

BEARCATS OPEN SEASON AGAINST PACIFIC TUESDAY

The Willamette university intercollegiate baseball season will open Tuesday with a game against Pacific college. The game will be played at Newberg.

Present indications are that the Bearcat lineup will include Herman at first base, Polling at second, Fasnacht at shortstop and Lehman at third. Robertson, Johnson and Nakana will probably comprise the outfield. Fasnacht will be comparatively new at his berth, having in former seasons held down the first and third sacks.

As pitchers Kalaahan and Ellis are said to be the locals' best bet. The former, a freshman from Centralia, Wash., has been the subject of considerable speculation for several weeks, rumor having it that he is a twirler of the first water. Those who have watched him in action during what little practice has been done so far this season declare that he has the stuff. Ellis' reputation as a pitcher is already established. Tower, catcher of several years' standing on the Willamette nine, is expected to do most of the receiving this season, although Zachary, a newcomer, is showing up well.

McCallister, Thomas, Walsh, Roundtree and Hanson will all be given a chance to show their stuff in the infield, by present indications, some of them possibly making a permanent berth, although most of them will have to wait another year. Chapman and Feltie are making strong bids for outfield positions.

A practice game has been arranged with the state penitentiary team for Saturday of this week. Negotiations are also under way to meet Oregon and O. A. C. Further college games have been definitely announced as follows:

Linfield, April 15, at Salem; Linfield, May 2, at McMinnville; Pacific university, May 8, at Salem; Pacific university, May 15, at Forest Grove.

DEVERS SAYS OREGON TO GET NEW RAILROAD

Portland, Or., April 10.—Confidence was expressed here by J. M. Devers, assistant attorney general for Oregon, that the interstate commerce commission within the next 60 days will issue an order requiring the railways now touching the outer limits of interior Oregon to build an east to west line from Burns to Bend, from Bend to a connection with the Southern Pacific's Eugene-Klamath Falls cutoff and from Klamath Falls to Lakeview.

Devers had just returned from Washington, where he argued the issues raised by the Oregon public service commission to compel the railway construction desired by communities and interests throughout the state.
