## UGLOW ESTATE VALUED AT OVER \$50,000, REPORT

Dallas, Or., April 17.—The will of Abel Uglow, who died in this city April 6, has been filed by J. E. Sibley, attorney for the estate. It leaves an estate valued at in excess of \$50,000, the exact amount as yet unknown.

Under the will the estate is held intact, with the exception of the home place of 15 acres, willed to the widow, Margaret Uglow, for her life, and which then reverts back to the estate. The entire estate is held intact under the provisions of the will with the son, John C. Uglow, appointed as trustee and executor.

Under the original will, executed in 1917, the net income of the estate was to be divided one-sixth to each of four children, an adopt-

son and a granddaughter, upon reaching specified ages. A second codicil, executed March 25, 1925, abrogates this provision in regard to two children, Alice Wismer, and Pearl Johnson Turner, and allows them \$10 a month for life, and also in regard to the adopted son, Wendal A. Sanders, who is awarded the sum of \$5 and a granddaughter, Charlotte Vaughn, who is awarded \$5.

John C. Uglow and Mary Cressney, son and daughter, are to receive one-sixth of the net income of the estate on reaching the age of 50, and \$25 a month until that time. John is now 50 and Mrs. Cressney, 49, according to the papers filed. Their share in the estate is to be perpetuated through their children after their death, and in case they leave no direct heirs it reverts to the estate.

Mrs. Uglow, the widow, receives \$50 a month during her life-time and a brother, William Uglow, is willed \$25 a month for life. He is about 80 years of age and his whereabouts unknown. Under the annuity provision Wendal Sanders is to receive \$25 monthly and Charlotte Vaughn, a granddaughter, \$25 monthly. This is to be paid them direct after reaching the age of 21 years.
