

### CLOSE HIGHWAY ABOVE REDDING DURING NIGHTS

Sacramento, Cal., Feb. 27.—Announcement is made here by the California highway commission that, beginning March 1 at 6:30 p. m., the Pacific highway, in the Sacramento river canyon, north of Redding, Shasta county, will be closed to traffic for 16 hours daily, until May 15.

The closing regulation will be in force between Halfway creek, 23 miles north of Redding, and Delta, 27 miles north of Redding. The gates at either end of this section will be locked at 6:30 o' clock p. m. each evening and will not be opened to traffic until 10:30 a. m. the following morning.

The closing is necessary because of reconstruction work which will necessitate heavy blasting during the night time and the closing of the road. The work will be rushed during the next three months with the expectation that the highway may be opened for a longer period during the season of heavy summer travel.

In making the announcement, the commission pointed out that no detours will be available around the work and that there are only limited accommodations north of Redding and south of Dunsmuir.

A similar closing was enforced last spring without serious inconvenience to the public. Every effort will be made to handle traffic over the construction work during the hours the road is open.

### MOBILIZATION IN ANATOLIA ORDERED

London, Feb. 27.—The Turkish government, an agency dispatch from Constantinople today says, has ordered partial mobilization in Anatolia, calling up five classes.

The Constantinople newspapers, adds the message, points out that the revolt is assuming the character of a general anti-republican, pro-monarchical movement.

### Why Her Tears?

MME. MARIE JERITZA

Opera lovers in New York are wondering why Mme. Marie Jeritza took so long to answer curtain calls when she sang "La Tosca" at the Metropolitan Opera House and why she then appeared in tears. It was remarked that Beniamino Gigli, who sang opposite her, did not appear. It is admitted the prelude was a push by Gigli, but Baron von Popper, Jeritza's husband, threatens to slap the face of anyone who asks too much. Only two days before, Gigli, in an opera, led her over the footlights.

and representatives of the highway department will be on duty to render aid to motorists, if needed.

The work now under way consists of widening and straightening 11 miles between Halfway creek and Dog creek, a part of the 1924 reconstruction program of the commission to be financed with gasoline tax funds.

### MILLION LOSS IN ST. PAUL FIRES

St. Paul, Minn., Feb. 27.—More than \$250,000 loss was suffered today when fire gutted the Maricks building in the heart of the business district here. Three persons were unaccounted for and fire officials were making a check to determine their fate.

Three persons were rescued from the building, which was one of the older structures in the business section.

A jewelry store, a hat shop, a photographer's studio and several offices in the building were destroyed. Several persons were rescued with difficulty by firemen.

The origin of the fire is undetermined.

The persons unaccounted for are a man and two women, whose names are unknown.

Late last night fire did \$750,000 damage to the St. Paul foundry, which was extinguished only a few hours before this morning's blaze.

### Seven Killed by Storm.

Sarrebourg, France, Feb. 27.—Seven persons were killed and 15 injured here yesterday when the workshop in which they were employed was crushed by a wall blown over by a big wind.

### STORING VITAMINS

The average healthy person stores up within the body several days' supply of essential vitamins. This explains why a well-nourished person of any age is less susceptible to germ-infection than those who are malnourished.

### Scott's Emulsion

is a safety-factor that helps keep you well-nourished. A very little used daily to complement the regular diet, activates with essential vitamins and helps build resistance.

Store up a reserve of essential vitamins—take Scott's regularly.
