The Central Congregational church Christian Endeavor last evening elected the following officers: Gordon Barker, president; selected: Veda Korb, secretary; Charles Ritchie, vice-president; Carl Shafter, treasurer; Ruth Gilmore, chairman of social committee; Norval Edwards, chairman of program committee and Walter McCune the lookout committee.

Dr. Marshall, osteopath Or. bldg.

Rev. Harry W. Johnson, who for the past two years has been pastor of the Central Congregational church has been advised by Dr. Frank Moore, national secretary of New York city, of his transfer to the Alameda Park Community church in Portland. The transfer has been approved by a vote of the congregation. The Rev. Mr. Johnson came here from Luck, Wyoming, where he was engaged in community church work for two and a half years and prior to that time he had been in community church work for four years at Milwaukee, Wis. No steps have yet been taken toward the selection of his successor in the local church. Rev. Johnson will leave Salem on May 1.

The first of the new Overland six models are in. See them at Vick Brothers, 60*

Chief Justice McBride, under an act of the recent legislature, appointed the state judicial council. The appointees are Justice John L. Rand of the supreme court, Judge Fred S. Wilson of the Dalles, Judge Walter H. Evans of Portland, and Judge C. M. Thomas of Medford. The main duty of the council will be to try to work out uniform rules and procedure for the several judicial districts of the state.

ROTARY VISITOR TALKS ON CIVIC CONSCIOUSNESS

"Civic Consciousness" was the subject of an address by James Lynch, former president of the San Francisco Rotary club, given before the Salem Rotarians at the Marion hotel this noon. "I am inclined to use a text," he said, "just as though I were going to preach a sermon. If I were to choose a text it would be this: 'As a man thinketh in his heart, so is he.'"

That any community is just what it believes itself to be and makes of itself, was the gist of Mr. Lynch's speech. "It seems to me," he said, "that any man should be proud of living in a city like yours." He stated that a chamber of commerce or similar body, can do a great deal to bring about the advancement of a city.

"What we need is more collective, community thinking, and less individualistic thinking of the selfish type," he stated. "I wonder how many of you have sat down for 10 consecutive minutes and thought of what you can do for this town. A man gets out of his community only as much as he puts into it."

The speaker expressed the belief that organizations and institutions of various kinds, such as newspapers, churches, women's clubs, business clubs and service clubs, are of great assistance in developing a progressive community spirit.

LARGER USE OF POSTAL CARDS IS ANTICIPATED

Washington, March 11.—Anticipating much larger use of the one-cent postal card by business firms for advertising purposes, instead of private mailing cards, the postoffice department has given the public printer orders for millions of these cards.

The new postal law increases the rate on souvenir and all other private mailing cards from one to two cents, beginning April 15.

Information reaching postal officials is that many business firms who heretofore have made their own private mailing cards will buy one-cent postals, print their advertising thereon and thus escape the increased postal rate.

WARREN LEAVES FOR WASHINGTON

Detroit, Mich., March 11.—Charles Beecher Warren, whose nomination to be attorney general was turned down by the senate yesterday, left at noon today for Washington, where he will discuss with President Coolidge and senate republicans leaders what future course of action is to be taken.

Mr. Warren shortly before leaving for Washington said he did not have a sufficient knowledge of the situation in Washington to enable him to make any comment on the action of the senate yesterday.

He said that President Coolidge had telephoned him and asked him to go to Washington for a conference and that until after he had been in Washington he would have nothing to say because he did not understand the situation, as he had not been there for some time nor had anything to do with the details of the political fight in the senate.

PREPARATIONS FOR TOURNEY GO FORWARD TODAY

Extensive preparations are under way to prepare the Willamette gymnasium for use during the state tournament which will begin Thursday. The floor was surfaced today, the windows were screened and work began on the press box. Two telephones which were installed for O. A. C. and Oregon for the game last night, will be in use during the tournament, and any team wishing to do so may report the results of its game play by play as the tilt progresses. Passes will be issued to representatives of the press, and none else allowed in the gallery, where the press box is located.

A Western Union telegraph wire will be connected with the press box, according to Coach Rathbun, who has charge of the arrangements.

The Willamette Cubs will serve as usher and members of the city police force will be on hand inside and outside the building. Those holding student tickets will be admitted at the east entrance, all others coming in at the main entrance. The Willamette band will play during the tournament.

A number of high schools, including Medford, Franklin and Salem, have made requests to bring their bands to the meet free of charge but the requests have not been granted. Willamette authorities have stated that any high school may bring a band if it pays for the space it fills.

The reason given for screening the windows is that small boys have developed a habit of climbing up from the outside and witnesses the games free of charge. During the Oregon-O. A. C. game Monday night several youngsters broke through the windows not being looked, and clung to the screens inside the windows.

FOREST WEEK TO OPEN APRIL 27

April 27 to May 3 has been set aside as American forest week, therefore known as forest protection week, and this year the scope of the work will be broadened for consideration of the economic side of the forest and forest products. Prior to this fire prevention has been the central thought of the week.

Governor Pierce has appointed a special committee to give the week as much publicity as possible. The committee is composed of the following: State Forester F. A. Elliott, chairman; John D. Guthrie, United States forest service, secretary; Hal Huss, president of the State Editorial association; Irving E. Vining, president of the state chamber of commerce; A. Whittam, secretary of the Pacific Logging congress; C. C. Scott, secretary of the national association; R. H. Chapler, Western Forestry & Conservation association, and George W. Peavy, school of forestry of Oregon Agricultural college.

The fire loss in Oregon, outside of Portland, for February totaled \$39,250, according to the monthly report of Will Moore, state fire marshal. The most serious loss was at Elk City where a mercantile establishment and stock were destroyed.

Why hang on to a sniffly, stuffy Head Cold for a week when Dr. Platt's Rinex Prescription is guaranteed to stop it in 5 hours—or money back! Sold under this absolute guarantee by all good druggists.

Mr. Stokes met the house, said Mrs. Stokes in reply to a question as to who was responsible for the separation. "I did not know he was leaving. He said nothing about it."

Mrs. Stokes was asked to remove her hat and displayed a mane of unbobbed, Italian hair. She denied that she ever had it doctored or that it was of different color now from what it was as when she was married.

She spoke in a low voice with a glance occasionally at her gray haired husband.

She was dressed in a blue tailored, far trimmed suit, with a light little blue hat that came well down over her face.

Mrs. Stokes was followed on the witness stand by her mother, Mrs. Arthur Scott Miller of Denver.

Pitcher and catcher candidates of the University of Washington baseball team held their first spring workout in Seattle yesterday.
