

# MAY DELIVERY WHEAT SCORES 7 CENT ADVANCE

## SHORTAGE TALK CAUSES FLURRY AND TURN UPWARD

Chicago, April 22—May delivery of wheat scored an advance of 7 cents a bushel today and closed at \$1.55 1/2 to \$1.55 3/4. Talk was current that no large quantity of wheat would come here from the north or elsewhere for delivery on Chicago May contracts.

New figures at hand for exports of wheat and flour were also taken as indicating that the carry over of wheat in this country July 1, the end of the crop year, would be small. Reports of excessively hot, dry weather threatening the new winter wheat crop southwestward also to hold values. Trading, however, was of much less volume than has recently been the case and was much more active in July and September deliveries than for May.

The market as a whole closed nervous at 2 1/2 to 5 net gain with May \$1.55 1/2 to \$1.55 3/4 and July at \$1.42 1/2 to \$1.43 1/4.

## HENNERY EGGS IN DEMAND AND PRICES HIGHER

Portland, April 22—Fresh white henner eggs are firm and higher in the local market with bids on the exchange up a point to the 31 cent level. Demand for extras is brisk and daily arrivals are well absorbed. Other grades are not so much in demand and prices remain steady and unchanged.

No big upward trend in egg values here is anticipated by the local trade as the season of heavy production is at hand and heavy offerings cannot be absorbed for long. Storage activities have already been liberal with most of the operators filled up on their cooler requirements.

Country dressed meats are weak and lower. Fifteen cents is the extreme top end and with choice light stuff generally offered at 12 to 14 cents; receipts heavy and demand easy. Hogs are down to 17 and 17 1/2 cents for best blockers.

Poultry receipts are light and demand is moderate, with prices unchanged.

## KING KEEPS IN TOUCH WITH AFFAIRS AT HOME

London, April 22—King George has had a letter from Premier Baldwin every day since he has been away on his health cruiser in the Mediterranean. It has been the custom of the house of commons leader for generations to write to the king every day, especially when the house was sitting and for many years he was supposed to do so in his own hand.

Gladstone used to sit on the treasury bench with pen and paper and pour out reams of information to Queen Victoria. Disraeli touched only the "high spots." Bonar Law got into the habit of leaving the task to his secretary who wrote the notes on a typewriter.

Mr. Chamberlain revived the old habit of a minister writing in his own hand and would daily dispatch humorous holographs over which the king would smile while at his coffee the next morning.

## PRUNE GROWERS NEAR PENDELTON MAY DRY

Penleton, April 22—The salvation of the prune-growing industry in east end of Umatilla county rests in the establishing of a method either to dry or can the fruit instead of putting it all on market in a fresh state, according to the opinion expressed here by R. E. Gleason, manager of a growers' marketing organization. The speech by Mr. Gleason was delivered at the monthly membership meeting of the Penleton Commercial association, to which representatives from Lilton and Free-water were especially invited guests.

A market exists for between 700 and 800 carloads of fresh prunes at a reasonable price, Mr. Gleason said, but during 1925 it is expected that production will be between 1500 and 2000 carloads.

## SPORTSMEN SAY PIERCE RECALL READY TO SHOOT

Klamath Falls, Or., April 22—Unless Governor Pierce reinstates Ben Dorris of Eugene to the state fish commission a recall movement will be initiated and prosecuted to completion by the sportsmen of Oregon.

This was the announcement made public here by R. J. Kirkwood of Portland, secretary of the State Sportsmen's association. Mr. Kirkwood is in Klamath county to interest sportsmen of this section in the Pierce recall fight.

"If the governor's plan of utilizing the game commission as an agency to promote his candidacy for either re-election as governor or United States senator is successful, it will set back the state game and fish program for ten years," said Mr. Kirkwood.

Other organizations allied with the State Sportsmen's association stand ready to sponsor the recall movement and sufficient funds are ready to bring the case before the voters at a recall election, said Mr. Kirkwood.

## Plans Declared Political

The governor's plan with regard to the game commission, as explained by Mr. Kirkwood, is as follows:

1. Dismissal of Ben Dorris of Eugene from the commission and appointment of a man whose primary interest was to be the governor's candidacy for whatever political post he might desire.
2. Dismissal of Captain A. E. Burghuff, state game warden; M. L. Ryckman, state superintendent of fish hatcheries; Otto L. Jones, state game publicity director, and others, in order to clear the deck for the appointment of political supporters.
3. Building up a political machine by appointing hatchery superintendents and district game wardens who would promote the interests of Pierce's candidacy. This would be accomplished by a wholesale dismissal of all game wardens and hatchery superintendents who would not pledge themselves to work for Pierce's election.
4. Appointment of political hangers-on to replace Burghuff, Ryckman and Jones, whose first interest would be to support Pierce rather than devote their time to fish and game matters.
5. The use of the state game commission and the power exercised by appointment to help the personal political aspirations of Governor Pierce rather than to promote the state game program in the state.

"I know whereof I speak," Mr. Kirkwood said. "At the last session of the legislature one of Pierce's warmest supporters came to me and told of the governor's plans. At that time it was understood he would not reappoint J. N. Fleishner on the commission when his term expired. We held the whip hand over him and he signed a written agreement not to reappoint Fleishner."

"What did he do but turn right around and reappoint Ben Dorris from the commission, a man whose devotion to the interests of game and game fish is known over the state. In his place he appointed a man who, I have understood never was interested in game or game protection."

## INGROWN NAIL Turns Right Out Itself

A few drops of "Outgro" in the crevice of the ingrown nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.

## CHINESE TENOR WILL SING WITH U OF O GLEE CLUB

Frank Jue, Chinese tenor, will be one of the soloists in the University of Oregon combined club and orchestra concert which will be given at the Grand

Frank Jue theater tomorrow evening. He will sing "Awake, Awake, Beloved," which is a part of Coleridge-Taylor's "Hiawatha's Wedding Feast," one of the feature numbers of the program.

Among the many singers trained in the university school of music, probably none has been more popular on the campus than Frank Jue. Although he was graduated from the university several years ago he has continued his studies in the music school. His name on the program is always a drawing card in Eugene.

## SPOKANE FRUIT BUYERS HERE TO FIND LOCATION

L. W. Wells and John Young, constituting the firm of Young & Wells, fruit buyers of Spokane, were both here today getting ready for their invasion of the black cherry field this summer. Their delay in arriving to make arrangements for the season has been due to the serious illness of Mr. Wells' wife and his two young children. Mrs. Wells is still ill.

"We are coming into the field. They tell us the other fellows have all the cherries, but we are willing to take a chance on getting our share and will pay the best prices to get it," was the declaration of Mr. Wells today.

"We have made definite arrangements to handle cherries at Lewiston and Moscow, Idaho, and Yakima, Washington. At Lewiston there will be a big crop. They expect to handle 150 cars and reports are very favorable to a heavy crop at Yakima."

"We are here to secure a location for the season."

They contemplate leaving for

Mr. Jue will appear as soloist in the University of Oregon combined Glee Clubs and orchestra concert, Thursday, April 23 at the Grand theatre. This is his second appearance here this year. The previous one was before the Evans Men's Bible Class.

The concert will be novel in the extent that this is the first season that the three clubs have had an ensemble and concert. The result gained by combining the seventy-eight musicians is surprising. Seats will be on sale at the Grand theatre Wednesday and Thursday. —Paid Adv.
