What the dynamic Mr. Dawes did to the august senators is interesting if true but the question with the American people is whether you want to trade 10 or more improved acres near Salem for a new modern 5 room home on north Summer street with two lots worth $6250; or would you agitate your brain over a chance to trade 5 acres close in and improved for a 6 room house and a large lot worth $3500; or would it give you apoplexy to think of trading a $2000 farm equity for equal value in a splendid 8 room home; and it would not be contempt of court exactly if you would bring in a nice modern home to trade for a garage house on a splendid lot and take home the cash difference; 25 acres improved for residence; 60 acres improved for residence; 10 acres bare for lot; 20,000 first mortgage for income; house to rent, money to loan and a good little business on State street for sale for $2000.
