

BEARCATS BUSY SHAPING TEAMS FOR SPRING PLAY

With the re-opening of school at the close of spring vacation, which came to an end Monday, active work on baseball, track and tennis begins at Willamette university. Some track and baseball aspirants have been going through light workouts during vacation week.

While the track situation is still largely an indefinite quantity, baseball prospects appear bright for the Bearcats, six letter men being on hand as well as some substantial additions among the newcomers. Linn, Ellis, Poling, Farnach, Robertson and Towner are all veterans of former Willamette baseball teams, and new material includes Zachary, Mast, Chapman and Callahan.

Farnach is said to be a good pitcher. Ellis and Poling also work-in at the pitcher's box occasionally, and Callahan, a freshman from Centralia, Wash., seems as a possible dark horse. It is rumored that Callahan made a considerable reputation as a pitcher in his own neck of the woods. As yet nobody has seen him do his stuff on a local field. Linn has pitched a little in his day, but will probably be used to hold the third, fourth and fifth places most of his time in college.

Towler has occupied the catcher's box for several seasons and will probably continue in the job this year, perhaps being relieved occasionally by Zachary.

Of last year's club DeSart, Moore and Gillet are among the missing. DeSart is in school, but present indications are that the faculty will not permit him to play because of his grades. Moore failed to return to school this year and Gillet was lost by graduation. The Bearcats will play Pacific, Whitman, College of Puget Sound, Oregon Agricultural college and University of Oregon in baseball. The exact dates of the games have not been arranged as yet. Pacific and Linfield will probably be met in dual track meets. A persistent rumor that track would not be held at Willamette this season could not be verified this morning. A Willamette team will be entered in a meet at Portland which is to be held by Reed college. It was stated by Coach Rathbun this morning. Teams from Whitman, Pacific, College of Puget Sound, Reed and Willamette will be entered in the meet.

Plans are underway for a full schedule in tennis. All three of last year's players—Emmel, Mickey and Walsh—are on hand again this year. Some agitation has been started to increase the team to four men, the reason being that one man is forced to play doubles in two matches of a tournament which, with his own singles match, makes three matches in a single day, which is considered too much for one player. With four men on the team, four singles and two doubles matches would be held in one tournament, each man playing twice.

No definite plans have been laid for women's tennis, although several promising woman players have appeared on the campus.

In men's tennis, Oregon, O. A. C. and probably Pacific and several other smaller schools will be met.

"The Doctor Said I Would Never Recover"

writes W. S. Carr of Carthage, Indiana. "I was incurable, but I got four tablets and now I am well. If any person disputes this, tell them to write me and I will give full details of my suffering."
And hundreds of other sufferers have found prompt and permanent relief from all sorts of stomach troubles with Baalman's Gas-Tablets.
This unusual remedy treats the stomach from an entirely different angle—through the nerves. They quiet the nervous, irritable, gas forming stomach, and put you on the road to lasting relief. So ordinary dyspepsia remedy will do. That heavy, lousy feeling after meals will leave you, and you can take up your work or pleasure with the utmost vim and freshness. You will add length to your years and vigor to your days.
Druggists everywhere sell Baalman's Gas-Tablets in the genuine yellow package. Price \$1. Your satisfaction guaranteed or your money refunded. J. Baalman, Chemist, San Francisco. For sale in Salem by Dan'l J. Fry, druggist.—Adv.

ETHERIDGE DEMURRER OVERRULED BY COURT

Portland, Or., March 31.—Federal Judge Wolverton has overruled the demurrer of John L. Etheridge to the indictment brought against him several months ago charging fraud in connection with the exploitation of certain Seattle improvement bonds. The trial is to begin April 6.

N. L. BUTLER DEAD LONG PROMINENT IN STATE AFFAIRS

Dallas, Or., March 31.—N. L. Butler, aged 83 years, a pioneer citizen and long an influential man in Polk county affairs, died at his home in Dallas, Sunday. Funeral services will be held Tuesday afternoon at 1:30 at the Chapman & Henkle funeral chapel in Dallas.

Mr. Butler was born in Pittsburgh, Illinois, August 25, 1842, in 1849 his parents, Mr. and Mrs. J. B. V. Butler, and three children left for Oregon by ox team. They were six months on the way and arrived at Oregon City in the late fall, spending their first winter in a log cabin with a dirt floor. The next year the family moved to Portland, where he grew to young manhood. With a boyhood friend, S. A. D. Butler, N. L. Butler enrolled in Willamette university. Among his classmates were Sam L. and Syl C. Simpson, H. H. Gilroy and others of note. He graduated and began the study of law and after admission to the bar, opened offices in Salem. He later moved to Dallas and has made his home in Polk county almost continuously since that time.

In September 17, 1871, he married Hester E. Ellis, who also came of pioneer people. Twelve children were born and nine of the number are still living.

During his lifetime Mr. Butler became one of the most active and influential men in the state of Oregon. He was largely responsible for the location of the normal school at Monmouth. He served two terms as state senator, three terms in the house, one term as county judge of Polk county, and at one time was nominated by the democratic party for United States senator.

Mr. Butler held the unique distinction of being the oldest living member of Jennings Lodge No. 9, A. R. & A. M., of Dallas. Failing health and memory caused Mr. Butler to retire from active life about 10 years ago. But his old friends throughout the city have been quick to recall the fine record that he had earned since the news of his death became known.

Mr. Butler is survived by the following children: Mrs. A. R. Martin of Los Angeles, Cal., Mrs. L. F. Conn of Lakeview, Mrs. H. E. Wagoner, Mrs. Carl Aelms, M. M. Butler, all of Portland, Mrs. H. J. Watte of Athena, L. D. Butler of Gary, Ind., and G. O. Butler of Dallas. Professor J. B. V. Butler of Monmouth is a brother.

CHICAGO MAN REPORTS SERIOUS ILLMENT VANISHES

Alvita Brings Immediate Relief
Mr. Wm. P. McCannell, 5343 Dorchester, ave., Chicago, who had undergone terrible suffering, reports success with Alvita Tablets. "I had taken almost everything for my prostate gland trouble and the pain was so great I could hardly stand it. My son-in-law in Pasadena sent me two boxes of your Alvita Tablets. From the first day's treatment I began feeling better. I had to get up from three to seven times a night. I had taken a box and half of the Alvita Tablets and now do not get up more than once a night and pain is all gone. I think it wonderful."
Alvita is the recent scientific discovery which brings lime, iron and phosphates to you in a vegetable form. It is prepared from the deep rooted alfalfa plant in highly concentrated tablet. Alvita has proved especially beneficial in building up weakened, run down conditions, and in overcoming kidney, bladder and prostate trouble. No matter what you have tried, try this remedy of Nature now. Perry Drug store will supply you. Mail orders filled.—Adv.

ALVITA

SALEM-DALLAS CLUBS TO HOLD JOINT MEETING

Dallas, Or., March 31.—The Dallas chamber of commerce will hold a joint meeting on April 27 with the Salem chamber of commerce in Salem and will furnish speakers and musical entertainment, according to decision reached at the Monday noon luncheon, following an acceptance of an invitation from Salem. Dr. L. A. Steeves, chairman of the program committee, announced that speakers for the Salem meeting would be Dr. A. B. Starbuck, Oscar Hayter and W. V. Fuller, while Mrs. Marie Ebbe will be secured to sing and an orchestra will be taken along.

President J. S. Landers of Monmouth normal school was the speaker of the day at the luncheon. At the close of his speech he expressed the hope that Dallas might see fit in the not distant future to place her grade schools under the normal teacher's training plan. In Independence, Monmouth and elsewhere, opposition that at first was noted has disappeared. Under the plan the local school board pays \$100 toward the salary of each critic-teacher and selects instructors from an approved list, while the state pays the remainder of the salary required.

Mr. Landers briefly mentioned the rapid growth of his school, which has more than doubled in size in three years. The enrollment of the term just closing was 773, an increase of 150 over the same period last year.

He touched on the question of the youth of today, declaring that he did not feel that young people were worse now than a generation or two before, but rather that people were prone to forget the delinquencies of their own day and magnify the present. The tendency toward over-playing crime news in the daily press is a bad influence on the young people, he said.

POISON LIQUOR HELD CAUSE OF GIRL'S DEATH

Los Angeles, Cal., March 31.—Two persons are under arrest in connection with the death early today of Mrs. Helen B. Osborne, 21, whom police believe to be the victim of poison liquor served at a party. Those under arrest are Clarence Osborne, husband of the dead woman, and Shirley Wing, in whose home the death occurred. Miss Hazel Barton, said to be Wing's housekeeper, also was held for questioning but later was released. Wing and Osborne were held pending the issuance of a complaint charging manslaughter.

HASKELL INDIANS ARE TO HAVE BIG STADIUM

Washington, March 31.—American Indians of all tribes already have contributed \$50,000 toward a \$125,000 fund for construction of an athletic stadium at Haskell Indian institute, Lawrence, Kan. Subscriptions are limited to Indians. The stadium will seat 20,000 and probably will be of an architecture illustrative of Indian art. It will contain a quarter mile track, baseball diamond and football field and a layout for field meets.

SHORT ILLNESS FATAL TO WOMAN

Silverton, Or., March 31.—Mrs. Clifford Rue died suddenly Monday forenoon from an unknown cause. Mrs. Rue was apparently all right Sunday evening until about 7 o'clock when she was taken ill, growing gradually worse. At 8 o'clock she was removed to the Silverton hospital. Death came shortly after.

Mrs. Rue was prominent socially at Silverton among the younger society matrons. Before her marriage she was for a time superintendent of the Silverton hospital, being a graduate nurse coming to Silverton from San Francisco. Mr. and Mrs. Rue were married a year ago last October. Before her marriage she was Miss Marion DeLaney. Mr. Rue is teller at the Coolidge & McClaine bank at Silverton and commander of Delbert Heeves Post No. 7, American Legion.

STAYTON-MEHAMA ROAD BADLY IN NEED OF WORK

Mill City, Or., March 31.—That portion of the Mill City-Salem highway extending between Mehama and the end of the pavement in Marion county, about 7 miles, still remains in a horrible condition and efforts are being made to have the county officials take immediate action in rectifying the condition. The new grade purchased by district 129 in Lane county extending from Lyons to Mill City as placed that portion of the road in first class shape.

Quick Safe Relief! CORNS

In one minute—just that quick—the pain ends. Nothing so safe, more thorough, so scientific and scientific in every way as—
Dr. Scholl's Zino-pads
"Put one on—the pain is gone"

SUSPENDED POSTAL CLERK REINSTATED

Washington, March 31.—Postmaster General New today directed the restoration to duty, with demotion of each of the six postal supervisory officials suspended January 2 for their connection with efforts to influence legislation at the time of consideration of the postal pay increase bill.

Ends ASTHMA

Thousands have found complete relief with physician's new internal prescription. Dr. Platt's Rinex Prescription goes direct to internal cause of Asthma. Wheezing, gasping and coughing vanish as if by magic. Blessed relief guaranteed in 24 hours or money back. No narcotics or harmful drugs. All druggists.

"—he was making a face like a horse chewing briars"

"What's the trouble, old fellow?"

Sanderson was making a face like a horse chewing briars. Something seemed to be wrong with his favorite cigar. It tasted terribly.
"What's the trouble," his friend asked.
"Trouble," he exploded. "This cigar tastes like a rubber boot. I don't know what's gone wrong with the brand."
"Maybe it's not the cigar, old fellow," the other man said. "Maybe it's you. By the way—have you ever tried eating a few Life Savers between smokes? It's wonderful how they freshen your mouth and take away that after taste."
It's a fact: Life Savers, those delicious little candy mints with the hole, easily double your smoke enjoyment. Their wonderful aromatic flavors freshen your mouth like a good drink of water when you're really thirsty.
Once you try them this way between smokes, you'll always have a package handy.
Six flavors are displayed at all good stores so you may help yourself: Pep-o-mint, Wint-o-green, Cinnamon, Lic-o-rite, Clo-ve and Vi-o-let.—Life Savers, Inc., Port Chester, N. Y.

Standard full size and weight packages—
Medium: 1 1/4 pounds;
Large: 3 pounds, 7 oz.

Your grocer now has two kinds of Quaker Oats—the kind you have always known and Quick Quaker.

GENERAL GASOLINE

The Essence of Power

WHETHER or not a motorist is interested in a description of how gasoline is made he is sure to be mightily interested in knowing that when he steps on the throttle his car will respond, quickly, smoothly, with a surge of power.

GENERAL Gasoline—planned for the purpose for which it is sold—is the very essence of automotive power. Why? Because it is made by definite specifications and balanced so as to contain just the right amount of very light fractions to give instant ignition, followed by gradually heavier percentages which give pick-up, smoothness, flexibility, tremendous power and full mileage.

GENERAL Gasoline is made for your use in motor cars on the Pacific Coast. Spring, Summer, Fall or Winter its fine performance is the same, for GENERAL'S quality never varies.
