

WHEAT DROPS 8 CENTS ON MAY DELIVERY

HEAVY SELLING FORCES PRICES TO LOWER LEVEL

Chicago, April 16—Wheat to be delivered on May contracts today tumbled down to \$1.44 a bushel—8 cents under yesterday's final figures. Much of the selling was by distressed owners anxious to stop losses.

CONFESSED MURDERESS BREAKS DOWN

The confession of the woman, who had remained unshaken under the questioning in Chicago of Prosecutors Robert E. Crowe and John Starbuck, who had secured admissions of guilt from Nathan Leopold, Jr., and Richard Loeb, was obtained by Sheriff Benjamin H. Strong and Miss Maureen McKernan, Chicago newspaper reporter.

During yesterday after she had recovered from a state of coma into which she had lapsed early Tuesday, Mrs. Cunningham admitted to Miss McKernan and talked that she might have placed some arsenic in the food of David by mistake, but was stout in denial that she had poisoned any members of her family.

She permitted the reporter to apply cold compresses to her head and loosen her clothing, appearing more interested in changing her best black silk dress for apron than in her subsequent cold blooded recital of the deaths.

Tells Whole Story Subsequently she asked her daughter Mae be sent for and she removed from her cell because of the presence of several women prisoners. Disregarding the girl's frantic screams to remain silent she detailed her story first to Sheriff Strong and later to an official court reporter.

The girl refused to remain and listen to the account of the deaths of her brothers and was taken away. She also declined an offer to remain in the jail near her mother during the night and went to a hotel.

Only when she was asked to sign the transcribed confession at 2:40 p. m., today did Mrs. Cunningham betray any emotion. She broke down and sobbed.

OREGON SPUDS PUT UNDER BAN

Olympic, Wash., April 16—To prevent the spread of the Colorado potato beetle pest in shipments of potatoes from Washington, Oregon and Idaho, the state of California has put into effect a virtual quarantine.

Charles L. Robinson, state supervisor of horticulture has been advised.

During the active period of the pest from April to September 28, all potatoes from the Pacific northwest states must bear certificate of inspection by the state department of agriculture in order to be shipped into California.

The Colorado potato beetle is not found in districts of this state, where potatoes are grown in commercial quantities, Mr. Robinson said.

"The threatened quarantine has all the earmarks of an embargo for commercial reasons," Mr. Robinson declared.

Klan at Bend Fizzles Out; Officers Quit; Gifford Gets Blame

(Bend Bulletin.) Undermining influences felt for some time within the organization have finally resulted in the withdrawal of the Ku Klux Klan in Bend, the most significant aspect of which is the withdrawal of officers unanimously elected a year ago, and with them at least half a hundred other members.

The charter of Bend Klan No. 39, Knights of the Ku Klux Klan, has been revoked for just cause, a new charter has been opened for propagation, and new officers have been appointed by the state organization, was the statement today of Kiegle H. W. Giddings.

What the cause of the revoking of the old charter was, Giddings would not state, but he declared that the political organization within the Klan in Deschutes county has now been broken up. The Klan, locally and nationally, he said, is entirely out of politics and exists solely upon a basis of Americanism as laid down in the Klan doctrine.

In regard to the seizing of robes, which he said belonged to members who were suspended, Giddings stated that a clansman's obligation includes an agreement to surrender his paraphernalia when for any cause he leaves the organization. The robes are always the property of the organization, he declared.

These are the highlights of information secured from officers of the order. From the same source it is strongly intimated that the disturbing influence which resulted in the local upheaval emanated from the office of Fred Gifford, grand dragon, and that the lapsing of some 300 local memberships in the past year has been a manifestation of general displeasure at this form of interference in local Klan affairs.

Faction Developments. Numbered among the withdrawal officers are G. H. Baker, who recently succeeded E. D. Gilson as cyclops, heading the local order; Curtis Beasley, klodkar or vice-president; Floyd Turner, klidger or secretary; and Dr. P. C. Bloom, klamb or treasurer.

An attempt by a faction of the Klan headed by I. G. Shaw, until recently pastor of the Christian church here, to unseat the men then in office, had been set for the night of Friday, March 13. It was staged. Actual accomplishment of this, however, was frustrated by the fact that the meeting called in the Labor temple was an open session, announced primarily for organization of the women. Lunches had been brought and a social evening prepared for.

Lockers Looted Baker was in the chair when W. H. Giddings, formerly of Portland, who has been placed in charge of Klan affairs in Crook and Deschutes counties, and Tom Akers, editor of the new Defiant Western American, entered, robed but unmasked. As they started to identify themselves as klansmen according to the ritual, they were halted by Baker who informed them that the meeting was not in secret session. They then demanded that the meeting be called to order, and Baker refused to comply. After final adjournment, when the officers and their adherents had gone home, records were ransacked and lockers containing members' robes were broken into and their contents taken. It was the last meeting of the Klan at which Baker, Beasley, Turner and Bloom have presided as officers for members at Bend.

No material change is shown in country dressed meats and live poultry. Today's arrivals were fair with demand good for poultry and live a veal. County hogs holding steady.

WOULD DIVORCE HAIR TONIC KING

Des Moines, Iowa, April 16.—Recalling the days when she sold hair tonic from house to house to aid her husband in building up a business that since has made him a millionaire, Mrs. Little Fitch, wife of F. W. Fitch, filed suit for divorce Wednesday and obtained a court order attaching stock in the Fitch Manufacturing company to guarantee \$20,000 temporary alimony. She seeks a total alimony of \$175,000.

Mrs. Fitch declared it was she who conceived the idea of manufacturing barber supplies. She alleges that Mr. Fitch established residence in Reno early this year with a view to divorcing her under the Nevada laws. Mr. Fitch is charged with cruelty. They were married in 1892.

NEW INCORPORATIONS The following articles of incorporation were filed yesterday with the state corporation department: Yolo Furnace Sheet Metal Works Manufacturing company to guarantee \$20,000 temporary alimony. She seeks a total alimony of \$175,000.

WOOL SEASON ON IN FULL BLAST; SOME CLIPS SOLD

Portland, April 16—The wool season has opened up in the Pacific northwest. Shearing is in full swing in eastern Oregon and Idaho with several carloads of the Idaho clips already reported sold.

Eastern buyers have invaded the Caldwell section and are reported to be taking on supplies of Idaho wool clips already reported sold.

The first big sealed bid sale is scheduled at Mountain Home next Wednesday, April 22. It will be followed by two more sales in the same section, one on April 29 and one May 6.

Little buying has been done in eastern Oregon and local dealers do not look for much activity in this state before another two weeks buying is also quiet in Washington after the recent flurry around Yakima and Connell.

A considerable quantity of Washington and Idaho wool is expected to come to Portland this season both for sale and for storage and shipment.

The potato market is firmer with few offerings at country points. Wednesday, April 22. It will be followed by two more sales in the same section, one on April 29 and one May 6.

In the Midst of Plenty Thousands of Children are Starving

Not starving for food—mind you—far of that they get plenty—but simply starving for the want of vitamins that their entire being is eagerly craving for.

Let us all be thankful that these vitamins can now be supplied and that right now this vast army of weak, thin, undernourished and underweight boys and girls can with the balmy sunshine days of spring and summer grow strong, robust and happy.

Nature's greatest health builder and strength giver is Cod Liver Oil—it's full of vitamins of the first class—everyone knows that.

This Pretty Girl Defies Age By Using Ordinary Buttermilk To Beautify Her Complexion

This Pretty Girl Defies Age By Using Ordinary Buttermilk To Beautify Her Complexion

Buttermilk Cream creates beauty almost like magic. The most wonderful thing about it is the fact that whilst it turns the dull, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with poor complexion, wrinkles, puffiness around the eyes, freckles, crow's feet or lines round the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream.

To prove this to your complete satisfaction, get a small quantity today at your favorite toilet goods counter with the understanding that they will freely return the purchase money should you be dissatisfied.

Beautiful actresses say, "A short massage with Howard's Buttermilk Cream at night before retiring is all that is necessary."—Adv.
