

WOMAN BEATEN AND ROBBED OF \$50,000 JEWELS

New York, March 9.—Three masked men broke into the studio apartment of Mrs. Fay Perkins in West 58th street early today and escaped with jewelry valued at \$50,000 after beating Mrs. Perkins and binding and gagging her.

The robbers chopped down the doors of the apartment in making their entrance. They are believed by the police to have been members of the same gang that robbed the apartments of several women well known on Broadway, including Louise Lawson and Dorothy Keenan, who were murdered.

After choking Mrs. Perkins and hitting rings from her fingers and taking bracelets and necklaces from her, the robbers beat her with revolver butts until she revealed the location of all her jewelry.

Mrs. Perkins was a frequenter of Broadway cabarets, as were the victims in the other apartment robberies. She is separated from her husband, Benjamin Perkins, who is the wealthy proprietor of a cafe.

MEN PICKED UP ON ROAD ROB AND SLUG AUTOIST

Tacoma, Wash., March 9.—To be forced to drive two thugs into Tacoma from a point south of Chehalis with raps over the head from time to time to remind him of his danger and to be robbed as he neared the city was the experience of R. G. Paxton, Winlock automobile dealer, yesterday afternoon in return for an attempt to play good Samaritan.

Paxton reported to the police here that he had offered to take the two men in his car into Chehalis but despite the fact that he broke all sorts of traffic rules in towns through which he passed in efforts to get rid of his passengers, the thugs kept him to his task until they arrived in Tacoma, where they left the car after robbing him of \$40 and throwing the automobile crank at his head.

Dr. Sun Wenker, Perking, China, March 9.—(By Associated Press.)—A change for the worse was noted today by physicians attending Dr. Sun Yat Sen, South China leader, who has been ill here since he underwent an operation for cancer of the liver on January 26. Dr. Sun was reported weaker today.

SOVIET SPENDING BIG SUM FOR EDUCATION

Washington, March 9.—Expenditures by the Russian soviet government this year for public education, amounting to between \$160,000,000 and \$190,000,000 will exceed by more than 120 per cent the outlay for that purpose in the fiscal year, 1923-24, according to a statement issued here today by the Russian information bureau.

The appropriations, said to have been made possible by the "remarkable economic improvement" of the country in the past year, "are substantially larger," the statement asserted than the "pre-war expenditures for education under the czarist regime."

DREADNAUGHT TO HAVE NOVEL GUNNERY TEST

San Pedro, Cal., March 9.—The super-dreadnaught Tennessee, left behind for overhauling when the United States battle fleet steamed out of this port to engage the scouting fleet in sham battle tomorrow will department on a battle cruise of her own, that will be in its way, quite as spectacular as the maneuvers she missed by remaining in port.

With her 14-inch guns she will fire 1400-pound projectiles over the mountainous Santa Barbara island, 40 miles southwest of here.

In an attempt to hit a moving target on the other side. Her two small fighting planes, launched from her decks at sea, will fly above the mountain and give her gunners the range of the hidden target 20 miles away.
