

MARCUS GETS K. O. FROM BAYES IN OPENING ROUND

The main event in the smoker given at the armory last night ended just after the first bell when Phil Bayes, of Salem, stopped Marcus with a left to the chin. Marcus came out from his corner and met Bayes in the center of the ring where they exchanged light taps. Marcus dodged a blow from Bayes' glove and they went into a clinch. Phil backed up from one of Marcus' sleep producers and Marcus followed leaving an opening that Bayes was smart enough to take advantage of and the fight was over. Marcus tried to get up twice but Bayes had hit him so hard that he fell back to the canvas both times.

Marcus has been going badly lately, getting two draws with Cracker Warren and a decision over Frankie Webb and Vic Eades. The fight promised to be a hummer as Bayes was also in shape but the lucky opening which Bayes was quick to take advantage of came and the fight was history.

Sailor Mannings, of Salem went down to the floor three times before he went down for the final count. Carter went easy the first three rounds but came back strong the last three when he floored Mannings with clean knockdowns in the fifth twice and early in the last round Mannings went down for a long sleep. Mannings tipped the scales at 148 and Carter at 144.

The fight between Kid McCormick and Micky Smith was the best fight of the card and the fastest, scrappiest this season. McCormick took the decision after taking the first three rounds by a good margin although Smith came back strong in the final round. McCormick who looked like one of the singer midgots met Smith with a blow that took him off his balance and sent him to the floor. Again in the third round Smith went down, both times he got right up. Both fighters were fast and hit hard and the fight fans would have received their money's worth if the card had stopped there. Smith weighed 108 and McCormick 104.

Dubs Mulkey, who fought in Salem at one time presented Red Martin, in the first curtain raiser. Martin and Ed Patzer fought a four round draw. Neither of them knew anything about the fight game except to punch which both of them proceeded to do. Martin announced his weight at 158 and Patzer 150. Altogether the card was the best that has been presented in Salem. An 15 piece band furnished music. Tom Louitt, of Portland, refereed the bouts.

House Hears Eddy And Opponents of Study Course Bill

An impassioned plea to have his bill setting forth required subjects in high schools of the state was poured out to the house revision of laws committee last night by Senator Eddy. The bill passed the senate a few days ago. It will probably come up in the house tomorrow.

Educators from the Portland and Salem schools, college professors, Representative Woodward and others were on hand to denounce the bill as dangerous to the high school educational system of the state.

"It is impossible to teach the present course of study in the high schools," declared Senator Eddy. "We are trying to crowd into their minds the things they ought to get in college. The elective system has been abused in our schools. We must get away from this superficial system. If the bill does not pass now, I will be back again, for I know the great need of it."

When we are turning out high school pupils who can't read a newspaper editorial with correct pronunciation and with regard to punctuation, something is wrong. We must teach precision of thought. Arithmetic in the grades is taught to students unable to grasp it. Educators of higher institutions of learning have told me that students are sent to them improperly prepared. Many of them have to take a special freshman course in English, because they do not have a good working knowledge of English."

J. A. Churchill, state superintendent of public instruction, was the first speaker to attack the bill.

"We couldn't write a better course

"During 60 years of Married Life"...

Three Generations Kept Healthy and Happy

"Beecham's Pills were always considered indispensable by my parents during sixty years of married life and I am never without them in my home, as they are used when required by myself (aged sixty-one), and wife and children. This covers a period of over eighty years."

My wife and sons also believe there is no remedy for constipation and biliousness equal to Beecham's Pills.

So many so-called "cures" for biliousness and kindred troubles leave after effects that are certainly injurious, but Beecham's Pills give prompt relief and leave one in a healthy and happy condition."

N. J. M. Ramsay, N. J.

The Beecham's Pills for constipation, biliousness and sick headaches.

of study in English than we have," he declared. "We teach it four years through the high schools. I think a record of the 1922 legislative votes will show that Senator Eddy thought at that time that civics was necessary in the high schools. Of fifteen units demanded for college entrance 11 are required subjects. We feel that the course of study called for by Senator Eddy is not the proper one. We feel that a student with no aptitude for certain subjects is wasting time if he is compelled to take them."

Hopkins Jenkins, principal of Jefferson high school of Portland, also argued against the Eddy plan. "It means that the course of study of Portland schools will have to be scrapped," he maintained. "It is our duty to recognize the aptitude of children. All our Portland courses have definite aims and objectives. Adoption of the Eddy course would mean the exclusion

Mrs. Dorothy Lee, representing

the Federation of Women's clubs,

announced that the organizations she represented were opposed to the proposed change.

Representative Woodward pointed out that the educators who were on hand to oppose the Eddy plan were men and women who had given their lives to the mission of educating the children of the state, and that their word and opinion should be heeded.

Safe for Children

Mother everywhere demand a reliable cough remedy free from injurious narcotics. Supplying this demand for fifty years made FOLEY'S HONEY AND TAR COMPOUND one of the Largest Selling Cough Medicines in the World. Children like it. "My little boy had a very bad cough, and after he used FOLEY'S HONEY AND TAR COMPOUND he got relief at once," writes Mrs. Vac. Belle, Penryn, Mont. Refuse substitutes.—Adv.
