

LIST OF PRIZES ANNOUNCED FOR BICYCLE EVENT

Youthful bicycle riders of the city will be given a chance to show their prowess on the old "bikes" at Waverly street Saturday afternoon. The school board, police department, Boy Scouts executives and local bicycle dealers are all working to make this event a huge success as the prime object is to induce the youth of today on the proper manner to ride safely on the streets and what a bicycle means to any boy's or girl's bodily health.

W. A. Marshall, head of the state industrial accident commission, will deliver a talk on prevention of accidents.

After Mr. Marshall's talk, John Koida will show the right and wrong way to ride a bicycle and deliver a valuable lesson on road riding. A hearty invitation is extended to the group, as they will be shown that bicycle riding is not a thing of the past. In fact, there are three million bicycles being ridden in the United States today.

The feature event will be riding a plank 1/2-inch high and 5 inches wide and 150 feet long, which is laid down on the ground. The boy or girl that rides the greatest number of feet is awarded a gold watch.

Boy Scouts receive gold, silver and bronze medals for nearest appearance.

A gold watch will be awarded the best decorated bicycle.

A bronze medal to the winner of the scooter race for kids under 10 years.

Be sure to be at Waverly street between Court and State before 10 o'clock when the parade starts.

Prizes for decorated bicycles—

First prize, gold watch, donated by New Departure Brake company; second prize, one single tube Pennsylvanian bicycle tire by Harry W. Scott, 147 South Commercial street; third prize, one double duty Yale flashlight by Lloyd E. Ramsden, 387 Court street; fourth prize, one single clutch Continental bicycle casing by A. H. Moore, 235 North High street; fifth prize, one baseball bat by Lloyd E. Ramsden.

The next 12 decorated bicycles will receive beautiful bells by New Departure Coast Brake company. End the following 12 will receive 12 useful pencils donated by the Morrow Coast Brake company for honorable mention.

The Cycle Trades of America trophy cup will be awarded to the school having the greatest number of riders in line.

SHERIFF GOES AFTER BAD CHECK OPERATOR

Dallas, April 30.—Sheriff T. H. Hooke left for Eugene about noon Wednesday to bring back Earl Cullen, under arrest in that city on a Polk county charge of forging checks. He is alleged to have signed the name of George Hoy, owner of a \$44 check which he passed at Kreamer's store in Independence recently.

The charge against Cullen was filed by L. C. Smith of the United States National Bank of Salem, the institution on which the check was drawn.

WILL OPEN NEW STORE FRIDAY

Announcement was made today that a new army goods store will be opened in Salem, J. Weinstein, formerly of Portland, and for the past 19 years connected with the merchandise business, has established himself at 279 North Commercial street, opposite Dan Fry's drug store. A grand opening will be held Friday, although some business has already been done this week.

"I have always had a personal liking for Salem," said Mr. Weinstein this morning. "I have been looking for an opening here for some time. I have confidence in the growth of this city; I think it has a real future." He intends to make his permanent home here, he says.

Mr. Weinstein has dealt in army goods for the past 5 years, being manager and buyer for the Headquarters Army Goods stores, which have a chain of 14 establishments in the northwest. His store in Salem will be an independent proposition, but he will buy his goods in co-operation with the company with which he was formerly connected. "Buying in wholesale lots with them enables me to secure lower prices than would be the case if I were to buy merely on my own account," said Mr. Weinstein.

The store will carry a complete line of army supplies, camping, loggers' and working men's supplies.

BOYS LEAGUE FORMED HERE

The monkey league is formed and ready for a series of playground ball. This league is formed of boys between the ages of 12 and 14 years of age and will give boys a chance to get into the game.

Organization has been started but the arrangement of the schedule has been delayed until the next meeting. It is expected, Dan McCarthy is heading the Sluggers, J. Javille the Jason Lee Pioneers, C. Lovell the Scout players, John Bone the Central Congregational Pioneers and A. Byrd the Presbyterian players.

SALEM HIGH AND NEWBERG NINES TO PLAY FRIDAY

Tomorrow afternoon the Salem high school baseball nine will journey to Newberg where they will cross bats with the Newberg high school nine. This will be the fourth game of the season for the locals. The red and black nine have won all their games so far this season having defeated the Silverton, Albany and Chemawa teams. On Saturday the locals will meet the Indians in a return game on the Oxford grounds. This promises to be one of the best games of the year as the Indians will be working hard to get revenge. The Indians have one of the best teams the locals will meet this year as the redefining have nearly a veteran lineup.

It is not known who will start on the mound in the Friday game although it is expected that Fabry will start. Huntington may save him for the Chemawa game as this will be the harder than the Newberg clash although it is not known how strong a lineup the Newberg team will present. The game with Chemawa may see Ellis or Taylor on the mound as it will not count against them if they lose.

Salem has one of the toughest schedules in years and with only one mainstay in the hurlers department they may find it tough going. Ellis has a good ball if he can get a little better control. He and Taylor will more than likely pitch most of the less important games and save Fabry for the rivals of the locals. Saturday's game on the Oxford diamond will probably start at 2:30.

NEW INCORPORATIONS

Under the blue sky act the following permits were granted: Mountain States Power company, Albany, to operate as brokers; Astoria Trust & Savings bank, Astoria, to sell bonds in the sum of \$50,000.

A permit to operate in Oregon was issued to Warren Webster & company, a New Jersey concern with a capital of \$600,000. Guy L. Banta of Portland is attorney-in-fact for Oregon.

A permit to operate in Oregon was issued to the Northern Clay company, a Washington concern with a capital of \$100,000. R. W. Wilbur of Portland is attorney-in-fact for Oregon.

Pioneer Investment company, Springfield; incorporators, E. F. McBee, L. K. Page, Paul Hadley, S. M. McPherson, William G. Hughes; capital \$20,000.

Supplementary articles were filed by the Coos & Curry Airplane company of Marshfield, changing the name to the Pacific Airways company.

OUTSIDE JUDGE WILL HEAR BAUNACK CASE

Dallas, April 30.—The case of the state of Oregon vs. August Baunack on a charge of statutory rape is scheduled to begin Monday, May 4, at which time the jury has been called to report. The case will be tried before an outside circuit judge, due to an affidavit of prejudice filed by Baunack against Judge Ramsey, but this judge has not yet been designated by the supreme court.

HOOT GIBSON AT BLIGH THEATER

Hoot Gibson, star of "Broadway or Bust," Universal-Gibson production to be screened at the Bligh theater today, to give a somewhat different type of play for his next appearance before the camera.

Universal has purchased for Hoot "The Ridin' Kid from Powder River," a wildly read novel by Henry Herbert Knobbs, famous as a writer of western fiction. The screen story will be a straight drama and the adaptation is made by Edward Sedgwick and Raymond Schrock, the former director of Hoot in the sixteen pictures he has made for Universal, and the latter a member of Universal's scenario staff. They have written a number of the stories in which Gibson has been starred, and nearly all of them have carried a big comedy element, including "Broadway or Bust."

"Broadway or Bust" pictures the story of two cowboys, one of who becomes possessed of a fortune and the other a sweetheart has thrown him over because she has become rich. The cowboys go to New York to show folks how to spend money, and they take their horses with them, up Broadway and into the most exclusive hotel in the city. From then on events come in rapid succession, drawing rooms and yachts becoming the stamping ground of the westerners. There is a meeting with the girl and a rescue of her from the society villain.

CONTRACT IS LET FOR DANCE HALL JUST OVER RIVER

Actual construction on what is claimed will be the finest dance pavilion in or near Salem was started yesterday with the signing of the contract with Sharp brothers, contractors. The hall will be built at the west end of the Polk-Marion county bridge, just on the outside of both Salem and West Salem in Polk county.

Lewis Albright and Fred Mills are building the hall. The contract calls for the opening of the hall on decoration day, May 30.

The building will be 60 by 90 feet and will have one of the best floors that can be obtained. There will be a big double door entrance with a checking room on the right of the entrance. On the west end will be a ladies' rest room and a men's smoking room.

The orchestra will be in the east end with a shell which will cover the music to all corners of the hall. The Orlole seven piece orchestra will supply the music. In the center will be a fountain with running water with ferns around it illuminated by colored lights. Flood lights will also be a feature of the dance palace. No name for the hall has been selected as yet.

A long lease has been secured on the site. Plenty of parking space will be supplied, with a man to take care of the cars at all times during the dance. The owners contemplate running two dances a week with special dances on holidays. A big opening dance is expected on May 30, Decoration day.

Special arrangements are to be made in case of high water and it is expected that the dances will be run the year around. A walk will be built from the highway to the pavilion.

Mayonnaise—so easy to make that a man can do it!

Few things are easier to make than good mayonnaise.

Wesson Oil and a fresh egg—beaten together and seasoned to taste—and you have a mayonnaise you'll be proud of!

Quickest results are obtained if the oil and egg are not too cold. The ordinary temperature of your kitchen is just right.

Break an egg in a bowl—Add about a tablespoonful of Wesson Oil.

Beat vigorously with an egg beater or a fork—until the oil and egg are thoroughly mixed. How long will that take? Perhaps while you count fifty—not as fast as you can count but as fast as you can beat.

Add another tablespoonful of oil and beat again—vigorously. Two tablespoonfuls and beat again. Two or three more and beat again.

Your mayonnaise will begin to thicken a little.

Then add Wesson Oil four or five tablespoonfuls at a time, beating well after each addition—until your mayonnaise is as thick and stiff as you want it. The more oil you beat into it the thicker your mayonnaise will be—about two cupfuls is the usual amount. [Never add more than a quarter cupful of oil at any one time.]

After your mayonnaise is made, add seasoning. Mix a half teaspoonful of salt, a teaspoonful each of sugar and mustard, a generous pinch each of paprika and red pepper—add a tablespoonful of lemon juice or vinegar and stir until the salt and sugar are dissolved—then pour into the mayonnaise and beat well.

With Wesson Oil Mayonnaise as a base you can make many delicious fancy salad dressings in a very few minutes—for instance—

INDIA RELISH MAYONNAISE

To one cupful of Wesson Oil Mayonnaise add one or two tablespoonfuls of India Relish and mix.

Besides being a dressing for vegetable, egg, cold meat or fish salads, India Relish Mayonnaise makes a delicious sandwich filling if you drain the vinegar off the India Relish and use three or four tablespoonfuls of relish to one cupful of Wesson Oil Mayonnaise.

MILL CITY HAS TOUCH OF SUMMER WEATHER

Mill City, Or., April 30.—A touch of real summer weather is being experienced here now, the thermometer registering 84 in the shade Tuesday afternoon, with a light east wind drying everything out very rapidly. While the days are hot several heavy frosts have occurred and most of the early potatoes have been badly bitten, which will retard their maturity considerably.
