COAST WOOL INTERESTS FIGHT JOINT RATE EAST

DESTRUCTION OF COAST MARKETS SOUGHT, CLAIM

Portland, Mar. 24—Portland wool dealers, wool warehousemen and representatives of commercial organizations interested in the wool industry of Oregon had their inning today in the hearing today before J. F. Campbell, interstate commerce commissioner, on the application of the Boston wool trades association for joint thru rates from the west coast states on wool shipments.

Only one witness was examined yesterday, James A. Hooper, representing the National Wool Growers association and the Utah Wool Growers association. He opposed the Boston contention.

Portland's wool market would be menaced, he declared, if a preferential rate were given wool clips from the producing region moved eastward by rail, where as if water carriers issued negotiable joint bills of lading, as the railways alone do, the financing of clips moving from here to the Atlantic coast via the Panama canal would insure to flock masters more benefits than they now derive.

Fred Falconer, president of the Oregon Wool Growers association, first witness today, corroborated the testimony yesterday given by Hooper.

R. A. Ward, manager of the Pacific Co-operative Wool Growers association, which includes 27 members, with headquarters here, said that wool can be scoured here more cheaply and better than elsewhere because of the soft water and damp climate.

He said that coast mills often pay more for wool than eastern mills or other buyers.

London, he said, once had a monopoly on Australian wool but now handles only ten per cent of it.

The eastern mills, he asserted, are trying to kill off the co-operative associations for the purpose of depressing prices. He said that Boston buyers last fall started bids at 29 cents for Oregon wool but that when Philadelphia buyers entered the field they went to 44 cents.

OREGON THIRD LARGEST APPLE SHIPPING STATE

Oregon is the third largest shipper of apples to Metropolitan New York and these shipments are growing steadily in volume according to a study of the subject made by the Bank of America, that city:

The monograph, which has just been issued in pamphlet form, points out that in 1923 Oregon shipped 7 per cent of all apples received in New York city and a decided increase was recorded in the volume of shipments in the first six months of 1924 as compared with the corresponding period in 1923. In view of the distance from the New York market, Oregon's record is a striking commentary on the successful marketing efforts of the Northwest growers.

Application of scientific practice to the growing of apples has been carried to great lengths in the Pacific Northwest and on this subject the monograph says in part:

"In no instance has standardization been employed more effectively than with apples of the Northwest which come on the market perfectly packed and graded, so that, as far as is humanly possible, the element of chance for the consumer is completely removed. The example of the growers in the Northwest has had an important influence on producers in other sections of the country who, realizing the importance of correct grading, are in many cases grading their apples with the same care and precision as their western competitors."

It is revealed in this study that New York is the largest apple exporting port in the country, clearing over 70 per cent of all imports.

Salem Markets

Compiled from reports of Salem dealers for the guidance of Capital Journal readers (Revised daily.)

Grain: No. 1 white wheat $1.54; No. 1 red wheat $1.49 (sacked).

Wholesale Prices

Meats: Top hogs $12.50; sows 7@9c; dressed hogs 16½c; top steers 6@7c, cows $4.00@5.50; canner cows 1½ up; bulls 3½@5c; spring lambs up to 90 lbs., 14c; veal 9c; dressed veal 15c.

Poultry: Springers 16c; light hens 15@17c; heavy hens 20c; old roosters 8c; ducks 16@18c; turkeys 32c dressed, alive 23@25c; geese 18@20c dressed; live 12@14c white Pekin ducks, alive 16@18c; India Runner ducks alive 14@16c.

Butterfat 47c; creamery butter 49@50c; eggs 20c; standards 22c; selects 24c; milk $2.20 cwt.

Vegetables: Potatoes $1.75@2.25 cwt. head lettuce $4.75@5.25 crate California cabbage 3½@4c; celery hearts $1.75 dozen; crate, $6.00@8.50 cwt.; onions $3.00@4.00 No. 1; boilers $1.50 cwt.; sweet potatoes fancy 10c; spinach greens 9c pound; peppers 40c; rutabagas $2.75; parsnips 3½c; Roseburg broccoli $1.75@2.50; sacked carrots $2.50; local turnips 3½c; California bunch vegetables; carrots, beets and turnips 90c doz.; parsley 75c; radishes, green onions 60c; grape fruit $4.00@4.75 crate; rhubarb 15c; local rhubarb 7½c; tomatoes $5.00@6.00 lug; sacked beets 4c; cucumbers $1.90@3.25; asparagus 25c; new telephone peas 18c; new mustard greens 7½c; California strawberries 50c basket; artichokes $1 dozen.

Former Empress Better

Brussel, March 24.—Former Empress Charlotte, who is ill with influenza, passed a good night. Her cough has diminished.

Students Here Make Machine For Topping Onions For Growers

The construction of a large onion topping machine for use in the Lake Labish district, which is now being undertaken by the Smith-Hughes students at Salem high school, has attracted public attention to that department. The machine is the seventh of its kind that has been built at the high school during the last four years. It measures 20 feet in length. It will be sold to the farmers at a reasonable price, and the money turned over to the school fund. E. E. Bergman, who has charge of the department, estimates that during the seven years he has been an instructor at the local school, $4000 in cash has been turned over to school authorities as proceeds derived from the sale of products of his department.

The onion topping machine is made for the purpose of cutting the tops of onions, as would be implied from the name. Immense quantities of onions are grown in the Lake Labish district, and when harvested are taken with the whole tops left intact. Experiments have shown that the onions will keep in the best condition while the tops are not cut. The onions are stored in large warehouses until sold. At the time of sale the tops are cut. Often as much as an entire carload is disposed of at short notice, and machinery for doing the work rapidly is of prime necessity.

The Lake Labish farmers first began using machines manufactured in the east, but the eastern machines proved unsatisfactory. At the request of a number of farmers, and partly with the use of their ideas, the Smith-Hughes department of the local high school four years ago built an onion topping machine that proved to be far more satisfactory than the eastern manufactured machines. The machine built at that time is still in use, as are the other five that have been constructed since that time. Each one built has been a little more complete, and does a little better work, than the one before. The one now under construction, the seventh, will be the largest ever introduced in the Lake Labish district.

There are at present 23 boys enrolled in the Smith-Hughes course at the high school. Last semester there were 32, a number dropping out at mid year because of sufficient credits for graduation, and for other reasons. Under the Smith-Hughes arrangement the federal government pays half the salary of the instructor. Mr. Bergman is paid $1000 by the local school district and $1000 by the federal government.

Graduates in the course are entitled to enter any engineering college in the United States in full standing, or, with an added year of academic work they are qualified to enter any standard state university

SEASON'S FIRST HOME ASPARAGUS GOES ON MARKET

Portland, Mar. 24—The first home grown asparagus of the season has arrived in the local market. It sold at 25 cents a bunch.

There is a steady tone in the local egg market. Receipts continue liberal with demand good.

A half cent advance on standard cubes in the local butter market is the only change today. The market continues short in all grades with prices on a firm basis.

Commission houses are getting as high as 22 cents for light hens. Supplies are extremely scarce and buyers are willing to pay the high price. Heavy hens are up to 24 cents.

Country dressed meats hold at a firm level. Receipts were heavier today but higher prices at the yards helped to sustain country values.

Oregon apples are bringing good prices in the European markets now. Reports from sales made during the past 10 days at Liverpool and Glasgow, show that Hood River Newtowns brought as high as $4.23 per box for extra fancy. The highest prices were received on Winesaps, extra fancy stock having brought $4.51 at Liverpool.

The local onion market continues firm with buyers paying around $4.25 to $3.35 for fancy Sherwood stock at shipping point. Wholesale prices are up to $4 with a slightly off grade stock selling at $3.75.

The local potato market is quiet and inactive. Selling prices generally steady at $2 to $2.25 for U. S. No. 1 Oregon stock. Buying prices around $1.50 to $1.60 at country loading points.

PORTLAND LIVESTOCK

Portland, Mar. 24—Cattle steady receipts none: steers, good $8.25@9.00; medium $7.75@8.25; common $6.75@7.75. canner and cutter steers $5.50@6.75; heifers, good (850 lbs. up) $7.00@7.50; common and medium, all weights $5.00@7.00, cows, good $6.50@7.25; common and medium $5.00@6.50; canners and cutters $2.00@5.00; bulls, good (beef yearlings excluded) $4.75@5.50; common to medium (canners and bologna) $3.00@4.75; calves, medium to choice (150 lbs. down) $8.50@12.00, cull and common (190 lbs. down) $5.00@8.50, medium to choice (190 to 260 lbs.) $7.50@11.00; medium to choice (260 lbs. up) $6.00@7.50; cull and commons (190 lbs. up) $4.50@6.50.

Hogs steady: receipts none; Heavyweight (250 to 250 pounds) medium, good and choice $13.60@14.25; medium weight (200 to 300 pounds) medium, good and choice $13.50@14.50; lightweights (160 to 200 pounds) common, medium, good and choice $13.25@14.75; light lights (130 to 160 lbs.) common, medium, good and choice $13.00@14.25; packing hogs, smooth $12.50@13.00 rough $12.00@12.50; Slaughter pigs (130 lbs. down) medium, good and choice $12.50@13.25. feeder and stocker pigs (70 to 120 lbs.) common, medium, good and choice $10.00@11.50. (Soft or oily hogs and roasting pigs excluded in above quotation.)

Sheep steady: receipts none; lambs, light and handy weight, medium to prime $12.00@14.00; heavyweight (92 pounds up) medium to prime $10.00@13.00; all weights cull and common $11.00@14.00; yearling wethers, medium to prime $10.10@13.00; wethers (2 years old and over) medium to prime $9.60@11.00; ewes, common to choice $8.00@10.00; canner and cull $5.00@8.00.

EGGS AND BUTTER

Portland, Mar. 24—Eggs firm; current receipts 26½c; pullets 24½@25c; firsts 25½@26c; henneries 27½@28c delivered Portland.

Portland, Or., Mar. 24—Butter extra cubes, city 48c; standards 46c; prime firsts 44½c; firsts 44c; prints 48c; cartons 49c.

Butterfat firm; best churning cream 46@47c net shippers track in zone 1; 48c delivered Portland.

GRAIN MARKET

Portland, Mar. 24—Wheat bids: hard white, baart $1.67; hard winter $1.64; soft white $1.62; western white $1.64; northern spring $1.61; western red $1.61. Today's car receipts, wheat 2, flour 4, oats 2, hay 16.

TRADING SLOW IN DRIED FRUIT LINES, REPORT

Trading in all dried fruit lines, so far as primary handlers are concerned, is seasonably quiet. There is little actual business doing here this week, says the California Fruit News.

Some of our lines are nearly gone and such items as raisins and prunes, in which there are definite supplies to be moved, are not active at the moment. Some of the eastern markets, when there is business in prunes, are drawing upon supplies already available there rather than coming to the coast, because of the higher parity here. This condition is not expected to last sufficiently long, however, to be a material embarrassment.

The carton business in prunes is reported by the prune association to be developing in pleasing volume and a great deal of future is anticipated for this item. This is a situation which California Fruit News began predicting quite a few years ago, but it was looked upon as most impractical at the time. There isn't any question, we think, but that material proportions of our dried fruit business in a number of the items will eventually be done in carton form in varying sizes.

With the temporary lull in demand to the coast direct for prunes, this item is showing some cuts in price here and there. So far as the California line is concerned, this applies to 30-40s, which are shaded ½c this week. Other sizes are holding well, however, at previous quotations. Pacific Northwest Italians are easier as a result of subsidence of the demand recently, following the big purchases earlier in the season, and price concessions of about ½c are to be noted generally in quotations of Northwest Italians, from the advance in values recently attained, except in 50s and smaller prunes, which are so scarce as to not require any price concession. A careful check of remaining stocks of Italians on hand in the Pacific Northwest just the other day by substantial factors there seems to establish opinion that the prune holdings are down to 6,000,000 pounds in the Northwest. Weather conditions with them are favorable for the new crop.

SALE OF PRUNES DENIED BY JENKS

W. T. Jenks, for H. S. Gile & company, makes denial that sales were made H. S. Gile & company of certain quantities of 40-50 and 30-40 prunes as stated in the Journal recently.

The sales in question were reported to be made to Frank Kruger company of New York.

"We have not sold Kruger this season," he states. "We do find, however, that the Willamette Valley Prune association made a sale to them early in November last."

It has always been understood on the outside that all of the sales of the Willamette Valley Prune association have been made through H. S. Gile & company, and whenever the trade refers to sales made by the prune association it is the commonly accepted practice to refer to such sales as being made by Gile.

POULTRY

Portland, Or., Mar. 24—Poultry scarce, firm; heavy hens 24c; light 19@22c; springs nom.; old roosters 14c; ducks, white pekin 25c; live turkeys 23c; dressed turkeys 33@36c; geese 16c.

ONIONS AND POTATOES

Portland, Mar. 24—Onions firm $2.75@3.40 in country. Potatoes steady $1.50@1.60.

NUTS, HOPS AND CASCARA

Portland, Mar. 24—Nuts steady walnuts 28@32c; filberts nom.

Portland, Mar. 24—Hops steady new clusters 16@17c; fuggles 15@16c; old crop nominal.

Portland, Mar. 24—Cascara bark quiet; new peel 7@8c per lb.; Oregon grape root 4c.

LEAF BEETLE IS AGAIN SHOWING ON CHERRY TREES

The fruit-tree leaf-eating beetle which does considerable damage to the leaves and fruit of cherries and prunes promises to be an important pest this year, says Don C. Mote, entomologist for the experiment station. Serious injury was done to the cherries in the Salem section from 1911 to 1917. The insect was not noticeable for four or five years than and control measures were practically stopped by all growers. The past two years have seen a great increase in this pest and this year promises to be one of the most serious.

This insect is a small, elongate, active, creamy whitish beetle sometimes with a black stripe down the back. They are found feeding on the unfolded leaves of all varieties of our tree and bramble fruits. On cherries the beetles injure the stems and fruits. The cherries either drop to the ground or are scarred so bad that they are placed in second and third class fruit.

Arsenical sprays will control this pest but from indications based on the tests conducted last year the standard spray (2 pounds of lead arsenate to 100 gallons of water) is not strong enough to adequately handle the situation. In last year's test, 3 pounds of lead arsenate to 100 gallons of water were used. This strength apparently controlled the beetle.

Foliage burn is liable to result from the use of lead arsenate on all stone fruits. To counteract this 1 pound of hydrated lime is added to the spray solution for each pound of lead arsenate. This prevents any serious foliage burn.

The spraying begins as soon as the little beetles appear. This is usually just about blossoming time, and the spray is applied before the buds open. A second application is made about two weeks later between the time of full bloom and when the petals have dropped. Spraying usually starts in the latter part of March or the first part of April.

Syretta injury to cherries threatens to be larger this year than in the past. Under the direction of Don C. Mote, entomologist for the experiment station, several test sprays will be put on this season in the Salem district. The former recommendation of 2 pounds of lead arsenate to 100 gallons of water has proved inadequate to control the beetle.

Sprays to be tested this year are lead arsenate 4 pounds, hydrated lime 4 pounds and water 50 gallons; calcium arsenate 4 pounds and water 50 gallons. These sprays will be tested against each other for control of the beetle and checked against trees which are untreated for comparative percentages of injury.

Hydrated lime is added to the spray solutions because lead arsenate alone causes serious foliage injury to trees.

Chemawa News

Chemawa, Mar. 24—The annual senior department declamation contest was given in the school auditorium last night. The program was well received with all of the contestants showing exceptional ability in giving their pieces. Louis DuPuis of the senior class took first prize, delivering "The Call to Arms." Grace Johnson also of the graduating class took the second prize with "Joyce Kilmer." "Encouragement," by Marie Bauer of the ninth grade was third. "A Boy in a Dime Museum" by Merline Farlow of the seventh grade was exceptionally good.

"The Call to Arms" and "Encouragement" were the best received of the evening. Others given were, "The Saving of Nome," by George Flach of the ninth grade, "They Met In Death," by Lillian Hulst of the eighth grade, "Four Little Foxes" by Myron Anderson, of the seventh grade and "In February," by Geraldine Toulou of the seventh grade. Judges were Miss Rae Peterson, Miss F. Hrabetz and Miss Ada Ross.

A dinner will be given in the school domestic science department tonight in honor of Mr. Coon and Mr. Camp, who are visiting the school. The guests will include Mr. Coon, Mr. Camp, Mr. and Mrs. Harwood Hall, Mr. and Mrs. Mason, Miss Vesper and Mrs. L. F. Brickell.

Chemawa, Or., March 24.—Mr. Coon, supervisor for this district of Indian schools, is a Chamawa visito . Mr. Coon's territory covers most of the coast states with offices in California. He is intending to be at the Indian school for a few days before he leaves for his office in San Francisco. Mr. Camp, auditor for the government, is also at Chemawa for a few days while auditing the books of the school.

Thursday noon the eighth grade class of the Indian school will give a dinner in honor of Mr. Coon and Mr. Camp, who are spending a few days at the school on business and pleasure. The guests will be Mrs. Helen Jockardy, acting director for the anti-tuberculosis society of Oregon; Miss Earlaughter, Mr. Coon, Mr. Camp, Mr. and Mrs. Harwood Hall and Mrs. L. F. Brickell.

Thursday evening another demonstration dinner will be given in the school domestic science department. Each senior girl is required to give a dinner before graduation. The guests for this dinner will include Mr. and Mrs. Harwood Hall, Mr. Coon, John Dexter, Mr. Fisher, Miss Judd, Miss Eaton and Mrs. L. F. Brickell.

Munn to Meet Mondt.

Chicago, March 24.—Wayne Munn, world's heavyweight wrestling champion, and Joe "Toots" Mondt, Colorado cowboy, have been matched for the main bout of a wrestling show here March 31.

p LEGALS p

NOTICE TO WELL DRILLERS AND CONTRACTORS

Sealed proposals will be received at the office of the State Board of Control, Capitol building, Salem, Oregon, until 2 p. m., April 6, 1925, and not thereafter, for furnishing materials, labor and machinery, tools and equipment, using 45-pound, 12-inch casing for drilling and casing two wells at the Oregon State Hospital (main building and cottage farm,) in accordance with plans and specifications furnished by the Oregon State Board of Control upon application.

Each bid is to be presented under sealed cover, on the proposal sheet furnished by the board, accompanied by a certified check for $200.00 made payable to the Oregon State Board of Control, which check shall be forfeited to the state should the successful bidder fail to execute the contract within ten days (not including Sunday) from date of notification of award. The contractor to whom award is made will be required to furnish bond from a surety company authorized to do business in Oregon, in the amount of $2000.00

The Board reserves the right to reject any or all proposals or to accept the proposal deemed best for the state.

Dated this 17th day of March, 1925.

CARLE ABRAMS, Secretary, Oregon State Board of Control.

NEGRO DECORATED FOR BRAVERY UNDER FIRE

St. Louis, Mo., March 24.—A retired negro sergeant of the United States army, now a janitor at the St. Louis postoffice, was signally honored today when Major General George B. Duncan of Omaha Neb., commanding the Seventh corps area, in the presence of officers and men of the Sixth infantry at Jefferson barracks, near here, awarded him a distinguished service medal.

The aged negro, whose name was withheld, was decorated for heroism in action against Filipino insurrectos on December 7, 1899.

Solicitor Resigns.

Washington, March 24.—Nelson T. Hartson has resigned as solicitor for the bureau of internal revenue and shortly will retire from the government service. Mr. Hartson, who was appointed from Seattle, Wash., has agreed, however, to remain at the head of the bureau's legal department temporarily.
