

FLEET CLEARS FOR ACTION ON NEARING ISLES

San Francisco, April 20.—(By Associated Press)—Six days out-bound on its mission of recapturing the island of Oahu, from the "black" or "enemy" force which holds Hawaii, the United States fleet, in its epochal concentration, is utilizing almost every moment of its time before contact is established with the enemy in preventing and pluming itself for action.

Scarcely a moment passes in the 24 hours that does not find some department of offense or defense in the armada of 127 ships cavorting through some maneuver of navigation action or utilization of the paraphernalia of fighting apparatus aboard.

Communications, first essential to full tactical control of all units which is necessary to insure proper play and coordination of efforts to utilize the striking power to the utmost, is one of the prime elements of activity aboard. Radio silence, enforced to keep from the enemy the knowledge of the concentrations position, speed and course, and "darken ship," which forbids the use of searchlight or blinker at night prevent the testing of communication facilities except during the daylight hours.

The heart of the day signaling in the U. S. S. California, flagship of Admiral S. S. Robinson, commander in chief of the battle fleet whose task is to capture Oahu.

Mr. Cooper has been assistant general manager for five years. He entered the service of the Associated Press 15 years ago in a subordinate position.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the most reliable for colic, act gently on the bowels and positively do the work. People afflicted with bad breath get quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping catarrhs are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

LISBON REVOLT IS SHORT LIVED

London, April 20.—(By Associated Press)—Latest advices received in official quarters from Lisbon today indicated that all is quiet in the Portuguese capital and that order has been restored after Saturday's short lived revolt.

The attempted coup was started Saturday and there was violent fighting throughout the night, the movement only being quelled yesterday when the rebellious troops gave up their arms and were confined in barracks.

The revolt was led by Major Filomeno Camara, who had under him several hundred men, cavalry, artillery and infantry.

Many of the revolutionists were killed or wounded when regular troops drew a cordon about their headquarters and showered them with shrapnel. Lisbon dispatches have given no estimate of the number of casualties, but they are said to have been comparatively high for such a brief period of activity.
