## New Lamp Burns 94% Air Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. government and 35 leading universities and found to be superior to 19 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 percent air and 6 per cent common kerosene (coal oil).

The inventor, V. M. Johnson, 161 North Union Ave., Portland, Ore., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agent, and without experience or money make \$250 to \$500 per month.—Adv.

# STUDEBAKER

THIS IS A STUDEBAKER YEAR

## For Ten Years the World's Greatest Buy

Hudson's position as the world's greatest value is not merely a new attainment. For ten years the Super-Six has stood alone in mechanical supremacy. Basic patents have kept others from copying its motor. The smoothness and long life it gives are exclusive. No motor has yet equalled the Super-Six in smoothness and long, economical car life.

### A Leadership Never Disputed

Hudson, because of the simplicity of the Super-Six, has always enjoyed manufacturing advantages that permitted a lower selling price than is possible with more complicated types. That, in part, accounts for its 10 years of leadership. Hudson is the World's Greatest Value, because it costs much less than any comparable car.

And because it has always provided better looks and more comfort at less money.

No rival disputes that and every motorist knows it.
