FORTY-SEVENTH YEAR No. 59

SALEM, OREGON, TUESDAY, MARCH 10, 1925

PRICE THREE CENTS ON TRAINS AND NEWS STANDS FIVE CENTS

PREZ CASE MANDATE FILED

SCHOOL SITE SALE UP FOR FINAL ACTION

Board Calls Upon People To Present Ideas And Consider All Plans At Meeting Tonight.

By HARRY N. CRAIN It straws that wave in the wind indicate with any degree of accuracy the direction in which the school board this evening will probably resolve itself into an open forum discussion of parks vs. schools and schools vs. parks.

Sale Now Not-Probable Neither individually, nor collectively are the members of the school board pledged to a program that calls for the sale of the school site.

STATE BOTTLERS IN SESSION HERE

Junior Owens and George Martin were speakers at a luncheon this noon of representatives of bottling plants throughout the state, particularly the Willamette valley.

Ethel Barrymore III

Kiwanis Club Drive For Civic Confidence Launched by Faville

A definite beginning was made this noon by the Salem Kiwanis club in its campaign to develop among Salemites a confidence in their own city.

PARTY RULE IS FAVORED BY COOLIDGE

President Supports Senate Leaders In Disciplinary Measures Demoting Insurgents.

Washington, Mar. 10.—President Coolidge fully supports the action of senate republicans in replacing insurgents in important committee places with regulars and considers that the question at issue is one of the making it possible for his party to govern the country.

The whole question, as the president sees it, was whether congress was to be organized in such a fashion that the republican party would carry out its campaign pledges.

The chairmanship of the important committees and should be automatically to members of the dominant party and their should be no objection to the exclusion of others from these responsibilities.

Ready For Warren Case Washington, Mar. 10.—With reorganization completed by approval of the standing committee slates, the senate had a clear road today for further consideration of the nomination of Charles B. Warren of Michigan, to be attorney general.

Approval of the committee line-ups by which the LaFollette insurgents are demoted from their previous ranking, was voted by the senate late yesterday, 64 to 11, after five hours debate.

Stanfield Gets Plum The result gave 56 votes to Senator Stanfield, of Oregon, the majority candidate, against 13 for Ladd and three for Senator Jones, Democrat, New Mexico.

Two democrats, Wheeler of Montana, LaFollette's running mate on the independent presidential ticket last November and Copeland, of New York, voted for Ladd while 25 voted present.

Senator Bruce of Maryland, cast the only democratic vote for Stanfield.

After that there were merely protests from the insurgents over the selection of Senator Watson of Indiana as chairman of the interstate commerce committee on which he was outranked by Senator LaFollette.

Bishop Quayle Passes To Rest Baldwin, Kan., Mar. 10.—Bishop William A. Quayle, author, lecturer, educator and for more than a quarter century one of the outstanding figures of the Methodist Episcopal church, died at his home near here late yesterday.

Bishop Quayle had been ill for several years. He was 62 years old.

Death came following a sudden heart attack.

no other communities anywhere. Colonel E. H. Faville of Portland was the main speaker of the luncheon. He dealt with the subject of community spirit in his speech.

It is optimism like yours," he said, "that makes it possible for a community to grow." He indicated that optimism, while a desirable

BARRED FROM BELGIUM

Eamon de Valera

Brussels, Mar. 10.—The Belgian government has issued orders to prevent the admission into the country of the Irish republican leader, Eamon DeValera, who has been invited by Finnish agitators to give three lectures here on the Ireland and the Finnish martyrs.

SENATE TURNS WARREN DOWN

Nomination For Attorney General Rejected By Senators; Cummins Is Lone Defender.

Washington, March 10.—The nomination of Charles B. Warren to be attorney general, was rejected today by the senate.

The senate vote was 39 to 11. Senator Reed, republican, Pennsylvania, breaking a tie and changing his vote so that he might move a reconsideration.

Washington, March 10.—The dispute over Charles B. Warren's nomination to be attorney general was resumed today in the senate.

Chairman Cummins of the judiciary committee defended the nominee against the charges that have been brought against him while the burden of the opposition was taken over by Senator Reed, Democrat, Missouri.

Opening the debate, Senator Cummins declared the whole argument of those who oppose confirmation rested on a supposition that Mr. Warren would not faithfully execute the laws. Just because he had been faithful to one client in private life, the senator said, his enemies appeared to believe he would not be faithful to another.

"If he is an honest man," he continued, "he will execute the laws of the United States just as faithfully and just as diligently as is in his power."

Senator Cummins said the president should have "a free choice in the selection of members of his official family and should be held responsible for the faithful execution of the law."

Reviewing Mr. Warren's connection with the sugar interests, the Iowa senator declared the nominee's "sole interest in the sugar interests was to place the Michigan sugar company on its feet so that it could produce sugar."

"In my opinion," he continued, "a combination intended to cheapen the cost of a product is never a violation of the anti-trust law except when it stifles competition so that it can fix the price."

DOUBT TOMB TO BE THAT OF SENEFERU

Newly Discovered Tomb May Reveal Only Mummy Royal Retainer, Serving Man or Barber

Cairo, Egypt, March 10.—(By Associated Press.)—Although it is generally hoped that the newly discovered tomb at Giza, unearthed by the Boston-Harvard expedition, contains the mummy of the Pharaoh Seneferu, and records of his reign, there is considerable doubt as to this among the Egyptologists here.

Several consider it unlikely that a king who built himself two pyramids at Medum and Dahshur—should finally have been so modest as to order his own interment 90 feet below the surface, thus obliterating the personality of the powerful and prosperous ruler.

They therefore express the opinion that it is unwise to raise great hopes at present lest the public be disappointed if the exploration reveals only the mummy of a member of the king's family or even perhaps some retainer, such as a serving man or barber.

Authority Scuttled. Boston, Mass., March 10.—A. Reiser, curator of the Egyptian department of the Boston museum of fine arts and professor of Egyptology at Harvard, who heads the joint expedition which has been conducting exploration in Egypt for 18 years, last night impugned the newly discovered tombs to some lesser personage than Kings Seneferu or Cheops, although he did not minimize the importance of the find to the

CROWDS WAIT IN BITTER COLD TO HEAR OF SCANDAL

London, March 10.—Hours before the resumption of the Dennis-town trial today, a large line of sensation seeking persons, including more than two score women, waited outside the doors of the law courts. Some had equipped themselves with blankets and flasks of hot tea, for the day was bitterly cold.

Mrs. Dennistown is suing her former husband, now the husband of the Dowager Countess Carnarvon, for money alleged to have been loaned him before their divorce. She had testified that, to further his own military ambitions, he encouraged her in becoming intimate with the late Sir John Cowans, former British quartermaster general.

There was a mild sensation when Sir Marshall Hall, defense counsel, in cross-examining Sir George Lewis, Mrs. Dennistown's solicitor, who was called as a witness, attacked the validity of the divorce granted to the Dennis-towns in Paris in 1921, on the ground that it was collusive and that neither party was domiciled in France. The witness insisted that Colonel Dennistown lived in France when the divorce was granted and that he would have remained there had he not married Countess Carnarvon.

Mrs. Dennistown, who went to the country over the week-end on the advice of her physician, appeared in court, looking pale and not well. Neither Colonel Dennistown nor his wife was present during the early proceedings.

SIMONS SUGGESTED AS COMPROMISE CANDIDATE

Berlin, March 10.—(By Associated Press.)—The democratic party has come forward with the suggestion that in the interests of unity and harmony Dr. Walter Simons, former foreign minister, be made the joint candidate of all the parties, excepting the right and left extremes, in the coming presidential election.

PAY FINAL TRIBUTE TO MRS. PIERCE

Large Crowd Attends Funeral of Governor's Wife—Most Members of Family Present.

The First Presbyterian church of Salem was thronged this afternoon with friends and acquaintances, many of state-wide or more than state-wide prominence, who came to pay tribute at the funeral of Mrs. Laura Pierce wife of Governor Walter M. Pierce, who passed away early Sunday. The church about the casket was heaped high with flowers that came from hundreds of persons and organizations and a little later in the afternoon the grave in City View cemetery was left a veritable floral mound.

All members of the Pierce family who were able to reach Salem were present, the governor and his children fortified against the ordeal of parting by messages of condolence that came from all parts of the nation. The two daughters in New York, Miss Clara Pierce and Mrs. Ray Wilson, were not present.

Rev. Ward Willis Long gave the funeral address. His topic was "The Christian Hope." Christian-ity as exemplified in the life of Mrs. Pierce, the minister emphasized, is not merely something to give hope for the world to come, but is a force that has ever pre-ceeded the most beautiful lives, and a preparation for the most crucial hour that mankind has to meet, that of departing this life.

Rev. Mr. Long quoted from the remarkable "Easter Hope" of Victor Hugo.

Music was furnished by a mixed

AURORA ROBBERY CLEARED UP BY ARREST OF BOYS

The mystery of the Willis-Snyder department store robbery at Aurora of ten days ago, when over \$1000 worth of silks and other high class goods were taken, was solved yesterday when officers of the Portland sheriff's and police departments apprehended three youths who confessed to the robbery, and a considerable quantity of the goods were restored.

Sheriff Bower was notified of the arrests today.

Peter Steinhart, 18 years of age, in the Multnomah county jail, was probably ringleader of the trio. The other two boys, whose names are not known here, and who are reported to be considerably younger than Steinhart, are held in the juvenile ward by the Portland police.

The Aurora robbery occurred on the same night as the robbery of the Director department store here when a similar amount of largely similar goods was taken. However, Sheriff Bower stated today he believed there is no connection between the two robberies and that older yeggmen than the boys involved in the Aurora robbery were responsible for the haul made here.

DRUG ADDICT SOUGHT AS ROBBERY SUSPECT

New York, March 10.—The pasty face of a gray haired man is the principal clue police have to the latest of the series of jewel burglaries perpetrated upon women who frequent the cabarets of Broadway.

Mrs. Beatrice Perkins, 24, from whom these masked burglars took gems valued at more than \$25,000 yesterday after they had entered her apartment and bound and beaten her and Milton Abbott, her companion, told the police that she had caught a fleeting glimpse of the face of a man, apparently a drug addict, when his handkerchief mask had fallen.

Jewish Rabbi, Who Annoyed Coolidge With Letters, Held

New York, Mar. 10.—Rabbi E. B. M. Brown, head of the American Jewish Seventy elders and pastor of Temple Zion in the Bronx, was arrested today on a warrant in which the complainants, Calvin Coolidge, Mrs. Coolidge and Frank Stearns charged him with annoying the president. The Rabbi is 72 years old.

It is charged that the rabbi inflicted upon the complainants an avalanche of letters demanding that he be reimbursed for half of \$25,000, he asserts the American Jewish Seventy Elders spent in campaigning for President Coolidge last fall.

Rabbi Brown was arrested by secret service agents and arraigned in Yorkville court.

When the rabbi produced apparently authentic letters from former President McKinley, Harrison, Roosevelt and Harding he was paroled in his own custody without bail for examination next Monday.

The secret service agent testified that the Coolidges and Mr. Stearns had received a great number of letters from Rabbi Brown demanding that they pay him \$12,500 and that they had replied to many of these letters.

Rabbi Brown claimed he was the only surviving by-poll bearer at the funeral of President Grant and that he had once employed the late President Harding as a private secretary. In 1888 he said, Mr. Harding had just taken over the Marlon Star and the rabbi, who was supporting Benjamin Harrison, brought the Obolons to New York as his secretary during the campaign. He exhibited a letter signed with President Harding's name, congratulating him upon his birthday and recalling "old times."

Information of a similar nature has been compiled in previous years, and the matter dropped by the board, allowing the school organizations to lapse into the status of secret organizations, which are forbidden by state law. Any organization about which the school authorities do not have full and complete information is regarded as a secret organization.

HUG COMPLETES SECRET SOCIETY SCHOOL SURVEY

A written report was completed today by George Hug, superintendent of Salem public schools, regarding the secret society situation in Salem high school. Special stress is laid on the seven, three boys' and four girls' organizations, that have been reported to be of a primarily social nature. The report will be presented to the Salem school board for consideration at its meeting tonight.

What the board will see fit to do with the report is largely a matter of conjecture. Now that the information has been secured and placed in an official report it is a question whether the organizations can be regarded as being secret.

Information of a similar nature has been compiled in previous years, and the matter dropped by the board, allowing the school organizations to lapse into the status of secret organizations, which are forbidden by state law. Any organization about which the school authorities do not have full and complete information is regarded as a secret organization.

HOTALING FREED BY GRAND JURY

San Francisco, Cal., March 10.—Charges made by Ralph P. King, former jail keeper at Hilt, T. H. that Richard M. Hotaling, wealthy San Francisco clubman, conspired with him to murder Mrs. Frederick C. Motaling, sister-in-law of the clubman, were declared to be unfounded by the county grand jury last night and the matter was dropped. King was ordered dismissed from custody, but Louis Madison, supposed gunman, who, according to King's story, had been hired with Al Reed, another suspected gunman, to do the killing, was held on a charge of burglary. Reed has never been captured.

CONGRESSMAN TUCKER REFUSES PAY INCREASE

Washington, Mar. 10.—Representative Tucker, democrat, Virginia, has refused to accept the \$2500 increase in his congressional salary on the ground that members of the last congress who were re-elected were chosen to positions carrying only \$7500 a year.

PARENTS OF KU KLUX LEADER HURT IN BLAST

Herrin, Ill., March 10.—H. O. Fowler, father of Glenn Fowler, one of the principals in the klau and anti-klan fighting here, and his wife were injured today by an explosion which tore out a corner of Fowler's butcher shop.

FRUIT UNION IS ASSESSED \$110,243.9

Supreme Court Order Will Mean Receivership For Union; Suits Against Some Growers Pend.

Mandate coming to the county clerk's office today from the supreme court winds up the famous case of the Phez company against the Salem Fruit union and numerous loganberry grower defendants, spells the final end of the Salem Fruit union. It also presages a series of minor suits against growers whose fate is not decided by the latest mandate.

Under the mandate judgment of \$110,243.9 is entered in favor of the Phez company against the Salem Fruit union.

The Salem Fruit Union's assets, virtually all covered by its building property at Trade and High streets, is variously estimated at from \$30,000 to \$40,000. The union has held a reserve of about \$15,000 for its income, but it is understood this is practically all eaten up in back income taxes collected by the federal government, and the sole plum the Phez com-

(Continued on Page Eight)

SEEK RELEASE OF BRIDE FROM INSTITUTION

Theodore Henry Rambo, father, and George W. Sanders, husband of Nellie Rambo Sanders, inmates of the state institution for the feeble minded, yesterday afternoon filed application for a writ of habeas corpus to secure release of the girl from the state institution for the feeble minded, whom they allege she is being unlawfully detained. Rambo is a Portland resident and Sanders a soldier at Vancouver barracks.

The Rambo girl escaped about Christmas time and following her escape married Sanders, with whom she lived at Vancouver barracks for a number of weeks before being recaptured and returned to the institution.

The complaint charges that the girl originally was sent to the Frazer home by the court of domestic relations on a delinquency charge and that she never had a hearing as to her mental capacity. While detained in the Frazer home it is charged she was transferred to the feeble minded institution, without notice to her parents.

The complainant recites that her husband, George Sanders, a soldier in the United States army, of good reputation, able bodied and fully able to care for his wife and desires her return to him.

The girl was committed to the institution on March 23 as the time for Superintendent J. N. Smith of the institution to show cause why his charge should not be released.

FLEET GUNNERS AIDE WHALERS IN PRACTICE

San Diego, Cal., March 10.—Presence of a large school of whale off Magdalena bay gave crews of the Atlantic scouting fleet which is en route to San Diego for the general mobilization, an opportunity for submarine firing practice that they did not overlook, according to reports to the hydrographic office here.

Masters of weathered steamers have reported that several whales bearing evidence of having been killed by battleship shells have been sighted off the lower California coast. The Norwegian whaling fleet now operating near Magdalena bay is reported to have been unharmed internally in its quest for whale oil by the marksmanship of the Yankee gunners.

Dr. S. S. Sibley Peking, China, March 10.—(By Associated Press.)—Dr. Sun Yat Sen, who has been ill here for more than a month, was weaker today. The South China leader's condition was described as being critical.

London, March 10.—There was no change in Lord Curzon's condition this morning. It is now reported the operation which he underwent yesterday was for bladder trouble.
