## BROOKS WOMEN LAY PLANS FOR CLEAN UP DAY

Brooks, Or., March 20.—The Brooks Community club met Wednesday afternoon at the home of Mrs. George Ramp. Miss Corinne Wheeler was joint hostess. Owing to the exceptionally fine weather most of the members were present and a very good meeting was enjoyed.

After the regular business was attended to, plans were formulated for a community clean-up day, the date to be set when the committee has interviewed the school teachers so that all may work together. It was suggested that a meal ticket to the winner would consist of a sack of second hand tin cans. Also that a prize would be given the child that brought the largest number of these cans.

It was also planned to give a prize to the child having the prettiest flower garden.

The fire for the winner would be made from the useless rubbish brought.

Employment was given those attending the club in the form of quilt piecing and embroidering.

Refreshments consisted of salad, cake and tea. Mrs. P. K. Moleau donated the table a fine heraldic rug she had made.

Mention was made again of plans to rid the community of the asphalt nuisances and manure but nothing definite was done.

The clean-up day is to take the place of the annual arbor day which this year fell upon a day that was too wet for such work.

A. E. Harris and family took a trip Wednesday to the Sandy for fresh smelt. They report that they are more than plentiful and brought enough proof home, not only for themselves but for a treat for their friends.

Brooks has been the distributing point the past week for five carloads of chemical fertilizer. No where does the value of this commodity return as quickly as with the intensive, or truck farmer, and some know this better than our neighbors who brought the knowledge from a harder school beyond the Pacific.

**Friend Saves Friend From Operation for Kidney Trouble**

Alvita Restores Health

Worried for three years by thoughts of an operation, R. G. Fraser, 324 So. Grand Ave., Pasadena, Calif., takes advice of a friend and regains his health by use of Alvita. Here is Mr. Fraser's own story:

"For the past three years I had serious thoughts of an operation, due to a serious case of kidney and prostatic trouble. In talking to a friend regarding this trouble he suggested I try Alvita, assuring me it did me no good it would surely do me no harm, as it was purely vegetable compound. I used to suffer great pain, getting up four or five times each night, and I want to tell you I am entirely relieved after taking one month's treatment of Alvita. Do you know it has even helped my appetite."

Alvita is prepared in highly concentrated tablet form from the deep rooted alfalfa plant, which by scientific analysis is rich in lime, iron and phosphates. Unlike drugs, Alvita is a vegetable remedy, which has proved especially beneficial in building up weakened, run down conditions, and in overcoming kidney, bladder and prostate trouble. No matter what you have tried, try this remedy of nature now. A dollar a box at any drug store. Perry's Drug store will supply you. Mail orders filled.—Adv.
