"Children's Tree" Is Dedicated

"The Children's Tree" was formally and appropriately planted and dedicated in the court house grounds yesterday afternoon by the Children of the American Revolution under the direction of Cheneketa chapter, Daughters of the American Revolution. Opened with a salute to the flag and the singing of America the entire ceremony was fraught with patriotism.

The tree itself was grown by Mrs. Isaac Lee Patterson from a nut given her by O. M. Plummer of Portland and which came originally from Mt. Vernon and is said to have sprung from a tree planted by Washington himself. It was Mrs. Patterson's plan to give the tree to the children as their particular charge and it is her dream that the tree shall be known always as "the children's tree" and that some day benches may be built around it so that children of the future may play beneath its branches.

In the planting yesterday each of the children of the C. A. R. dropped a shovelful of dirt about the roots of the tiny tree. Mrs. Patterson, founder of the Children of the American Revolution in this state gave a brief summary of the growth of the organization and its purpose and ideals. She told the group that Miss Evelyn Sibley of Dallas was the first member in the state. Miss Sibley's certificate of membership is dated November 18, 1915, and her number is 12484. She is a direct descendant of Captain William Bronson. Mrs. Patterson organized the children in 1917 during the time that she was state regent of the daughters.

Following Mrs. Patterson's talk Mrs. Seymour Jones, state regent of the daughters, made a wish for the tree—that it should, like the children's organization grow strong and tall. Miss Edna Raymond read Joyce Kilmer's poem, "Trees," and the ceremonies closed with the singing of the Star Spangled Banner.

Large Red Pimples Itched and Burned Cuticura Healed

"I was bothered with large, red pimples on my face. They feasted and scaled over and itched and burned causing me to scratch and irritate them. The scratching caused eruptions and I could not shave myself on account of them. I lost many nights' sleep on account of the irritation. The trouble lasted about two and a half months. I tried different remedies but they did not do any good. A friend told me about Cuticura Soap and Ointment so I sent for a free sample. After using a few days I could see an improvement so purchased more and in two months I was healed." (Signed) George Pedregon, 331 D Ave. & 4th St., Douglas, Ariz., Oct. 29, 1924.

M·J·B Coffee

FIND THE MAN who is critical of his cup of coffee and you're apt to find a judge of good coffee. What's more, you're apt to find an ardent advocate of M·J·B. For M·J·B simply asks a man to like what he likes in coffee and then proceeds to give it to him.

And it isn't by luck or by magic. It's simply because we have learned how to put into M·J·B a full-fledged flavor that always shows up in the cup—whether you drink it strong, mild or half-way. That's why we say—

M·J·B meets every taste in coffee
