

GIRL WANTED IN VICE RING CASES IS APPREHENDED

Another sequel is being written to the wild escapades of a number of Salem men arrested for alleged contributing to the delinquency of a minor with their cases now pending, when County Juvenile Officer Mrs. Nona White left last night for Kelso, Wash., to bring back another girl said to have been implicated in the parties around which the charges against the men revolve.

The girl Mrs. White has gone after is one of four. One other is at the Deschutes hospital now, another is on parole and the fourth is still at large. The girl held at Kelso, and the one at large disappeared as soon as word of the alleged parties became known.

The girl at Kelso lives in Salem, is 16 years of age and is held by police authorities there. It has not been learned just how local officers got wind of the fact that she was at Kelso, but it is understood Kelso authorities made the arrest on advice from here. The girl will be brought back to be dealt with by the juvenile court.
