories, Dept. 5, Malden, Mass."

Do you know how much nicer cooking fat is when it is fresh? Many and many a woman tells us that she has used cooking fat of one kind and another all her life and never realized, until she tried Snowdrift, that fat could be so sweet and fresh.

Snowdrift is fresh—fresh as you use the word to describe a new laid egg. Snowdrift is sweet—what you mean when you say "sweet" cream.

When you open the airtight can in your kitchen you always find Snowdrift as fresh as the day it was made.

Bell Ringers or House to House Canvassers

How often have you heard a house to house salesman say: "The price of these goods is less than you would have to pay at a store because we sell direct from the factory and therefore cut out the middleman's profit."

That is one of the stock arguments used by those who ring your doorbell and attempt to sell you all manner of articles, from clothing to hardware.

But it is NOT true! The canvasser cannot and does not sell merchandise at a lower price, quality for quality, than you can purchase them at Miller's store. This may be proven in two ways:

First—By remembering that factory-to-customer goods go through at least four hands when you get them the canvasser way—the factory, the district manager, the branch manager and the individual salesman. Goods bought at a store pass through two or three hands only—the manufacturer and the store or the manufacturer, the wholesaler and the store itself. And, by virtue of long experience and the most efficient management, the profits made by each of these units are held down to a minimum. (The report of the Committee of Congress which investigated retail business showed that the average store retains as profit only 1.13 cents out of every dollar you spend there.)

Second—By an actual comparison of the goods, quality for quality and price for price. (Even the largest of the factories manufacturing silk hosiery has been found to ask \$1.75 for stockings equal only to those on sale here at \$1.39)

Finally, what the canvasser cannot give you in any case is the certain and absolute satisfaction which you can secure at Miller's—satisfaction which guarantees you against loss because Miller's, unlike the peddler, intends to stay in business in Salem and depends upon your good-will and future confidence.

If anything goes wrong with the merchandise we sell, you know where to come for an immediate and satisfactory adjustment. If something goes wrong with the merchandise the peddler sells—try to find him!

Will you do yourself and us the favor of remembering these points the next time a canvasser tries to sell you something?

We are ready, as we always have been in the past, to supply you with the market's most reliable brands of goods at the lowest possible prices, plus guaranteed satisfaction.
