

SENATORS PLAY VANCOUVER NINE HERE TOMORROW

Tomorrow afternoon the Salem Senators will clash with the fast Vancouver nine on the Oxford park grounds in the second game of the inter-state league.

The Senators were originally scheduled to meet the Vancouver club on the local diamond last Sunday but was postponed on account of the heavy rains which made the field a sea of mud. At a meeting of the officials at Portland this week it was decided to set the season back a week and allow all postponed games to be played this Sunday.

The entire Senator lineup will be cut in uniform and the Senators will work hard to take a win, as it will put them right in the running for the inter-state league championship. Blanchard, who was sick for the first game, will be here and Eklens will be shifted to the outfield.

It is not known who will start on the mound for the Senators, but it will more than likely be Barham as he pitched a fine game here at the opening game here two weeks ago. Ashby is in fine fettle, however, and he might get the chance.

A win over the Vancouver club would give the Senators a good chance, as the Camas club and the Vancouver team are two of the strongest teams in the league. The Senators won over the Camas nine here by a score of 4 to 2. Several of the Senators' new players showed up to good advantage both in the field and with the stick. Tomorrow's game will start at 2:00.

LOGGERS RESTRAINED FROM PICKETING CAMP

Wenatchee, Wash., April 25.—A restraining order issued by Judge W. O. Parr of Superior court here, was in force today whereby the men who recently quit work on the Great Northern lumber company's log drive will be prohibited from picketing on or near the premises of the company or in any way interfering with men now employed on the log drive.

Action was taken after a suit against the 37 strikers, alleged members of the Industrial Workers of the World, was filed by the lumber company asking \$5000 damages from each of the industrial strikers. A hearing will be held May 6. The order prohibits strikers from congregating on the premises of the lumber company or interfering with any of the employees by hissing, hooting, jeering or yelling "scab."

GREEKS AGAIN SEEK JUGO-SLAV ALLIANCE

Berlin, April 25.—A dispatch from Athens reports that M. Taklamanos, an agent of the Greek government, is enroute to Belgrade to resume negotiations for an alliance between Greece and Jugoslavia.

The Greek premier, M. Michalakopoulos is quoted as saying that the Athens government has no intention of intervening in the Bulgarian situation unless the Greek frontiers are threatened. The premier, nevertheless, believes, it is added, that an enlarged Bulgarian army is likely to cause unrest in the minds of the Greek people who will view it as a menace of the status quo in the Balkans.

Gish Suit Ends; Duell Held

LILLIAN GISH & CHARLES DUELL
Charles H. Duell, Jr.'s suit for a permanent injunction to restrain Lillian Gish, film star, from breaking her seven-year contract with him came to an unexpected end in New York Federal Court when Judge Mack held the film producer in \$10,000 bail for alleged perjury and directed the District Attorney to begin procedure to bring about an indictment. The court held that Miss Gish's contract had been substantially breached by Duell and said that the actress's confidence had been overreached and taken advantage of by the plaintiff. Judge Mack called Duell's affidavits "downright perjury."

You Can Depend Upon GENERAL!

TEST records show that as between the quality of the first shipment of GENERAL Gasoline for motor car use, which arrived here more than a year ago, and the shipment which is being distributed by our independent Dealers today, there is no difference!

In other words, GENERAL remains unchanged. It is the same peppy, clean-burning, power-giving, old-fashioned gas that first sold itself, on its merits alone, to thousands of motorists in this territory.

Most drivers appreciate this great dependability of GENERAL. They like to know that the GENERAL that goes into their tanks today will be the same superior fuel they got six months ago. Spring, Summer—any season—you can depend upon GENERAL. It is planned for the purpose for which it is sold.
