

SUN'S LAST WISH, BRONZE CASKET, IS UNFULFILLED

Peking, April 3.—By Associated Press.—The last wish of the late Dr. Sun Yat-sen, first president of the Chinese republic, that he be buried in a bronze casket like "my friend Lu Hsiang-shan" went unfulfilled today. The bronze casket long awaited from Moscow arrived and proved to be a shoddy affair, unsuitable and was rejected.

Tonight Dr. Sun's body lies in the western hills of Peking, nine miles from the city, in a celestial Piyensu temple. It will be removed later to Nanking, the city in which Dr. Sun first ruled as president.

The funeral ceremony here was a throwback to Manchu manners and customs.

From Central park, where the body of the progressive Chinese leader has been laid out since his death, the services began. A touch of occidental ways was seen in the glass casket in which Dr. Sun was encased, while countless Chinese admirers gazed upon his face.

Thousands of scrolls extolling Dr. Sun's virtues were hung from the walls of the mortuary chamber and adjoining temporary structures which also housed hundreds of artificial wreaths and emblems. The funeral was attended by a huge crowd. The body was carried to the gates of Central park where the procession of mourners were carried by vehicles to the spot in the western hills where China's eccentric idealist was laid away.

ECZEMA

You will be compelled to admit that the results of S.S.S. are really amazing!

MANY people imagine that eczema or tetter needs only some external application on the skin in order to get relief. This is because the attention of the sufferer is so violently directed to the intense burning and itching which accompanies this disease. Try as they may—permanent relief will never be theirs until the disease laden blood is thoroughly cleansed.

We know there is one thing that stops eczema and that is more red-blood-cells! S.S.S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it. Skin eruptions, eczema, with all its fiery, skin digging torture, and its soul-tearing, unreachably itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting giants of Nature! S.S.S. builds them by the million! It has been doing it since 1825.

S.S.S. is one of the greatest blood-cell builders, blood-cleansers and body strengtheners known to us mortals! When you put these facts together,—then to continue to have eczema and skin eruptions looks more like a sin than a disease. S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it rids eczema, clears the skin, builds firm flesh, fills out hollow cheeks, and gives you that more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. The World's Best Blood Medicine
