That the fame of Salem stores travels a long way is shown by the receipt of an order from Elizabethville, Belgian Congo, Africa, by the J. C. Penny Co., enclosing a money order sent by Mrs. B. E. Schaffner for certain goods. She explains that prices are so high and goods so scarce in the Belgian Congo that she figures she is saving money by buying at Salem prices and shipping parcel post. This is the furthest away Manager Jarman has ever sent an order.

## BISHOP SUMNER WINNER IN SUIT

Medford, Or., April 21.—A decree in favor of the Right Rev. William T. Sumner, bishop of the Episcopal diocese of Oregon, has been returned in the circuit court in a suit filed against J. A. Newell, orchard owner of Jackson county, and the Oregon Growers corporation for the foreclosure of a mortgage for \$2500, and clearing of the title to the land. The foreclosure proceedings were directed against Newell and the clearance actions against Jackson county and the Oregon Growers corporation.

The decree and findings handed down by Circuit Judge C. M. Thomas held that a judgment lien of the Oregon Growers is subordinate to the rights of the plaintiff "but that Jackson county holds no claim on the property." The lien was \$249 for fruit brokerage. The claim of Jackson county was a horticultural lien, for money expended in blight control.

**SOUTH AFRICAN REVOLT SERIOUS**

Johannesburg, South Africa, Apr. 21.—Special dispatches from Capetown, report the outbreak at Bloemfontein where four natives were killed and a number injured yesterday by police during a riot, as indicating "an alarming and increasing restlessness among the South African natives" inflamed by Kaffir agitators and by Bolshevik and communist influences.

One feature of the present unrest is said to be a movement to boycott the Prince of Wales when he arrives. The Capetown correspondent of the Daily Express, says thousands of handbills have been distributed among the natives of Johannesburg urging them to boycott the prince as "the natives of India did," and adding:

"British imperialism, whose representative is about to visit South Africa, is largely responsible for your exploitation." (Bloemfontein dispatches last night said the trouble originated in attempt by police to seize a quantity of Kaffir beer.)

## SALT LAKE FIREMEN QUIT POSTS TONIGHT

Salt Lake City, Utah, April 21.—Ninety-one firemen whose resignations have been accepted by the city commission will quit at 6 o'clock tonight if mediation fails. The situation, which will leave the department manned by 36 recruit firemen tonight, was brought about by differences between the firemen and their chief and has resulted in the chief's resignation. The resignations of the firemen came last Thursday after the city commission failed to render a prompt decision after hearing a petition of the fire fighters asking the removal of Fire Chief W. H. Bywater, whom they charged with arbitrary conduct.

After a hasty meeting at which the firemen's resignations were accepted and the chief sustained, Chief Bywater voluntarily resigned and the commission offered to renege the men individually.

## COURT DENIES ARCHITECT FEE

Joseph Jacobberger, Portland architect, fails to recover a judgment of \$2382 from the Portland school board by an opinion of the supreme court today in the case of Jacobberger against the school district, appellant. The opinion was written by Chief Justice McBride. It reverses Justice George Rossmann of the lower court for Multnomah county and remands the case with instructions to instruct the jury.

Jacobberger was employed as architect for the Rose City park school and claimed a fee covering the north wing of the building. Other opinions by the court today were:

In the matter of the estate of Edward W. Dixon, deceased, Walter Hime, appellant, vs Frank J. Streibig, administrator of the estate, et al; appeal from Multnomah county; appeal from court order setting aside sale of property. Opinion by Justice Burnett. Judge George Taxwell affirmed.

Elizabeth I. Spencer, appellant, vs City of Portland; appeal from Multnomah county; suit to enjoin city from appropriating lands for the purpose of widening East Broadway and East Larrabee streets as approaches to the Broadway bridge. Opinion by Justice Brown. Judge Rossmann affirmed.

## MAY DEDUCT GASOLINE TAX FROM INCOME TAX

Washington, Apr. 21.—Users of motor vehicle fuel upon which state taxes are levied may deduct those taxes in their federal income tax returns provided the vehicle is employed for business purposes.

Solicitor Grege of the Internal revenue bureau made the ruling today in an interpretation of the gasoline tax laws of Maryland, Virginia and the District of Columbia.

The ruling applies to all states having such levies.

The opinion also held that gasoline dealers may deduct from their returns all of the amounts received from consumers as state taxes.

## MARION COURT FOR FREE FERRY

The Marion county court is favorable to maintaining a free ferry at Wheatland, it became known today, and whether such ferry service is established now rests with the Yamhill county court. Petitions are in circulation in each county urging such service.

Commissioners here say the service is not expensive and is one the public is entitled to. This county helps maintain free ferry service at Independence and at Buena Vista. At Buena Vista, where the ferry operates by power of the stream the cost is about \$55 a month, and at Independence where there is an electric ferry, about \$150 a month. It is understood the court here would not be averse to an electric ferry at Wheatland if consent of the Yamhill court is obtained.

## FRANK JUE Tenor

Mr. Jue will appear as soloist in the University of Oregon combined Glee Clubs and orchestra concert Thursday, April 23 at the Grand theatre. This is his second appearance here this year. The previous one was before the Evans Men's Bible Class.

The concert will be novel in the extent that this is the first season that the three clubs have had an ensemble and educter. The result gained by combining the seventy-eight musicians is surprising. Seats will be on sale at the Grand theatre Wednesday and Thursday. —Paid Adv.

## Going to Extremes To Insure Prescription Excellence

Drug quality is important. But no less essential is absolute cleanliness of package. Remember, clean milk in a dirty bottle makes a bottle full of unclean milk. We sterilize bottles. They're clean! We seal liquid prescriptions so they stay uncontaminated. We afford protection in every way.

**Note the Package of your next prescription—**

If the bottles are easily corked and corks can be withdrawn with no danger of breaking off—if the bottle is perfectly clear and well shaped—if the pill and capsule boxes have hinged lids—if the ointment boxes have easily removable lids, and if all kinds of packages have easily read typewritten labels, then it's a certainty and druggist who paid attention to such little things can be trusted for the best in the medicines themselves.
