EGGS DROP UNDER 30 CENT FIGURE PORTLAND MART

Portland, April 7—For the first time in several weeks eggs have fallen below the 30 cent level in the local market. This is significant in the fact that although indications point to a big production prices have held fairly steady on account of high grain and feed costs.

Receipts have been liberal in this market during the last few days but supplies were apparently well absorbed.

On the exchange extras are a cent lower today at 29 cents. Firsts and current receipts are also a cent lower at 28 and 25 cents respectively. Pullets held steady at 27 cents.

It is expected that storage activities will increase at this level as the quality of eggs have improved during the past two weeks.

Undergrade cubes are fractionally lower in the local butter market. Prime firsts are off a half and firsts a point lower at 42 and 41½ cents respectively. Extras and standard cubes held steady. Butter production is increasing.

Country dressed veal arrivals were liberal along the street today and tops were barely steady at 16 cents. Choice light hogs are holding steady at 18 to 18½ cents.

Receipts of live poultry are better this week but supplies are moving out good and prices are holding steady.

PORTLAND LIVESTOCK

Portland, April 7—Cattle steady receipts none; steers good $9.00@$9.50; medium $8.25@9.00; common $7.25@8.25; canner and cutter steers $5.50@7.25; heifers, good (850 lbs. up) $7.50@8.00; common and medium, all weights, $5.50@7.50; cows, good $7.00@7.75; common and medium $5.50@7.00; canners and cutters $2.50@5.50; bulls, good (beef yearlings excluded) $4.75@5.50; common to medium (canners and bologna) $3.00@4.75; calves, medium to choice (190 lbs. down) $8.50@$12.00, cull and common (190 lbs. down) $5.00@8.50, medium to choice (190 to 260 lbs.) $7.50@11.00; medium to choice (260 lbs. up) $6.00@7.50; cull and commons (190 lbs up) $4.50@6.50.

DRIED FRUIT IN BETTER DEMAND

Dried fruit business is picking up a little. There is no question but what February and March were disappointing months in the dried fruit trade and extremely quiet, but many have viewed this as a necessary reaction from the heavy purchasing of the midwinter and through January, says the California Fruit News.

Indications from all quarters seem to point to an early revival of buying interest in dried fruits now as a result of the recent quiet. Prunes seem beginning to show more interest, and some improvement also in export business in that line and several other of our dried fruit items is learned of during the past week. Steamship rates from San Francisco are not to be increased from the present via direct water to Europe, as was thought to be in the wind.

The California Prune and Apricot Growers association has decided to continue actively its publicity and specialty work on "Sunsweet" carton prunes, which began in the middle of February and was to run through March and has now been extended to go through April and May. The success of the effort in attracting increased attention to carton prunes has dictated this prolonging of the work. It is thought not to be unlikely that more or less continuous publicity drives on the carton pack in prunes will be the association's policy for the future, along with its general box prune advertising (which is also going to be increased). The carton line has become established to stay and shows promising values for all concerned. There isn't any question of the theory in this. The adverse factors in practice have been and are being rapidly overcome.

AIRPLANE CARRIER LAUNCHED

(Continued from page one)

American navy started to gracefully slide into the Delaware river, Mrs. Curtis D. Wilburn, wife of the secretary of the navy, gave the great ship her name.

A sister ship, the U. S. S. Lexington, is to be launched this fall at Quincy, Mass.

Originally these two vessels were to have been battle cruisers but under the arms limitation treaty, they were converted into airplane carriers before their construction was far advanced.

When completed and commissioned late in 1926 the Saratoga will be the largest and fastest craft of its kind in the world. It will be the longest naval vessel of any design in the world.

The Saratoga is 874 feet long with a beam of 105 feet. Her electric power plant is design to develop 180,000 horsepower, greater than the combined rated output of six electric driven capital ships now in commission, the New Mexico, California, Tennessee, Maryland, Colorado and West Virginia. She will have a speed of 33 knots an hour and a flying deck reaching from stem to stern.

WHEAT AND CORN REGISTER GAINS IN DAY'S TRADING

Chicago, April 7—New advances in the value of wheat and corn went beyond ordinary limits again today. Wheat in some cases showed an upturn of 5½ cents a bushel as compared with yesterday's finish, May delivery reaching $1.51½. Corn scored an extreme upturn of 4¾ cents.

Chicago April 7—The wheat opening, which ranged from a half cent to 2¼ cents higher, May $1.47½ to $1.48⅝ and July $1.37 to $1.37½ was followed by a slight reaction and then by a new advance.

After opening at 1 to 2¼ cents higher, May $1.01⅛ to $1.02, the corn market eased back a little.

Oats started at ¼ to ⅜ up, May 40 to 40⅝ and later held within the initial range.

Provisions were weaker.

Closing prices on wheat were unsettled, 2 to 4⅞ net higher, May $1.50⅝ to $1.51 and July $1.39¾ to $1.39½.

The corn close was strong, 3⅞ to 4⅝ cents net higher, May $1.04⅛ to $1.04½.

WORKMEN BUSY ON NEW CANNERY

A crew of men is rapidly tearing out the driers in the Bruce Cunningham plant to be converted into a cannery by the new Pacific Fruit & Canning company.

A telegram received today by cannery officials from W. F. Drager, the company's president now in San Francisco, states that he has picked up considerable nice business for the cannery while there and that much interest is being shown in the new proposition by the trade.

QUASHA SHIPMENT ARRIVES

Two carloads or 60 tons of quasha root have just been received from South America by Clifford W. Brown, this being the customary annual shipment secured by that firm. The quasha is used in connection with hop spray and will sell at the customary market of 6 cents a pound, he states.

The first cherries of the 1925 season to be sent to the eastern markets have left California. A five-pound box was shipped from Vacaville by the Vacaville Fruit Growers association on March 27 and an eight-pound box was shipped from Newcastle by F. W. Bark haus & Sons on March 30, both boxes were consigned to Chicago, the one from Newcastle being forwarded by air mail. This is about a week earlier than the first cherry shipment last year.

MOHAIR PRICES DOWN TO 55 CENTS BROWN REPORTS

Mohair which has been selling freely at 55 for mature hair and 75 for kid's hair, has dropped to 55 and 75 cents because of dearth of orders, according to Clifford W. Brown, one of the heaviest of mohair buyers. He purchased about 200,000 pounds at the top prices mentioned. He recently bought the Eddyville pool of about 20,000 pounds at 55 and 75.

He also has purchased the clips of John Stump, Riddel & sons, U. S. Grant, Hogg & son and Zvasett. All of these clips are nationally known and nationally advertised, coming from registered stock and because of these features always sell at a small premium over the ordinary clips.

Brown reports that the wool market is now pretty well down and while he contracted in February for 750,000 pounds at 45 and 50 cents wool has dropped to 37 and 40 cents.

It is reported that T. B. Kay states that every time a wheel moves at his woolen mill now he is losing money and woolen mill men generally report the same condition.

To the Editor:—A report relative to athletics at Aumsville was published in The Journal a short time ago which was not only false in the main, but very misleading to the public.

Of course, some irresponsible person gave you this erroneous statement. The charges against the Aumsville high school were not sustained by the athletic board, as stated in your paper—except in one point—which no one questioned. Permit me to say that the Aumsville high school is in good standing in all departments of athletics.

The enrollment in our high school is double that of last year, or any former year.

Our two tennis courts are fully occupied at all sport periods. The two baseball teams are keeping the diamond clear of grass.

Our first team will cross bats with the first team of Independence this Friday afternoon.

J. C. RYAN,
Principal.
Aumsville, Or., April 3, 1925.

To the Editor:—This is a copy of a letter sent to the fish warden's office. If suitable, you may publish same or take this information for other purpose:

"State Fish Warden and Fish Commission, 1105 Gasco Bldg., Portland, Oregon.

"Gentlemen:—A rather peculiar state of affairs exists in this locality for which I am asking you the reason thereof, it being your duty to protect fish and see that the state law is enforced.

"Last season we constructed and maintained a fish ladder over our dam for the purpose of allowing salmon and other fish to reach the spawning ground above. Two other fish ways were built by other parties over their respective dams. A clear passage was given fish from the Willamette river to the state penitentiary and there it ended. We have now been approached by the district game warden to repair and maintain our respective fish ways for the avowed purpose of allowing the fish to reach the upper spawning ground. For low head dams the cost of a fish ladder is relatively small, but what I am trying to get at is the principle behind the manner in which you as a commission enforces the law, on certain individuals only. At this point I would like to ask several questions if you will be so kind to answer the same:

"First—Why has the state penitentiary been allowed to maintain a 12-inch penstock over which there has never been a fish ladder constructed?

"Second—Why can trustles fish out of season while private citizens are jailed or fined for the same offense?

"Third—When the district game warden approaches men fishing near the penitentiary tail race (same prove to be trusties dressed as any ordinary citizen) what authority has the guard on the wall to order game warden away so that men may continue fishing?

"Fourth—Why is the state of Oregon the first party to violate its statutes when one would expect the state fish commission would construct fish ways over its own properties before making demands of the citizenry?

"Fifth—Why is the private individual required to maintain a fish ladder on his property so that salmon and trout may reach the state penitentiary where they are caught without restraint while the individual is prohibited under heavy penalty from fishing on his own premises under any conditions? Salmon are caught in large numbers at the penitentiary so I am informed by eye witnesses who state nearly 70 were taken one day.

"If a fish ladder is constructed for the purpose of allowing fish to reach the spawning ground then let us have fish ladders over every way without any breaks in the chain but if they are constructed to show the legislature how efficient the fish commission is in making a few individuals put in fish ladders, then, let us continue to be partisan.

"Yours for fair play,
"FRANK N. WATERS."

NEW INCORPORATIONS

The following articles of incorporation weer filed yesterday with the state corporation department:

Coast Gravel & Construction company, Reedsport; Incorporators, Thomas A. Sweeney, Frank J. Kernan, Wallace G. Benson; capital, $5000.

Klamath Moulding company, Klamath Falls; incorporators, C. Caldwell, A. J. Lundell, Bert Schultz; capital, $75,000.

Investors' Savings & Loan association, Bend; incorporators, T. H. Foley, Robert W. Sawyer, H. A. Miller, H. E. Allen, J. H. Meister, R. S. Hamilton; capital, $50,000.

I. O. O. F. Cemtery association, Rainier; incorporators, Paul Poetsch and others.

Oregon City Woolen Mills, Portland; incorporators, Alfred P. Kelley, John W. Shuler, A. B. Winfree; capital, $1000.

Northwest Contracting company Baker; Incorporators, N. H. Terry, W. B. McCarthy, Charles Bodeau; capital, $5000.

Nordin Sales company, Portland incorporators, D. T. Nordin, Carl H. Haggland, Carol Haggland; capital, $2000.

Western Oregon Securities company, Eugene; incorporators, Leland Johnson, Winifred B. Johnson, Charles A. Hardy; capital, $25,000.

Notice of an increase in capital from $300,000 to $1,000,000 was filed by the Big Lakes Box company of Klamath Falls.

Notice of an increase in capital from $1350 to $255,000 was filed by the Benton Hotel corporation of Corvallis.

Bandon-by-the-Sea Auto Park Inc., Bandon; incorporators, Harry E. Hall, M. E. Hall, Keith A. Caldwell; capital, $10,000.

A permit to operate in Oregon was issued to the XL-O Laboratories, Inc., a Washington corporation with a capital of $53,900. L. E. Lundquist of Portland is attorney-in-fact for Oregon.

Hop Market Inactive

The hop market remains very inactive according to reports, the only recent sale being recorded as far as is known being a carload bought from C. E. Weston of Grants Pass by Clifford W. Brown The price was 13 cents.

Makes Autos Go 49 Miles on One Gallon of Gas

Sioux Falls, S. Dak.—James A. May, of 4635 E street, has perfected an amazing new device that cuts down gas consumption, removes all carbon, prevents spark plug trouble and overheating. Many cars have made over 49 miles on a gallon. Any one can install it in five minutes. Mr. May wants agents, and is offering to send one free to one auto owner in each locality. Write him today.—Adv.

Here's A Real Prescription for the Torturing Pains of Neuritis

When you've tried everything you can think of and nothing seems to even relieve those piercing, agonizing pains, just go to J. C. Perry's Drug store, he will supply you, (mail orders accepted) or some other good druggist and get a bottle of Allenrhu Special Formula No. 2. Be sure you get No. 2 which comes in capsule form, for the liquid form is a special preparation for Rheumatism only.

Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced, if not entirely banished, those persistent, nerve racking pains that have caused you many sleepless nights. A few more doses and the pains have left you forever.

While this particular formula was compounded for the purpose of conquering painful, Gouty conditions and what is known as Rheumathoid Arthritis—a knotty, painful swelling of the joints—it has proven wonderfully successful in all forms of Neuritis and Sciatic Nerve Pains.

You needn't be afraid of its containing dope of any kind—it doesn't. Such things are only makeshifts and can only at the best give temporary relief.

Be sure you've got Neuritis and then get Allenrhu Special Formula No. 2. Your pains will be gone before you know it.—Adv.

Inhale the Vapors

For Catarrh and Colds

To relieve catarrh or check a head cold, melt a little Vicks in a spoon and inhale the vapors of Camphor, Menthol, Eucalyptus, Thyme and Turpentine. Also put a little in each nostril and snuff well back up the head.

Another way is to heat a tin cup, put in a teaspoonful of Vicks and inhale the vapors that way. As fast as the vapors lose their strength, throw out the melted vicks and add fresh.

Millions of mothers find Vicks the ideal remedy for croup and children's colds because it not only brings quick relief but avoids dosing delicate little stomachs with so much medicine.

VICKS VAPORUB

Over 17 Million Jars Used Yearly

Three Generations Find Beecham's Pills the Only Remedy

"I have a very weak stomach, and Beecham's Pills are about the only laxative I can take that does not nauseate me.

"I have also found them beneficial to my children. One especially, who inherited her mother's weak stomach. There is no remedy I value as much as Beecham's Pills. I have tried others without success."

Mrs. A. Humphries, Methuen, Mass.

DIFFERENT EYEGLASSES FOR DIFFERENT FACES

Whether you "look well in eyeglasses" or not depends greatly upon the shape of the lens.

Your face isn't the shape or size of Cousin John's or Aunt Sue's. Then, why should all of you expect to wear the same shape and size lens and still have your glasses look well?

Our first consideration is of course accuracy and comfort. But we do not forget appearance. We have in our prescription shop mechanics with which we shape from the rough blank, a lens that is best suited in shape and size to your features.

That's just a part of our SERVICE.

J. H. WILLETT
Capital Drug Store

By J. H. WILLETT

Being some reasons why I solicit and merit your drug and drug sundries patronage

With "The call of the wild" comes to most people a desire to perpetuate the pleasant little scenes or nooks which delight at almost every turn in nature's great outdoors.

Then, too, there are the little pranks and poses of children which when referred to in later years bring back pleasant memories in the minds of parents and friends.

Another pleasant thought is, in later years, it is possible to pictorially see the various stages of growth to manhood of the son or daughter who has now taken his or her place as a soldier in life's ranks.

Buy a camera and become an enthusiastic "picture shooter." We feature a large and varied line—some prices as low as $1 and as high as $170.

If you have a camera we would like to do your developing. Our experts do careful work and our prices are right.

And while you are in the store let us talk to you about having some enlargements made of some of your particularly interesting subjects.
