AN OPERATION RECOMMENDED

Avoided by Taking Lydia E. Pinkham's Vegetable Compound

Los Angeles, Cal.—"I cannot give too much praise to Lydia E. Pinkham's Vegetable Compound for what it has done for me. My mother gave it to me when I was a girl 14 years old, and since then I have taken it when I feel run down or tired. I took it for three months before my two babies were born for I suffered with my back and had spells as if my heart was affected, and it helped me a lot. The doctors told me at one time that I would have to have an operation. I thought I would try 'Pinkham's,' as I call it, first. In two months I was all right and had no operation. I firmly believe 'Pinkham's' cured me. Every one who saw me after that remarked that I looked so well. I only have to take medicine occasionally, not but I always keep a couple of bottles by me. I recommend it to women who speak to me about their health. I have also used your Sanative Wash and like it very much."

—Mrs. E. GOTLD, 4000 East Side Boulevard, Los Angeles, Cal.

Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised.
